§ 15497.5. Local Control and Accountability Plan and Annual Update Template.

Introduction:

LEA: ___Alameda Unified School District (AUSD)___

Contact (Name, Title, Email, Phone Number): Steven Fong, Director of Teaching and Learning, <u>sfong@alameda.k12.ca.us</u>, 510.337.7092

LCAP Year:___2016-2017_____

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

Page 2 of 136

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52060(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
Following is a summary of AUSD's process used to consult with stakeholders during	Following is a summary of how AUSD's consultation with
the development of the 2016-17 LCAP	stakeholders contributed to the development of the 2016-17 LCAP
Overview of Stakeholder Engagement Process	LCAP
To support a final LCAP that included meaningful engagement of parents/guardians, staff, students, and other stakeholders, Alameda Unified School District maintained a stakeholder engagement plan that offered a wide range of opportunities to provide input and contribute to the development of the LCAP goals,	Overview of Impact of Stakeholder Engagement Process on the 2015-16 LCAP The overall stakeholder process continued to provide a wealth of individual and collective input from a diverse array of stakeholders. Different than the provious year, this input was
 actions/services, and evaluation. Following the 2014-15 stakeholder engagement process, it was decided to continue all major stakeholder engagement strands to support a broad input base. This included a number of site-based engagement strands: District Advisory Committee (DAC) Parent/Guardian Advisory Committee (PAC) Employee LCAP Group District English Language Advisory Committee (DELAC) Districtwide surveys of staff, parents/guardians, and students Also included were site-based input opportunities: School Site Councils (SSC) Parent Teacher Associations (PTAs) 	stakeholders. Different than the previous year, this input was in greater part derived from the organic discussion of the stakeholder groups and less from a formulaic gathering process. As discussed to the left, stakeholders largely had a working knowledge of the LCAP process and required less introduction to the LCFF/LCAP context. Further, more stakeholder leaders were knowledgeable about their sites/groups and came prepared with questions, ideas, and interests. This allowed for deeper exploration of issues that were of primary interest to the stakeholder group. Ongoing, this is ideal in that it provides more authentic opportunities for discussion and allows the stakeholders as a group to direct portions of the process towards those areas of school/district
 School Smarts Academy Meetings English Language Advisory Committees (ELACs) School Site Councils (SSCs) continued to represent a key form of input given AUSD's ongoing practice of decentralizing a significant portion of the LCFF Supplemental funding in the district. SSCs direct the use of site-based supplemental funding and document their decision-making in the Single Plan for Student Achievement (SPSA). The SPSA is thus a key feeder process/document into the LCAP and specific site-based decisions within each SPSA are reflected in Section 3 of this document. 	improvement in which they can have the most impact. Drafts of annual update content were provided to key stakeholder committees to solicit input. This led to improvements in reporting of data including clarification of how programs were funded across multiple resources and expanded discussion of the implementation of All Day Kindergarten. It also prompted reiteration of the value that the LCAP reporting approximate the budget as closely as possible.

Entering into the third year of the LCFF/LCAP era, the majority of members of districtwide committees and district leaders were familiar with the basics of the LCAP process. Based on this familiarity, stakeholder strands were initiated with a basic introduction to the LCAP, district budget, and overview of the input process. Following this, stakeholder groups were engaged in discussion guided by examination of selected data and their interests drawn from experience.

Summary of Stakeholder Engagement Opportunities

District Advisory Committee (DAC)

The District Advisory Committee (DAC) was created in 2014-15 as a response to the request from a range of stakeholders to have a forum in which representatives of all stakeholder groups could interact. Facilitated by the Assistant Superintendent of Educational Services, the DAC included the following members:

- Executive Cabinet (Superintendent, Assistant Superintendent of Educational Services, Chief Business Officer, Chief Human Resources Officer, District Counsel)
- Additional District staff: Senior Manager of Community Affairs, Director of Teaching and Learning, Teaching and Learning coordinators (ELD, Family Involvement and Community Engagement, and CCSS/PD/Literacy)
- Parent/Guardian Representative
- Representative from Parent Teacher Association Council (PTAC)
- Bargaining group leaders

The DAC met 4 times (2.18.16, 3.21.16, 4.20.16 and 5.18.16) throughout the spring of 2016 to provide input.

Parent Advisory Committee (PAC)

The Parent/Guardian Advisory Committee (PAC) remained the most robust stakeholder group following strong contributions in each of the previous two years. The 2015-16 PAC was composed of a majority of parents/guardians of current AUSD students and was facilitated by the Director of Teaching and Learning. The 2015-16 PAC included the following members:

- Eleven (11) parents/guardians of current AUSD students
- Assistant Superintendent of Educational Services

Homework

A primary example of the above is the issue of Homework. Within the Parent/Guardian Advisory Committee, the issue of homework arose in the second meeting and remained a focal topics throughout the remainder of the year. This initially arose as an expressed concern about the consistency across sites with regard to the district's overall homework policy and each site's individual policies. A key aspect of this concern was the total amount of homework being assigned, especially at the primary grades.

As the discussion developed, the following occurred:

- Review of AUSD district and site Homework policies
- Review of other district homework policies
- Review of selected articles summarizing homework research
- Movement into a discussion of homework quality as a key focus rather than only quantity

As a partial outgrowth of the LCAP discussion and similar input provided to the board of education, a presentation was made to the board summarizing the district and site homework policies. During discussion of the presentation the board asked for a follow-up presentation summarizing key research in the area of homework efficacy. The board also discussed the potential activation of a data-gathering process to assess the current status of homework policy fidelity and student and staff experiences with regard to homework.

The 2014-15 stakeholder engagement process included the expressed desire to, in 2015-16, discussion 'home to school communication.' Primary within this desire was the interest in homework as a key topic. Again, the attention to this topic within the PAC allowed for the organic development of a deep discussion spanning multiple months that, while aligning to the previous year's interests, emerged from the current

• Director of Teaching and Learning

- Chief Business Officer
- Coordinator of Family Involvement and Community Engagement (FICE)

All PAC meetings were held as open meetings and the group met monthly from December through May for a total of 6 meetings (12.1.15, 1.21.16, 2.16.16, 3.16.16, 4.20.16, 5.31.16).

Employee LCAP Group

During 2014-15 the Employee LCAP Group was composed of the elected leader of each of the three bargaining group as well as four representatives from each group selected by their leader. In 2015-16 the Chief of Human Resources (who leads the engagement strand) solicited direct input from the bargaining group leaders regarding their desired format for the strand. Following this, a similar process to 2014-15 occurred. Identified participants included the leaders of AUSD three bargaining groups and key representatives selected by those leaders. AUSD's 3 bargaining groups include:

- Teacher's Union (Alameda Education Association (AEA))
- Classified Employees Unions:
 - o California School Employees Association (CSEA) 27
 - California School Employees Association (CSEA) 860

The group was facilitated by the Chief Human Resources Officer (CHRO) and membership also included by the Assistant Superintendent of Educational Services, Director of Teaching and Learning, and Coordinator of Assessment. Three meetings were held over the course of the spring semester (3.2.16, 4.5.16, and 5.4.16)

District English Language Advisory Committee (DELAC) and English Language Advisory Committees (ELACs)

The DELAC is facilitated by the Coordinator of ELD and meets throughout the year. It is composed of 16 members with each site having a representative. The DELAC is the district's English Learner parent/guardian advisory committee for both the LCAP engagement process as well as any other processes supporting English Learners. Throughout the year the DELAC engaged in a range of input-gathering activities. Following DELAC meetings, DELAC members took their experience back to their sites and supported a tiered outreach process in their respective ELACs. DELAC meetings for 2015-16 included 10.7.15, 11.18.15, 1.20.16, 3.16.16, and 5.18.16.

group's own values and experiences.

