

Paden Elementary

Using Lifeskills to Create a Community of
Active Learners

Theory of Action

If teachers continue to...

- ▶ provide differentiated instruction during and after school,
- ▶ use additional assessments to determine student needs and monitor progress,
- ▶ and support students' social/emotional growth,

then we...

will see significant growth in ELA and math, especially for our students who are African American, Hispanic, Socio-economically Disadvantaged, and/or English Learners and close the achievement gap.

10 Steps to Success: Performance Targets

Goal 1: Proficiency

Step 1: K-1st Grade Reading Ready Proficiency

- ▶ District Target 94%
- ▶ Paden K-79%
