

# **AUSD Safe Schools**

**March 10, 2015**

# Partnership with Alameda Police Department

---

- Alameda Police Department has funded and provided two School Resource Officers (SRO) for 23 years.
- SRO Officers are located at each traditional high school and serve all of the schools in the attendance area.
- Their role is to build relationships with students, staff, and the community to help ensure safety.
- SRO Gandara is assigned to Alameda High School.
- SRO Miele is assigned to Encinal High School.

Officer Gandara

Officer Miele

# **Safe Schools Committee**

- The Safe School quarterly meetings are scheduled to review best practices and progress towards enhancing school safety.
- The Committee's focus is on any and all imminent threats to AUSD students, staff and schools.
- Committee members include:
  - Director/Student Services Lara
  - Director/MOF Lyng
  - LMS Principal Hans
  - EHS Principal Zazo
  - APD Lieutenant Ottaviano
  - APD Officer Morten
  - APD SRO Gandara
  - Maintenance Lead Thomas
  - APD SRO Miele
  - AFD Captain Sharon Oliver
  - Former AUSD School Board Member Sherratt
  - CERT Liaison Pat Preminger

# Safe Schools – History of Work

---

- School site inspections are conducted by APD and AUSD Maintenance and Facilities Department to evaluate classrooms and buildings for safety.
- Clear policy and recommendations are given to classroom teachers on how to increase safety of their students and themselves in a critical incident.
- Practice drills have been conducted involving APD, AFD, CERT at Lincoln Middle School in 2007 and Alameda High School in 2011.
- Table top exercises were conducted in fall 2012 with AUSD Administrators and APD.
- Standard and uniform emergency procedures have been implemented district-wide.