Centralization of ELD Paraprofessional Staff/Services

For the second year, the issue of paraprofessionals serving English Learners emerged within stakeholder discussions. In 2014-15 the employee LCAP group discussed the current status of the bilingual paraprofessional staffing across the elementary school sites. It was asked whether or not it was viable to centralize these services similar to a past era in the district. Currently (and as was the case in 2014-15) some sites choose to utilize portions of their LCFF supplemental funding to fund paraprofessional staffing in support of English Learners. These staff are not hired as interpreters/translators though they at times will support parent/guardian communication.

Beyond the question of centralization, the issue of translation by these particular individuals emerged as a topic of discussion in the District Advisory Committee. A direct result of these conversations will be discussion at the executive cabinet level of the current ELD paraprofessional landscape and viability of any centralization of services. Complicating this issue are a variety of factors:

- Inconsistent funding of paraprofessional FTE across sites: Any centralization would require, at some level, movement of funds from sites back to the district level. With some sites not currently staffing any ELD paraprofessional FTE, this would represent an uneven swap of services.
- Need to reconcile existing staff-site relationships with potential language needs: In any centralization of staff one benefit would be the alignment of staff language skills to site needs. This would not necessarily maintain current individuals at sites with which they have developed long-term relationships.

Page 7 of 136

School Site Councils (SSCs), Parent Teacher Associations (PTAs) and School Smarts Academies

Similar to the DELAC-ELAC process described above, the SSCs and PTAs function as the site-level leadership groups in which local input and decision-making occurs. Each site's SSC engages in a routinized and cyclical process of data-based decisionmaking resulting in the school's annual Single Plan for Student Achievement (SPSA). The SPSA is a critical piece of the overall LCAP engagement process as each site is allocated Local Control Funding Formula (LCFF) Supplemental funding according to its unduplicated student enrollment and makes local decisions about how to use those funds. These funds are described in detail in sections 2 and 3 of this LCAP, with details pulled directly from the site plans. PTAs played an important role in the LCAP engagement process. The FICE coordinator works closely with PTA council (PTAC) to encourage and support PTA presidents to engage their respective associations in the input gathering process. SSCs and PTAs meet monthly and will remain a key component of the district's stakeholder engagement process moving forward. Two chapters of the School Smarts Academy curriculum (chapters 3 and 4) include specific information about LCAP engagement and were a part of the conversations at site School Smarts meetings. The role of School Smarts in developing parent/guardian leaders has continued to have a powerful and positive impact on the LCAP stakeholder process. Additionally, the School Smarts program has been a pioneering entity for translation of materials into multiple major languages. School Smarts program materials are offered in five (5) major languages other than English: Spanish, Chinese, Vietnamese, Tagalog, and Arabic. Additionally, 2015-16 included implementation of School Smarts sessions delivered in each of these five major languages. School Smarts Academy results from a partnership with the California Parent Teacher Association (CAPTA) and involves 7 trainings sessions over which parents/guardians develop key skills and capacities to support their students and positively impact their schools.

Community Engagement

Alameda Unified is committed to engaging members of the community to support ongoing district and school improvement. The following strategies were utilized to engage community members in 2015-16:

 Board of Education meetings: LCAP information is shared at public meetings (October LCAP update, May LCAP Draft, June Public Hearing) with opportunity Balance of classroom support vs. translation needs: The possibility of a 'translation brigade' in major languages has been raised. With limited funds, this would likely come as a trade-off to the current paraprofessional staffing which offers direct student instructional support. Additionally, any move to formalized translation services would need to reconciled with the district's current mandates – translation in Chinese at two sites.

Detailed Expenditure Reporting

A recurring and prioritized value raised in the employee LCAP group was the need for more detailed expenditure reporting. Following the sharing of a high-level budget overview, bargaining group leadership requested more detailed reports of expenditures within key areas including professional/consulting services. These were shared and discussed, with the discussion leading to a range of other topics pertaining to district fiscal status. Emerging from this and in conjunction with an examination of section 2 drafts, the issue of LCAP-budget alignment was raised.

In 2013-14 and continuing in 2014-15, a key priority expressed in stakeholder input was to include as much of the budget as possible and appropriate in the reporting of actions/services. This resulted in the level of detail observable within this document. However, it has been reiterated that the LCAP as it stands is not equivalent to the budget to the dollar. The current LCAP represents the vast majority of major expenditures within the AUSD budget but excludes some areas. As staff continues to build upon the level of detail and transparency year over year, the total amount of the budget represented should gradually increase.

for public comment and board discussion.

- Community Roundtables: •
 - o LGBTQ Roundtable the longest-standing district-supported roundtable, this group is composed of community members with district representation. The group has provided valuable input on the safe schools curriculum and instruction work as well as compliance with policies impacting protected classes.
 - Black Achievers Alliance launched in spring 2016, this group has already hosted events supporting parent/guardian education and a general forum on improving outcomes for African American students.
 - o Alameda Latino Community Achievement Network Cultivating Education (ALCANCE) – formed in spring 2016, early discussions between staff and community leaders are laying the groundwork for expanded engagement in 2016-17. The group has also been highly involved in outreach to support participation in Parent University for Spanish speakers.
- Career Technical Education (CTE) Advisory Council: As AUSD efforts in CTE pathway development expand, 2015-16 saw the formation of a formalized CTE Advisory Council. The group is composed of local business leaders, workforce development experts, and AUSD staff. The group was recruited over the course of spring and convened in early May 2016 to provide input into the development of CTE pathways and programming. The group will continue to meet in subsequent years as well as expand into pathway-specific advisory boards.

Districtwide Surveys

To provide a basic input opportunity to all stakeholders, three surveys were developed for each subgroup: staff, parent/guardian, and student. These surveys were distributed through a number of channels and results provided data for key metrics in the LCAP accountability measurement process.

Staff Survey

The staff survey was distributed through district e-mail to all staff members, certificated and classified. The survey return rate was X%.

Revised 5.20.16

Page 9 of 136

Parent/Guardian Survey

The parent/guardian survey was distributed through Schoolloop and district e-mail. Principals posted survey links on their individual site websites and included them in bulletins where possible. Links were provided on the district website and publicized via the district's twitter account. The survey return rate was X%.

Student Survey

Students were surveyed regarding their perceptions of the district and their school(s). Student surveys were made available via schoolloop (to students and parents/guardians), embedded in the AUSD web page, and provided via twitter. Students also had a link to the survey e-mailed directly via their district google account. The survey return rate was X%.

Board of Education

Engagement of the Board of Education (BOE) in the budget and LCAP development process is a key aspect of aligning actions and services to goals. The BOE heard the following presentations to support its cohesive oversight of the budget-LCAP process:

- 10.13.15: LCAP Update
- 4.26.15: AUSD Budget Process and Assumptions
- 5.10.16: Budget Adption Process: Review of Program Allocations
- 5.24.15: SPSA Approvals
- 5.24.15: LCAP Draft Presentation
- 5.24.15: Presentation on Governor's May Revise Report & Budget Update
- 6.9.15: Public Hearings on LCAP and Proposed Budget
- 6.23.15: Adoption of LCAP and Budget for 2015-16

District Website

LCAP documents can be found on the district website at http://www.alameda.k12.ca.us/cms/page_view?d=x&piid=&vpid=1384866307162.

