MILLS COLLEGE

PRACTICE TEACHING AGREEMENT

AGREEMENT

THIS AGREEMENT entered in this 5th day of August 2014 by and between
Mills College, hereinafter called the College, and the Alameda Unified School District,
hereinafter called the District:

WITNESSETH

WHEREAS the County Superintendent of Schools is authorized to enter into
agreements with a state college, the University of California, or any other university or college
accredited by the State Board of Education as a teacher education institution, to provide teaching
experience through practice teaching to students enrolled in teacher training curricula of such
institutions; and

WHEREAS, any such agreement may provide for the payment in money, services
or other valuable consideration for the services rendered by the District of an amount not to
exceed the actual cost to the school district of the services rendered; and

WHEREAS, it has been determined between the parties hereto that payment to be
made to the District under this agreement do not exceed the actual cost to the District for the
services that are rendered;

NOW, THEREFORE, it is mutually agreed between the parties hereto as follows:

I.

The District shall provide teaching experience through practice teaching in schools and
classes of the District not to exceed 16 semester units per student of practice teaching. Such
practice teaching shall be provided in such schools or classes of the District, and under the direct
supervision and instruction of such employees of the District, as the District and the College,
through their duly authorized representatives may agree upon. Student teachers are not
employees of the District. Student teachers will be required to complete a background check, such
as fingerprint before beginning their student teaching assignment.

The District may, upon reasonable notice, refuse to accept for practice teaching any student of the College assigned to practice teaching in the District, and upon request of the District, the College shall terminate the assignment of any student of the College to practice teaching at the District.

"Practice teaching" as used herein and elsewhere in this agreement means active participation in the duties and functions of classroom teaching under the direct supervision and instruction of teachers of the District holding valid life diplomas or credentials issued by the State Board of Education, other than emergency or provisional credentials, authorizing them to serve as classroom teachers in the schools or classes in which the practice teaching is provided.

II.

The College will pay the District for the performance by the District of all services required to be performed by them under this agreement by issuing continuing education credit hours to the District teachers who supervise the practice teaching at the rate of one Mills College continuing education unit for each semester unit of practice teaching provided by the District pursuant to this agreement. The College will provide workers' compensation coverage for any student covered by this agreement.

The number of semester units of practice teaching to be provided for each student of the College assigned to practice teaching under this agreement shall be determined by the College.

III.

An assignment of a student of the College to practice teaching in schools or classes of the District shall be at the discretion of the College, either for approximately nine (9) weeks or for approximately eighteen (18) weeks, but a student may be given more than one assignment by the College for practice teaching in such schools or classes.

The assignment of a student of the College for practice teaching in the District shall be deemed to be effective for the purposes of this agreement as of the date the student presents to the proper authorities of the District the assignment card or other document given her/him by the College effecting such assignment, but not earlier than the date of such assignment as shown on such card or other document.

In the event the assignment of a student of the College to practice teaching is terminated by the College for any reason, the District shall receive payment on behalf of District employees providing supervisory services in an amount of continuing education credit hours representing time actually devoted to individual instruction of the student practice teacher, except that if such assignment is terminated within one week of the last week of the term of the assignment, the District shall receive payment for an assignment for nine (9) weeks or eighteen (18) weeks, whichever is appropriate.

Absences of a student from assigned practice teaching shall not be counted as absences in computing the semester units of practice teaching provided the student by the District in order to avoid adjusting payment for the District should absences occur. Payment to the District is to be based on semester units and not on actual hours of attendance. Actual attendance for credit as semester units by student teachers is the obligation of the College.

IV.

At the end of each Mills semester, the College will issue certificates of continuing education credit to each Alameda Unified School District teacher who has supervised a Mills student in the classroom for the purpose of providing practice teaching experience. The credits will be issued as follows:

- One professional development unit (4 semester hours) per semester for a course entitled "Inquiry into the Profession of Teaching."

Mills will provide copies of these certificates to the District as evidence of payment for services rendered by Alameda District of Education teachers.

V.

The term of this agreement shall commence on the 15th day of August 2014, and terminate on the 18th day of June 2018.

VI.

Notwithstanding anything herein contained to the contrary, this agreement may be terminated and the provisions of this agreement may be altered, changed, or amended, by mutual consent of the parties hereto.