# Safe Schools – Regular Safety Habits

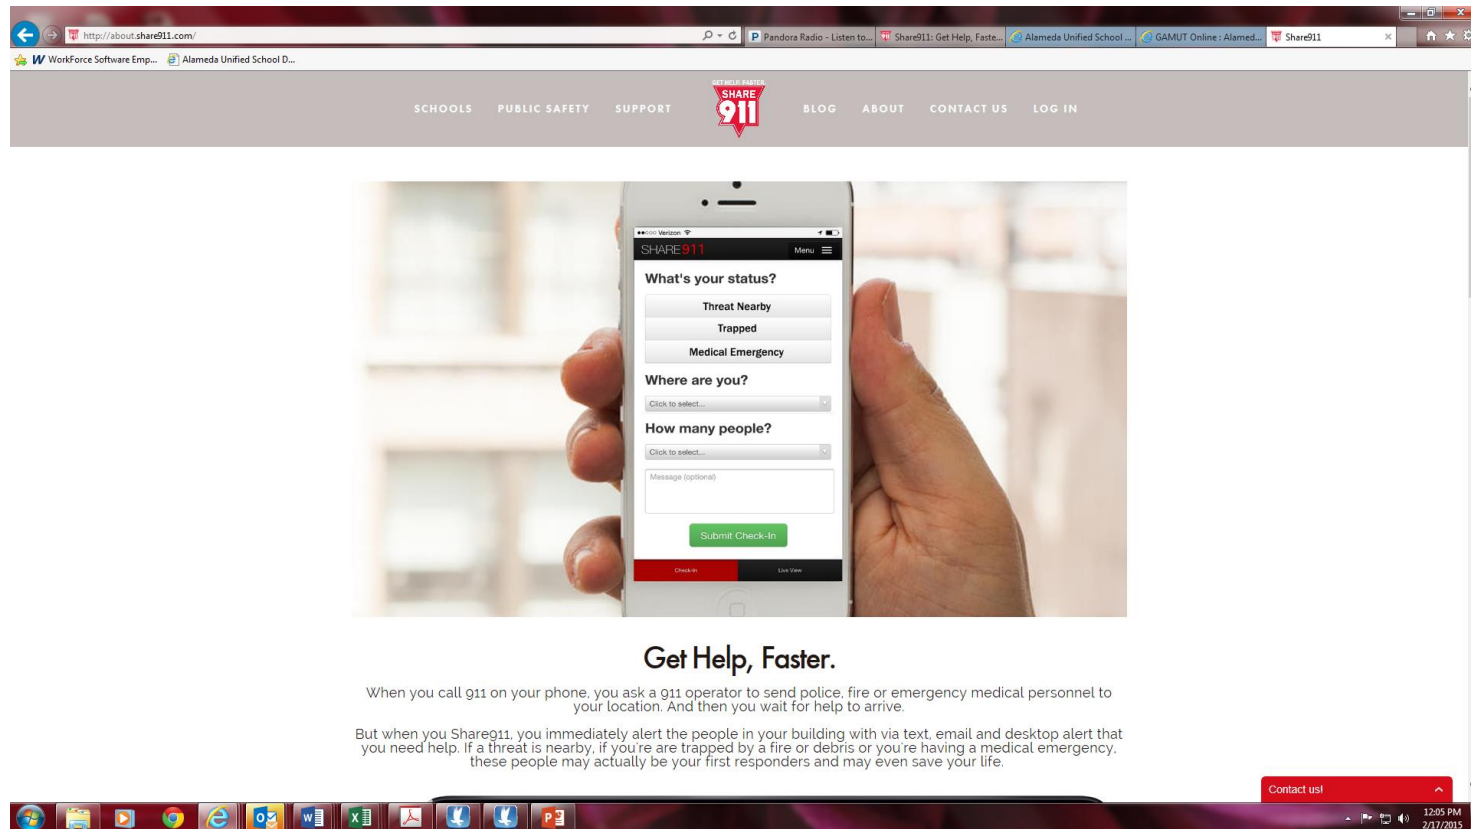

---

- Yearly updates to site emergency plans
- Fire Drills:
  - Monthly fire drill at Elementary Level
  - 4 times each year at Middle School
  - 2 times each year at High School
- Earthquake Drills:
  - Yearly at all levels
- Intruder Drills:
  - Yearly at Elementary Level
  - 2 times each year at Secondary Level
- Training of Staff on Emergency Procedures:
  - Yearly at all levels

# Safe Schools – Share 911 System

- Share 911 is our Internet Based Emergency Management System

# Safe Schools – Share 911 System Features

---

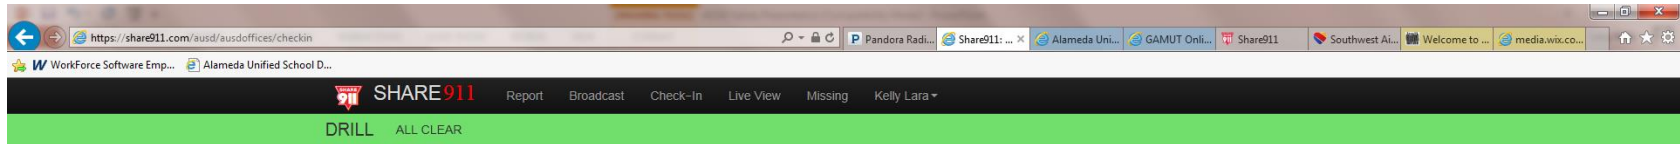

- Allows any employee at a school site to quickly and simultaneously alert all members of the school network (including law enforcement) of an emergency such as an intruder on campus.
- All employees at the site, members of district office on the school's network and law enforcement will receive an alert via both text message and email.
- Enables all members of the school to be quickly notified, resulting in schools being able to quickly respond to secure the campus, its students and its staff.
- Members of the network check in and identify their status which allows law enforcement and administration to allocate resources in response.

# Safe Schools – Share 911 System Features

- Share 911 Check-in Feature:

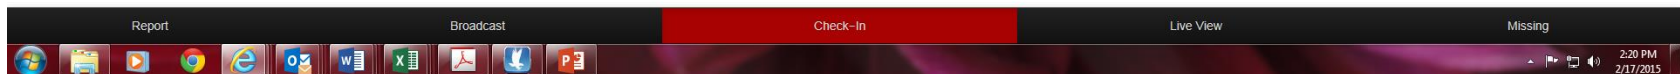

## Check-In ?

What's your status?

# Safe Schools – Share 911 System Features

- Share 911 Live View:

The screenshot shows a web browser window with the URL https://share911.com/ausd/ausdoffices. The interface has a top navigation bar with tabs: Report, Broadcast, Check-In, Live View (highlighted in red), Missing, and Kelly Lara. Below this is a green bar with "DRILL" and "ALL CLEAR" buttons. The main content area displays "AUSD District Office" and "2060 Challenger Drive, Alameda, CA". There are tabs for "Status", "Name", and "Reports". A section titled "Where Help is Needed" includes a "Report Missing Person" button. Below this, it says "No issues reported". An "Incident Management Team" section shows "No Responses". A list of status filters is provided: "Not Reported (129)", "Secure (0)", "Evacuated (0)", "Found (0)", "Absent (0)", and "Off-Site (0)". At the bottom, a taskbar shows various application icons and a system clock indicating 2:24 PM on 2/17/2015.

# Safe Schools – Share 911 System Benefits

---

- In a critical incident, it can take 3 minutes or more before the initial first responder arrives at the school campus.
- The use of Share 911 can result in a school locking down as fast as 67 seconds or even quicker.
- Compiles all of the valuable intel about the incident in one location versus traditional methods of phone calls, emails, etc.
- Law enforcement and emergency services are able to use the intel to plan their response and entry onto the campus.

# Safe Schools – Implementation of Share 911

---

- AUSD Administrators were trained to use Share 911 on August 18, 2014.
- This fall, school site Principals invited their staff to join the network, facilitated trainings, and conducted drill simulations for entire staff.
- Schools must complete two successful simulation drills using Share 911 to go live on the system.
- As of today, (March 10, 2015), nine schools are “live” on the system. Remaining schools are training and will go “live” this spring.