Annual Update:	Annual Update:
AUSD's 2015-16 stakeholder engagement has included discussion of the current year's LCAP and engagement process throughout. Each group has provided ongoing feedback regarding the experience both in the previous and current year. While 2015-16 represented further progress in the overall stakeholder engagement process, ongoing feedback and internal analysis has resulted in	 Impact on LCAP Process In addition to the substantial impact on the goals, actions/services, and other aspects of the 2016-17 AUSD LCAP's content, stakeholder input during the latter part of 2014-15 and into 2015-16 had a significant and positive impact on the LCAP process itself. This impact included the following recommendations that resulted in direct improvements to the AUSD LCAP engagement process: Increase the breadth of representation of key stakeholder groups: In 2015-16 sites were encouraged to select a 'representative' in addition to the 'open' positions available on the LCAP Parent/Guardian Advisory Committee. This strategy resulted not only in a larger stable membership but one that included a larger number of represented sites. Increased support for site-district engagement connection. The PAC process included an explicit look at the SPSA for each representative's site. Representatives were encouraged to follow-up with their principal and SSC to understand and discuss the way in which the site's actions/services were supporting the district's overall LCAP goals. The district's SPSA template for 2016-17 was further optimized to support site alignment to LCAP goals and transparent connections between each SPSA and the actions/services summarized in sections 2 and 3 of the LCAP.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

```
Page 12 of 136
```

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to "ALL."

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?

Page 13 of 136

- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

	ANALYSIS Progress toward expected annual outcomes:
	Overall, progress has been made in numerous areas, though not all stated 15-16 expected annual outcomes were reached.
What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	 Attendance: The end of year basic attendance rate (currently 70.5%) is anticipated to be significantly below the expected outcome (76%). With a 14-15 attendance rate of 88%, this reflects a projected growth over one year. As a results of this two-year comparison, the 16-17 through 18-19 expected outcomes have been recalibrated in section 2. The current truancy rate (titled 'Chronic Absenteeism') in AUSD's 2015-16 LCAP is 18%, which would, if maintained until the end of the year, meet the 2015-16 expected outcome (19.6%). This metric will be changed to align with the accurate definition of Chronic Absenteeism in 2015-16 – the percentage of students who have been absent more than 10% of the year to date. Discipline: Based on data to-date (2.7% for all students), a significant decrease in suspension rate is anticipated relative to the rate for 2014-15 (3.2%). Similar reductions are observable in subgroups for socioeconomically disadvantaged students (5.4% in 2014-15 to 4.8% in 2015-16 to date), African American students (10.5% to 9.5%), students in Special Education (10.5% to 7.3%) and English Learners (2.3% to 2.0%). Significant disproportionality still exists for key subgroups and, in addition to reducing the overall suspension rate, this remains a key area for improvement. The explusion rate for AUSD remains extremely low. It remains an area of focus as the ongoing goal is to keep explusions at 0 each year. Graduation/Dropout Rate: Dropouts at the middle school level are rare. While it is critical to understand the factors leading to individual students dropping out, it is difficult to draw broad conclusions based on the low numbers. The 14-15 high school droppout rate (83.8%) for 14-15 which was far under the expected outcome for 15-16 (8.1%). The recent changes in CAHSEE legis

Page 75 of 136

Assessment of effectiveness of specific actions/services:

- Core departments/staff including health staff, McKinney-Vento, counseling, and the student services department all continued to provide students key services necessary to support maximum learning time.
- PBIS staffing and services, in the 15-16 school year, remained insufficient to fully implement the range of
 programming and support desired centrally and across sites. As discussed above, this will change with the
 16-17 expansion of supports. Suspension rates did decrease, indicating that the ongoing PBIS efforts are
 having impact. However, attendance rates also decreased, indicating that there is much work to be done
 and the PBIS program expansion is still key to overall student success.
- Site-funded psychologist interns provided key services to students, especially where regular access to psychological services is not readily available. Moving forward, it is anticipated that the number of psychologist interns funded may decrease with the added counseling staffing for PBIS implementation.
- After-school programming (limited) and Supplemental Education Services (SES) both provided quality
 after-school options for students without immediate access to other enrichment activities. It is anticipated
 that SES quality will increase further as the mandated program parameters change (pending) and that after
 school programming across multiple schools will become more robust (see discussion below).
- Cyberhigh continued to provide students credit recovery options, leading to students staying on-track to graduate on time and supporting increased graduation rates.
- The Equity and Family Engagement Coordinator continued to provide a range of services through PBIS, college and career support, and counseling to students at Encinal Junior/Senior High School. This position is key to multiple means of supporting increased graduation rates at the comprehensive high school with the most unduplicated students.

CONCLUSIONS

Applicability of LCAP goal moving forward:

• This LCAP goal remains very applicable and AUSD plans on maintaining it as one of the core LCAP goals moving forward. There is significant opportunity and need for improvement in all aspects of student engagement. This includes attendance, discipline, and graduation/dropout rates.

Changes resulting from review and assessment:

- Recalibration of expected annual outcomes
 - As discussed above, expected annual outcomes have been revised in several areas after evaluation of 14-15 and 15-16 outcomes. This has been done to ensure that the targets set are appropriate to our current context.
- Expansion of Positive Behavior Interventions and Supports (PBIS)
 - AUSD has been building capacity to implement systemic PBIS over the past three years. School sites were assigned to one of three cohorts, with 5-6 schools moving into training each year and progressing forward each year. 2015-16 represented the first year that all sites were involved in

Page 76 of 136

training and saw the first schools finish the three-year cycle. To build upon the recent successes in student outcomes and to continue addressing areas of need, the decision was made to expand the level of support to sites. Beginning in 2016-17, a significant amount of resources will be invested into providing sites Tier 1-3 support in the form of staffing and resources to implement a successful PBIS program. This expanded program will be centralized within the new department of student services (under leadership of the Chief Student Support Officer (CSSO) following the recent reorganization of the Educational Services department). Centralized staffing will include two full-time PBIS coaches that support site implementation and a centralized behavioral specialist to be deployed as needed. In addition, sites will receive counseling FTE to deliver Tier 2 and 3 services

- Restoration and Expansion of After School Programming
 - Following the loss of grant funding for all secondary after-school programming and some of the elementary after-school programming, 2016-17 will see the return of lost programming and expansion into two additional schools with high unduplicated counts. Wood Middle School and Paden Elementary school will receive targeted funds to develop after school programs and Encinal Junior/Senior High School and Island High School will receive funding to restore lost programs. All programming is aimed at increasing student engagement/attachment to school and providing additional academic support.
- Supplemental Education Services (SES)
 - In recent years staff have worked to optimize the services provided to students through the mandated SES program. Moving forward, AUSD awaits CDE's determination of the SES parameters and remains hopeful that the result will allow for more flexible programming alternatives.

ADDITIONAL NOTES:

• At the time of drafting the narrative analysis for this final draft to be presented before the Alameda Board of Education, the data within this goal area remains in a 'pending' state. There may be minor movement in the data pending final reporting of attendance, discipline, and middle school/high school outcomes.

	ANALYSIS
	Progress toward expected annual outcomes:
	 State Achievement Test (CAASPP) Performance In the first year of official results, AUSD performed above state and county averages for both the Math (55%) and ELA (66%) CAASPP. The 15-16 expected annual outcome was to increase by 3% beyond each of these baseline scores. As of this writing, testing in still in progress and results will not be finalized until summer.
	 CAHSEE Following recent legislation, the CAHSEE has been suspended. It remains in the annual update to ensure consistency with the stated 15-16 goals but no data is available.
What changes in actions, services, and expenditures will	 Local Assessments The Early Literacy Survey (ELS) remains a consistent local assessment for K-1st grade students. While teachers have until the last day of school to enter data, the vast majority had reported results as of this writing. The to-date proficiency for 15-16 as of this writing is This the expected 15-16 outcome of 89%.
services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	 During 2015-16 ELA and Math benchmarks were flexed to accommodate the current bridging period to CCSS instructional materials adoption. With the ELA adoption scheduled for 2016-17, the district prioritized implementation of an ELA CAASPP Interim Assessment Block (IAB) rather than the prior benchmarks that are aligned to old curriculum. At K-8 sites were piloting multiple curricula and benchmarks, while implemented, were not all aligned to given curricula as strongly was would be desired to report districtwide results. Given these factors, AUSD is not reporting any districtwide local benchmark assessment data for ELA or math in 15-16. It is anticipated that in 16-17 math will have unified benchmarks aligned to the new curricula.
	Academic Performance Index (API)
	 This metric remains on hold as the state develops its new accountability system. It remains to be seen whether this term is still used and if the single-number structure of the index will be continued.
	Career Pathway Completion
	 With AUSD's CTE program a major area of focus, it is anticipated that the number of completers in CTE pathways will increase over the 6.5% reported for 2014-15. This percentage itself was a significant growth over the previous year (2% in 2013-14). As CTE programs are reestablished and strengthened, the number of students persisting through a given pathway is expected to grow.

. . . .

UC a-g completion
This metric remains a major focal area for improvement. AUSD is deeply invested in supporting more students to complete the a-g requirements and ensure that they have the option of attending a University of California (or other equally rigorous) campus. Overall, final UC a-g requirement completion data for 2014-15 exceeds some 15-16 expected outcomes and falls short of others. The percentage of graduating seniors completing requirements across all students was 51.4% in 2014-15, exceeding the goal of 50% for 2015-16. Similarly, the percentage of graduating ELs, African American, and Hispanic/Latino students completing UC a-g requirements in 2014-15 exceeded 15-16 targets. Socioeconomically disadvantaged students and Special Education students did not exceed 15-16 targets in the final 14-15 data. Following completion of the 2015-16 school year the data will be assessed for progress and determination of future expected outcomes can be made.
Early Assessment Program (EAP)
 AUSD's percentage of students exceeding the standard in ELA and Math was significantly lower than the previous EAP results under the CST. As students improve on their overall CAASPP performance, it is expected that EAP results will also improve. However, AUSD's current level of college readiness as demonstrated by this metric is far below what is desired.
Advanced Coursework
 The Advanced Placement (AP) Exam pass rate for 14-15 was just over the expected 15-16 outcome and a small increase over the previous year (69.3% to 70.6%). Following reporting of 15-16 results, it will be critical to determine if any refinement of out-year targets is required.
 The percentage of students enrolled in an AP or college course has increased slightly for all students (35.4% in 2014-15 to 36.2% in 2015-16) and in other subgroups. This particular metric has proven difficult to track effectively given the wide range of possible mechanisms for a student to enroll in a college course. Beginning in 2016-17, this metric will be changed to the percentage of students enrolled in AP coursework. With the exception of ASTI, AUSD's Early College High School, which enrolls all 11th and 12th grade students in college coursework at the College of Alameda (and does not offer AP coursework), this new
 metric should very closely approximate the former. NOTE: 2015-16 expected outcomes for the percentage of students enrolled in AP or college coursework were, for Socioeconomically Disadvantaged students, African American students, and Hispanic/Latino students, incorrectly calculated. The resulting outcomes for 2014-15 and 2015-16 are thus far above the expected outcomes but do not represent disproportionately high growth above expectations in the areas.

Page 92 of 136

Assessment of effectiveness of specific actions/services:

Successmaker

• The digital intervention program known as Successmaker has been an ongoing topic of discussion at the district and site level. Anecdotally, sites report the usefulness and success of the program. Data on student performance has been less conclusive, primarily due to the lack of sufficient time in the program for the majority of students. In the spring of 2016 Technology Services and the Teaching and Learning department have implemented a pilot project to more accurately measure the impact of Successmaker. Providing chromebooks to targeted classrooms, a commitment to implement Successmaker with fidelity was secured and data will be assessed. This will be used, in part, to determine the future role of Successmaker within the district.

AP Exam Fee Funding

• This budget item has proven to be unneeded and will be eliminated in 2016-17 and ongoing. The funds collected at the site combined with the reimbursement of feels applied for through CDE are sufficient to provide for students who are unable to pay for the full exam fee.

Magnet/Innovative Funding

• As the district's magnet/innovative programming has expanded, a focus has been placed upon supporting the replication of innovation or establishment of new innovative programs at Title 1 schools and schools with high unduplicated percentages. Ongoing support for this expansion has provided key resources in the form of staffing and materials to Maya Lin Elementary, Haight Elementary, and Wood Middle School, all Title 1 sites.

General Intervention and PD

 Sites provide hourly and substitute time across a wide variety of purposes to support specific program elements such as intervention and professional development. Key supports implemented in 2015-16 included teacher leadership through release sections, after-school academic support provided by teachers through hourly compensation, and collaboration time for teachers to work together.

Title 1 programming

• Title 1 administrators, teachers, and other staff have engaged in a professional development collaboration that is greatly increased from past instances. Working together, the Title 1 sites have developed and implemented districtwide and site-specific professional development focused around the core themes of addressing student trauma and culturally responsive teaching. Title 1 sites have continued to implement their individual programs using site-base funds. This included maintenance of the Title 1 Literacy teachers staffing at each elementary site. These teachers deliver differentiated instruction to targeted students as well as supporting all students through their leadership at the site.

 Assessment department Bridging from the summer into the fall of 2015, it was decided that Teaching and Learning would not fill the open Assessment Coordinator position. As a result, the expenditure in this area is far less than anticipated. With this staffing decision continuing into 2016-17, existing staff will be challenged to redistribute and manage core responsibilities of this position. A staff secretary and affiliated Technology Services staff continue to support the overall Assessment department functions.
 Safe Schools Emerging from the district's LGBTQ Roundtable, the staff working on safe schools have collaborated to identify changes in curriculum, provide teachers professional development, and ensure that sites are aware of and adhering to relevant policy.
 Strategic Instructional Model (SIM) The SIM program has been very effective in supporting SpED teachers, and especially those that support increased inclusion in the general education setting. The district continues to support a capacity-building model in which teachers are sent to formal SIM training and can then deliver sanctioned training upon their return.
 BayScience BaySci remains the districts formal support for transitioning to the NGSS and for implementing current science curriculum (FOSS). During 2015-16 AUSD continued to participate in all BaySci leadership seminars and delivered science PD at staff meetings. Ongoing conversations include how to incorporate science goals more explicitly into the LCAP.
 Inquiry by Design (IBD) IBD remains very effective for those that implement units and not effective at all for those that do not. IBD continued to function as one of the district's primary CCSS-aligned ELA resource at grades 3-12. Moving forward, AUSD will be considering IBD among the materials for review and potential adoption by the Board of Education.
 Math Coaching Math coaches, of whom there are now 3, continue to provide an invaluable service to K-8 teachers. They are also instrumental to our new adoption implementation.
 GATE In 2015-16 AUSD did evaluate GATE students and will notify them of their status if identified as GATE. The effectiveness of this practice given the lack of any formal GATE programming is a topic of discussion and staff are working to identify next steps for the GATE program.

Instructional Leadership Team
 Administrators were convened monthly, with several of those dates including teachers in collaboration. During the spring of 2016, a number of these meetings were dedicated to planning for the implementation of Full-day Kindergarten. Meetings also included hosting by sites, with instructional rounds incorporate where possible.
CONCLUSIONS
 Applicability of LCAP goal moving forward: This goal remains highly applicable and will continue to be an integral component of the LCAP moving forward. Ensuring that students are provided the curriculum and instruction necessary for college and career readiness is a core district commitment. Changes resulting from review and assessment: Review of the professional development and materials contracted through IBD resulted in short-term plan to scale back annual expenditures in this area. With IBD existing as a high-quality supplemental resource over the past several years, it has the potential to significantly expand its lens as it is considered among other materials for the ELA adoption in 2016-17. Bridging between 2014-15 and 2015-16, it was initially proposed to eliminate all math coaching positions. After review of the impending demands of a K-8 math adoption and the overall need to maintain robust support in mathematics, 3.0 FTE was allocated to Math Coaching. As discussed above, the GATE program is under review. Currently the administration, collection, scoring, and reporting associated with the test is all that occurs. Staff are weighing the value of identifying students
 and notifying parents/guardians of GATE status when that status leads to minimal/no formal programming at the sites. Funds initially set aside for a technology committee were not used as a technology committee was implemented through the Measure I bond. The TSA for Instructional Technology is now formed Instructional Technology Working groups at K-5 and 6-8 that will ultimately support an official, non-bond-affiliated Technology committee. As BaySci has reached the end of funding from its major funders, they are now required to pass on the majority of the costs to partner districts. As a result, moving forward AUSD will contribute a greater amount to this program so that the high-quality professional development for teachers can continue.

Assessment of effectiveness of specific actions/services:

Overall, some critical areas of improvement (EL access and ELD standards implementation) show improvement. However, it is important to note that some of the key outcomes from this effort may not be fully realized for several years. Reduction of LTELs is a notable example. While current LTELs can be supported in reclassifying, a key outcome will not be fully observable until we see current K-2 ELs matriculate to middle school. The percentage of students exiting elementary schools as LTELs will be a primary measurement of success.

- The core components of the new ELD program (ELD/Literacy TSAs, ELD Coordinator, and supporting professional development) have been very effective at shifting the culture in the district around ELD instruction. This is evidenced by the increased percentage of students receiving appropriate designated ELD instruction.
- The targeted ELD FTE provided to secondary sites has ensured that sites need not make trade-offs when determining whether or not to offer additional ELD sections. This allows them to group students by proficiency level and keep class sizes (on average) lower than their mainstream courses. Again, as evidenced by the increased percentage of secondary students receiving designated ELD instruction, this has been effective. Staff will continue to support the master scheduling process to ensure that administrators understand the importance of offering an appropriate range of ELD courses by proficiency level.

CONCLUSIONS

Applicability of LCAP goal moving forward:

 Improving the services for English Learners and establishing a strong foundation for our English Language Development program remains a key goal for AUSD moving forward. This is highly applicable as AUSD continues to have a significant EL population (17-18% annually), many of whom are Long Term English Learners (LTELs).

Changes resulting from review and assessment:

- Several sites annually utilize discretionary funding to hire paraprofessional staff to support English Learner instruction. In numerous stakeholder input sessions the question has been raised as to whether this could be a centralized program. Many years ago AUSD did have a centralized ELD para program. To return to this model a range of factors would need to be considered including the metric for allocating para FTE, bilingual prioritization, and annual reevaluation of site assignment based on need. Each of these would entail significant changes for sites that currently choose to fund their own para FTE as well as those that do not. This question also overlaps with the potential establishment of centralized translation services. Current site-funded paras are not primarily translators/interpreters but do occasionally support school-home communication in languages other than English.
- Annually ELD department staff review projected EL enrollment by site. This review generates the estimated number of centrally-supported sections allocated to secondary sites for ELD FTE. In 2015-16 the number of sections that were ultimately programmed was significantly less than that what was projected. As of this writing, secondary master schedules are still in development. Consequently, no final determination of proportional use of sections allocated can be made for 15-16. Ongoing, it is expected that the discrepancy will narrow as sites support increased EL enrollment in ELD courses.

CONCLUSIONS
Applicability of LCAP goal moving forward:
This goal remains highly applicable and will continue to be an integral component of the LCAP moving forward. Ensuring that parents/guardians are supported in becoming knowledgeable partners and effective advantage for student subscripts of a subscripts.
effective advocates for student success is a critical component to improved student outcomes.
Changes resulting from review and assessment: Changes to metrics
 Following review of the existing metrics, two were found to be problematic in their ability to effectively assess parent participation/involvement. Moving forward, the previous participation metric (% of parents/guardians attending non-mandatory school events) will be replaced with participation in the School Smarts (elementary) and Parent University (secondary) programs.
Expansion of parent university
• As discussed above, participation in Parent University will be a key metric moving forward. This program was piloted in 2015-16 at the middle school level and will expand to high school in 2016-17. This program builds upon the successes of School Smarts at the elementary level and addresses the input over time requesting parent/guardian education in the area of college/career readiness.
Homework Policy Review
 As discussed in section 1, the Parent/guardian Advisory Committee (PAC) focused much of its discussion on Homework policies and practices. This discussion paralleled an interest at the Board of Education level in review of Homework practices and current research. Ongoing, a key component of parent/guardian engagement will be the discussion of homework, both to review practices and to provide parents/guardians strategies with which they can support their students at home.

	ANALYSIS Progress toward expected annual outcomes:
	 Highly Qualified Teaching Staff AUSD maintains a highly qualified teaching staff. The ongoing goal in all three subcomponents of this area (fully-credentialed, EL authorization, and appropriate assignment) is 100%. In 2015-16 this goal was nearly reached, with slight growth from 14-15 occurring in the area of EL authorization and a slight decrease occurring in the percentage of staff fully credentialed. Appropriate assignment remained at 99%. Human resources staff continue to work across all areas to ensure that staff newly hired are appropriately credentialed and existing staff are supported in obtaining any needed credentials. All departments continue to support sites in master scheduling so that teachers are appropriately assigned.
	 Adequate Instructional Materials Students were provided instructional materials in all core content areas. In several areas bridge materials were provided as instructional materials adoptions proceed.
What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	 Safe Learning Environment In 2015-16 all AUSD facilities were scored as 'good' or better using the Facilities Inspection Tool (FIT). Additionally, in 2015-16 the district initiated implementation of Measure I, a facilities bond. Multiple projects to repair, restore, and expand facilities are underway.
	 Assessment of effectiveness of specific actions/services: The actions/services described within this goal are core to the basic functions of the district. They were all effective in that students were provided an overall highly qualified teaching staff, adequate instructional materials, and a safe learning environment.
	 CONCLUSIONS Applicability of LCAP goal moving forward: This goal remains highly applicable and will continue to be an integral component of the LCAP moving forward. Ensuring that students have access to appropriate instructional materials, adequate facilities, and highly-qualified teachers are critical to supporting overall student success.
	 Changes resulting from review and assessment: Key changes in this area include the recently completed K-8 and Algebra, Geometry and Algebra II materials adoption, the coming ELA adoption (2016-17), and ongoing transition to aligned science materials. To support a highly-qualified teaching staff, a greater proportion of the Title II district funds will be allocated to teacher induction moving forward.

Additional Supplemental Funds received as part of Governor's May 2015 Revise:

		LCAP Year: 2015-16		
Planned Actions/S	Services	Actual Actions/Services		
Budgeted Expenditures			Estimated Actual Annual Expenditures	
Alameda Unified School District (AUSD) expects to receive additional LCFF Supplemental funds as specified in the governor's May Revise. Should the expected additional revenue be received, AUSD will utilize the required stakeholder engagement process to develop a plan for expenditure of the funds. This may include expansion of current LCAP actions/services or identification of new actions/services to meet AUSD's goals.	 Expenditures: Classified Salaries and Benefits Professional Services Capital Outlay \$657,015 (LCFF Supplemental) 	AUSD received \$555,301 in additional supplemental funding following further adjustments by the state to the 2015-16 allocation. Through the 2015-16 stakeholder engagement process and aligned with input from previous years, these funds were directed to the immediate and ongoing restoration of lost secondary after school program funding and expansion of elementary after school program funding at Title 1 school sites. For the 2015-16 school year \$77,000 was allocated to Encinal Junior/Senior High School and \$30,000 was allocated to Island High School to restore after school programming in the Spring of 2016. For the 2016-17 school year \$414,000 is allocated for continued programming at EJSHS and Island High School and new programs at Wood Middle School. For the 2015-16 school year, neither Encinal Junior/Senior High School nor Island High School spent any of the additional dollars, resulting in a \$0 for the 2015-16 school year. AUSD is fully committed to these dollars going towards ongoing restoration and expansion of after school programming in 2016-17 and beyond.	Expenditures: • Classified Salaries and Benefits • Professional Services • Capital Outlay \$0 (LCFF Base)

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated	\$ 4 778 022	
Total amount of Supplemental and Concentration grant funds calculated:	<u>ې4,776,052</u>	

A detailed summary of Alameda Unified School District's LCFF supplemental allocations to sites and districtwide actions/services is provided below. This includes specific descriptions and justifications where supplemental funds are used by a school site with <40% unduplicated enrollment or districtwide (AUSD has <55% unduplicated enrollment).

AUSD Procedure for reallocation of any LCFF supplemental funds (Resource 0002):

During the 2016-17 fiscal year, should any action/service be projected to either (a) not be implemented or (b) result in implementation that will be far under budget, the resulting surplus funds will be reallocated according to the following priorities:

- 1. Any other 2016-17 action/service funded by LCFF supplemental funds that is over budget
- 2. 2016-17 actions/services funded by LCFF supplemental that are specifically targeted to unduplicated students only

Funds that are projected to go unused from a school site's allocation may be reallocated to a districtwide action following the above prioritized steps.

Funds that are projected to go unused at the districtwide level may be reallocated to a school site following the above prioritized steps.

Page 116 of 136

Summary of Centralized LCFF Supplemental Funding (AUSD Unduplicated Student %: 34.5)

Funds Used Districtwide	Expenditure	Amount	Description
YES*	Coordinator of Family Involvement and Community Engagement: 0.50 FTE (Classified Salaries and Benefits)	\$70,806	Implementation of systems and programs to foster parent/guardian and community engagement
YES	School Smarts and Parent University (Classified Hourly, Professional Services)	\$80,021	Parent/Guardian Engagement programs that teach parents/guardians strategies for helping their child(ren) and school(s) succeed and understand the path to college and career readiness

Districtwide	Description and Supporting Research
Action/Service	
	Description of how services are principally directed toward and are MOST effective use of funds to meet goals for unduplicated students
Coordinator	The AUSD Coordinator for Family Involvement and Community Engagement (FICE) works to coordinate a range of programs that empower parents/guardian to advocate for their child(ren) and participate in school as active leaders. This directly supports the state priority of parent involvement and AUSD's
of Family	Parent/guardian Engagement goal. To fully address the wide range of actions that need to occur to engage parents/guardians of unduplicated students, a
Involvement and	district-level position is needed. The FICE coordinator supports the implementation of PTA School Smarts, After school programs, the LCAP parent/guardians engagement process, and a wide range of partnerships and collaborations with parent/guardian and community-based organizations.
Community	Description of alternative services considered
Engagement: 0.50 FTE (Classified Salaries and	Previous to the creation of this position, schools were left largely to their own devices to address their parent/guardian engagement needs. The default alternative considered was to leave this system in place. Other possibilities would include the contracting of outside services. However, to meet the district's current interests in (a) centralizing key systems/services and (b) building internal capacity both of these were not viable alternatives to the current status. • Supporting Research, Experience or Education Theory
Benefits)	 A wide body of supporting research confirms that an authentically engaged community improves schools. Research also demonstrates that schools serving large populations of students living in poverty have historically been the least successful at such engagement, demonstrating the need for new and increased efforts to engage parents/guardians of these students. A number of key studies are referenced in the following research summary published by the Annenberg institute on their Voices in Urban Education (VUE) site at the following link: http://vue.annenberginstitute.org/issues/36/why-community-engagement
Cyberhigh	Description of how services are principally directed toward and are MOST effective use of funds to meet goals for unduplicated students
Program	The state priorities of Pupil Achievement (4) and Pupil Engagement (5) both relate in direct or indirect ways to high school graduation. A critical component of high school graduation is the appropriate pace of credit earning over a student's 9-12 career. Students who fall off pace and require credit recovery often require unique and varied opportunities through which to recover credits and demonstrate their success. Unduplicated students are often more likely to require credit recovery. A districtwide cyberhigh license ensures that all AUSD high schools and students have access to this credit recovery option for those students who are in serious need of the resource.
	Previously cyberhigh was managed individually by three high school sites and loosely organized by the continuation high administration. This included the method of purchasing individual student vouchers, a system that often resulted in limiting the availability of the resource. Centralizing this service ensures that sites can support students without concern that vouchers may 'run out.' Other credit recovery options exist, some similar to cyberhigh. Cyberhigh has been received well and demonstrated success both with staff and students.

	Supporting Research, Experience or Education Theory					
	 Zinth, J.D. (2011, June). Credit Recovery & Proficiency-Based Credit: Maintaining high expectations while providing flexibility. Education Commission of the States. Retrieved from http://www.ecs.org/clearinghouse/94/23/9423.pdf See more at: http://www.centerforpubliceducation.org/Main-Menu/Staffingstudents/Credit-recovery-programs/Credit-recovery- References.html#sthash.U1q4j7QH.dpuf 					
	Description of how services are principally directed toward and are MOST effective use of funds to meet goals for unduplicated students					
Positive Behavior Intervention and Support (PBIS) program	The district goal of Student Engagement (maximizing learning time) aligns to the state priorities 5 (Pupil Engagement) and 6 (School climate). The districtwide PBIS goals include the development of a culturally responsive, positive, proactive, and integrated evidence-based behavior management system to reduce disproportionate discipline outcomes. These actions will serve to reduce discipline and maximize learning time for students. Maximizing student learning time is a key goal for AUSD. It is critical that unduplicated students maximize their learning time so that they can in turn maximize the impact of core instruction and any available academic intervention and support. Effective implementation of PBIS transforms school practices to improve the social culture and behavioral climate, providing unduplicated students a school setting in which they can academically and socially thrive.					
	 PBIS was initially considered for the district as a means of addressing disproportionality in Special Education. With the body of evidence supporting its use, PBIS as a broad practice was specifically targeted. Within the implementation of PBIS, a variety of implementation strategies were considered. Ultimately, it was decided that a full implementation in year 1 was not feasible and the program is being phased in over 3 years. A number of vendors/consultants were considered before arriving at the current partnerships. Supporting Research, Experience or Education Theory 					
	PBIS is well established as an evidence-based practice and multiple formal research studies have demonstrated its impact on outcomes for children and families. Examples include: <i>"The Evolution of Discipline Practices: School-Wide Positive Behavior Supports" (Sugai & Horner, 2002)</i> <i>"Effective Behavior Support" (Lewis & Sugai, 1999)</i> 					
	• "Applying Positive Behavioral Support and Functional Behavioral Assessment in Schools" (Sugai et al., 2000)					
School Smarts and Parent University Program	Description of how services are principally directed toward and are MOST effective use of funds to meet goals for unduplicated students The School Smarts Parent Engagement Program is a model for creating meaningful and diverse parent involvement. It brings parents from all backgrounds together in support of their common interest: helping their children and schools succeed. (capta.org/programs-events/school-smarts/) The district's goal of Parent/Guardian Engagement and the state priority 3 (parent involvement) both are met directly by this action/service. AUSD's Coordinator of Family Involvement and Community Engagement (FICE) coordinates with site PTAs to recruit parents/guardians of early elementary school students to foster parent engagement in schools, empower and support parents as children's first teachers, and develop leadership skills so that parents can contribute to the school community. AUSD has expanded the School Smarts offerings to include 5 major languages beyond English and is primarily concerned with engaging					

Page 120 of 136

	parents/guardians who are not traditionally engaged in school including all the named groups within the unduplicated umbrella.						
	Description of alternative services considered						
	Similar to other actions/services detailed in the current LCAP, a decentralized model of service had been in use and was considered. However, through the						
	creation of the Coordinator of FICE role, the centralized coordination of services for parents/guardians across the district has proven far more effective. This						
	has allowed for the pooling of resources (physical and human) and replication of successful practices with far more ease than would be possible in a decentralized model.						
	Supporting Research, Experience or Education Theory						
	Beyond the well-established body of research supporting parent/guardian engagement as an effective means of supporting student success, the School						
	Smarts Parent Engagement Program has amassed a body of specific evidence supporting its use. This can be found at http://capta.org/programs-						
	events/school-smarts/why-school-smarts-matters/ and includes pre- and post-academy survey results as well as summarized evaluation results.						
Successmaker	Description of how services are principally directed toward and are MOST effective use of funds to meet goals for unduplicated students						
Program	The Successmeller software provides sites an accessible and sustemizable reading (math intervention recourse areades K.C. This supports a range of						
	The Successmaker software provides sites an accessible and customizable reading/math intervention resource across grades K-5. This supports a range of the state priorities and AUSD LCAP goals for both student engagement and college and work readiness. Teachers can assign Successmaker intervention time						
	to students who are assessed as needing additional skill-building and practice in reading and/or math. This time may occur during centers within the						
	classroom, as part of Rtl time, or as a whole class. Customization allows for meeting specific needs of unduplicated students following assessment of their						
	reading/math levels.						
	Description of alternative services considered						
	Successmaker has been in use in AUSD for several years. Recently analyses were conducted of both the levels of use and student outcomes. Principals and						
	staff were also asked to provide feedback on the role of Sucessmaker within their programs. The Teaching and Learning department reached out to a						
	number of vendors to evaluate similar software resources that might be of interest. Following the overall analysis, it was determine to maintain Sucessmake						
	as AUSD's current K-5 reading/math intervention software. With the software soon to be compatible on Google Chromebooks, it is projected that the use will						
	increase greatly and take on new forms within the classroom.						
	Supporting Research, Experience or Education Theory						
	 Pearson (Sucessmaker's creator) provides supporting research in their latest efficacy research study that can be found here:

Summary of 2016-17 Site-directed LCCF Supplemental Expenditures

Bay Farm Elementary: 18.6% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
BF1	NO	Teacher Hourly	\$4,771	115 Hours for After school intervention to unduplicated students
BF2	NO	Psychologist Intern (2 days/week)	\$7,020	Additional psychologist services to address student socioemotional needs, primarily those creating barriers for unduplicated students
BF3	NO	Professional Consulting Services	\$5,928	Parent Volunteer Coordinator for small group reading intervention
BF4	NO	Materials and Supplies – Instruction	\$531	Materials and Supplies to support implementation of Systematic ELD
BF5	NO	Non-Capitalized Equipment	\$4,300	Smart Board to support technology integration for ELD Students
	Total Supplemental Funds at Site		\$22,550	

Earhart Elementary: 22.8% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
EH6	NO	Teacher Salary – 0.3 FTE	\$25,907	Reading Intervention for Early Grade Unduplicated Students
EH7	NO	Teacher Hourly – 50 Hours	\$2,073	English Learner summer camp for K and 1 st grades
EH8	NO	Approved Textbooks and Core Materials	\$565	Instructional Materials to support targeted instruction for unduplicated
EH9	NO	Books and other reference materials	\$565	students
	Total Supplemental Funds at Site		\$29,110	

Edison Elementary: 18.0% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
ED10	NO	Teacher Substitute – 127 Days	\$17,631	Substitute days to enable classroom teachers to provide targeted reading intervention to students reading below grade level
	Total Supp	lemental Funds at Site	\$17,703	

Franklin Elementary: 20.4% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
F11	NO	Instructional Aid Salary30 FTE	\$13,913	12 hours/week for bilingual paraprofessional instruction for unduplicated students, especially English Learners
F12	NO	Materials and Supplies	\$232	Instructional Materials to support English Learner instruction
	Total Supp	lemental Funds at Site	\$14,145	
Haight Elem	entary: 58.4% I	Unduplicated Enrollment		

Haight Elementary: 58.4% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
H13	NO	Books, Materials, and Supplies	\$4,528	Instructional Materials and Supplies to support unduplicated students
H14	NO	Duplication	\$2,679	Duplication services to support instruction for unduplicated students
H15	NO	Instructional Aid Salary – .88 FTE	\$45,068	Paraprofessional FTE to support unduplicated student instruction
H16	YES	Innovative Program Replication	\$80,476*	Innovative Program support for Title 1 school: Program Replication (Includes)
	Total Supp	plemental Funds at Site	\$141,751	

*Funding provided to Ruby Bridges Elementary over and above the per pupil LCFF Supplemental allocation of \$205.00/student

Lum Elementary: 42.1% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
L17	NO	Teacher Hourly – 60 Hours	\$2,491	After school homework support for unduplicated students and English Learner newcomer and high-need English Learner center
L18	NO	Counselor Salary20 FTE	\$22,721	Behaviorist support to provide for social skills groups and additional PBIS supports
L19	NO	Instructional Aid50 FTE	\$20,907	Paraprofessional FTE during school hours for at-risk, unduplicated students
	Total Supplemental Funds at Site		\$46,119	

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
ML20	NO	Literacy Teacher Salary (0.28 FTE)	\$27,999	Split funding of 1.0 FTE FTE Title 1 Literacy Teacher (0.28 FTE from LCFF Supplemental Funding)
ML21	YES	Innovative Program Support	\$109,149*	Innovative Program support for Title 1 school: Program continuation (Includes .40 FTE Counselor, .20 FTE ELD Paraprofessional, 30 hours of Translation support, professional development funding, and Contract for Museum of Children's Art (MOCHA) Art Teacher)
	Total Supplemental Funds at Site		\$137,148	

Maya Lin Elementary: 43.8% Unduplicated Enrollment

*Funding that is over and above the per pupil LCFF Supplemental allocation of \$205.00/student. This funding is part of the innovative program funding provided to Maya Lin.

Otis Elementary: 27.3% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
022	NO	Paraprofessional Salary (0.75 FTE) and Hourly (23 Hours)	\$33,144	English Language Development Paraprofessional salary and additional hours to support reading intervention classes after school
023	NO	Books and other reference materials	\$284	Instructional materials to support unduplicated students
	Total Supplemental Funds at Site		\$33,428	T

Paden Elementary: 55.9% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
P24	NO	Teacher Salary – Hourly (50 Hours)	\$2,150	After school time for unduplicated student supports, academic and behavioral.
P25	NO	Books and other reference materials	\$2,000	Instructional materials to support unduplicated students
P26	NO	Paraprofessional Salary – .8 FTE	\$29,880	0.8 FTE English Language Development (ELD) paraprofessional
	Total Supplemental Funds at Site			

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
RB27	NO	Teacher Salary30 FTE	\$34,663	Split funding of 1.0 FTE FTE Title 1 Literacy Teacher (0.30 FTE from LCFF Supplemental Funding)
RB28	NO	Teacher Hourly (85 Hours) and Substitutes (17 Days)	\$5,941	Teacher time to support academic intervention including Student Study Teams for at-risk, unduplicated students
RB29	NO	Instructional Aid – 0.75 FTE	\$31,845	Bilingual Paraprofessional to support English Language Development (ELD)
RB29	NO	Materials and Supplies	\$1,966	Instructional materials to support unduplicated students
RB30	YES	Vice Principal – 1.0 FTE	\$109,242*	Vice Principal to address the needs of student population with highest unduplicated percentage and mobility level in the district
Total Supplemental Funds at Site			\$183,657	

Ruby Bridges Elementary: 67.9% Unduplicated Enrollment

*Funding for the Vice Principal is provided to Ruby Bridges Elementary over and above the per pupil LCFF Supplemental allocation of \$205.00/student.

Lincoln Middle School: 18.5% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
LMS31	NO	Teacher Hourly (300 Hours) and Substitute (10 Days)	\$13,863	Hourly and substitute time to support site Data Coordinator for ELD and Literacy
LMS32	NO	Instructional Aid Hourly – 12 Hours	\$301	Paraprofessional Hourly time for translation services
LMS33	NO	Books and other reference materials	\$5,516	Supplemental Materials for English Learner FUSION intervention
	Total Supplemental Funds at Site			

Wood Middle School: 52.6% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
WMS34	NO	Counselor25 FTE	\$27,343	Counselor FTE to provide on-site academic and socioemotional support services to students, primarily to address those issues creating barriers to success for unduplicated students
WMS35	NO	Materials and Supplies	\$2,177	Instructional materials to support unduplicated students
WMS36	YES	Ongoing support to implement school restructure into STEAM model	\$36,380*	0.2 Teacher FTE, Teacher Hourly (30 Hours), Teacher Substitute (10 Days), Coursework materials, Professional Development, Makerspace support, and Fieldtrips to implement Project Lead the Way (PLTW) curriculum
	Total Supplemental Funds at Site			

*Funding provided to Wood Middle School over and above the per pupil LCFF Supplemental allocation of \$120.00/student. This funding is provided to support the ongoing implementation of Wood's STEAM program following their school restructure per Program Improvement mandates.

Alameda Science and Technology Institute: 30.9% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
ASTI37	NO	Teacher Hourly and Substitute	\$2,987	48 Hours and 7 days for teacher collaboration to support unduplicated students
ASTI38	NO	Psychologist Intern – 1 day/week	\$3,512	Additional psychologist services to address student socioemotional needs, primarily those creating barriers for unduplicated students
	Total Supplemental Funds at Site			

Page 129 of 136

Alameda High School: 25.3% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
AHS39	NO	Teacher Hourly (100 Hours) and Substitutes (15 Days)	\$6,281	Hourly and Substitute time for ELD/sheltered teacher collaboration and curriculum development
AHS40	NO	Instructional Aid75 FTE	\$32,728	ELD Paraprofessional to support Sheltered Class instruction
AHS41	NO	Books, Materials and Supplies - Instruction	\$13,191	Materials for ELD/Sheltered courses
	Total Supplemental Funds at Site			

Encinal Junior/Senior High School: 44.0% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
EJSHS45	NO	Instructional Aid - 1.0 FTE	\$78,524	Equity and Family Engagement Coordinator position to facilitate parent/guardian engagement and education and coordinate work aimed at addressing equity issues of race, class, language, gender, and other protected classes. This work, while supporting the success of all students, is focused primarily on the issues creating barriers for unduplicated students.
EJSHS46	YES	Teacher Salary– 0.60 FTE	\$59,992	Technology Lead Teacher (0.2 FTE), 6-8 Lead Teacher (0.2 FTE), and PBIS Lunchtime Intervention (0.2 FTE)
EJSHS47	YES	Teacher Stipends	\$35,541	Ten teacher stipends of \$3,000 to lead schoolwide programs
EJSHS48	YES	Teacher Hourly (508 Hours) and Substitute (29 Days)	\$25,187	Hourly and substitute time to support professional development activities schoolwide
EJSHS50	NO	Counselor - 0.40 FTE	\$40,993	Counselor FTE to provide on-site academic and socioemotional support services to students, primarily to address those issues creating barriers to success for unduplicated students
	Total Supplemental Funds at Site			

*Includes \$161,695 in Title 1 in-lieu funding that is over and above the \$120.00 per pupil allocation of LCFF supplemental funds.

Page 130 of 136

Island High School: 50.4% Unduplicated Enrollment

Reference	Funds Used Schoolwide	Expenditure	Expenditure Amount	Description
IHS51	NO	Teacher – 0.20 FTE	\$16,346	Additional Teacher FTE to deliver Math Intervention
IHS52	YES	Professional Consulting Services	\$1,364	Services to support parent/guardian involvement on family nights
IHS53	NO	Fieldtrips	\$1,270	Bay Area Community Resources (BACR) After School Program services to provide safe, after school options for students, primarily those who are unduplicated and especially those who are low-income and have limited after-school activity options outside of school
IHS54	NO	Teacher - 2.0 FTE	\$110,674	Staffing (Two 1.0 FTE Instructors), materials and supplies, dues, and fees for operation of the Teen Parenting (CalSAFE) Program. The CalSAFE program
IHS55	NO	Materials and Supplies	\$2,693	provides services to pregnant and parenting students at the secondary
IHS56	NO	Dues and Memberships	\$383	level, these students coming primarily from unduplicated populations. This option allows pregnant and parenting students to continue their studies at
IHS57	NO	Professional Consulting Services	\$250	a school site.
IHS58	YES	Teacher Hourly (90 Hours) and Substitute (5 Days)	\$926	90 Hours and 5 Sub Days for Teacher professional development
IHS59	NO	Travel and Conference	\$2,000	Professional Development opportunities to improve teaching and learning for unduplicated students in the continuation school context
IHS60	YES	Psychologist Intern (2 days/week)	\$3520	Additional psychologist services to address student socioemotional needs.
	Total Supplemental Funds at Site			

*Includes \$18,346 in Title 1 in-lieu funding that is over and above the \$120.00 per pupil allocation of LCFF supplemental funds AND \$114,000 in funding for Teen Parenting program (CalSAFE) that supports pregnant and parenting students districtwide.

Justifications for Schoolwide use of LCFF Supplemental Funding

Unduplicated Percentage	Reference	Expenditure	Description and Justification		
58.4%	H16	Innovative Program Replication	Targeted funding to support high-quality, innovative programming at Title 1 elementary schools. With unduplicated percentages of 58.4% and 43.%, Haight and Maya Lin Elementary Schools		
43.8%	ML21	Innovative Program Support	serve populations of students that can greatly benefit from innovative instructional options. The Integrated Arts program and Global Learning program both provide unduplicated students an instructional program in which there are increased access points to content and program structures that guide targeted academic and behavioral interventions.		
67.9%	RB30	1.0 FTE Vice Principal	Vice Principal to address the needs of student population with highest unduplicated percentage and mobility level in the district. Vice principal provides key leadership in support of site's PBIS implementation.		
52.6%	WM36	Ongoing support to implement school restructure into STEAM model	Wood Middle School restructured into a Science Technology Engineering Art and Math (STEAM) program through the Program Improvement process. With a majority unduplicated enrollment, the community prioritized cross-curricular instructional strategies to maximize student engagement. Ongoing support for this restructure include support for Reform Coordination and innovative STEAM programming.		
44.0%	EJSHS46	Teacher Salary– 0.60 FTE	Leadership to guide PD and time for staff to engage in collaborative professional learning to		
44.0%	EJSHS47	Teacher Stipends	address the key needs of Encinal's student population. With 44% unduplicated enrollment, a		
44.0%	EJSHS48	Teacher Hourly (508 Hours) and Substitute (29 Days)	core focus of all professional development at Encinal is the specific pedagogy required when working with low-income students and English Learners.		
50.4%	IHS52	Professional Consulting Services	Services to support increased parent involvement. Island High School, as a continuation program, faces unique challenges in increasing parent/guardian involvement, which remains a critical component in increasing student success.		
50.4%	IHS58	Teacher Hourly (90 Hours) and Substitute (5 Days)	Time for staff to engage in collaborative professional learning to address the key needs of Island's student population. With 50% unduplicated enrollment, a core focus of all professional development at Island is the specific pedagogy required when working with low-income students and English Learners.		
50.4%	IHS60	Psychologist Intern (2 days/week)	Additional mental health resources to support PBIS implementation and student socioemotional intervention at continuation high school with high unduplicated enrollment.		

- Page 132 of 136
- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

6.82 %

The total budgeted expenditures for actions/services to be provided in 2016-17 for unduplicated students meets the 6.82% Minimum Proportionality Percentage (MPP) indicated above. This 6.82% MPP is equivalent to the budgeted \$4,778,032 of LCFF supplemental funds.

The services in the LCAP demonstrate more than 18% in increased or improved services for unduplicated students as compared to services provided to all pupils in 2016-17 school year. The District will be spending \$4,778,032 on unduplicated students in 2016-17 as compared to the \$4,256,936 calculated in the 2015-16 LCAP.

Supplemental Funds are being used in the following ways to support Goal 1 (Eliminate barriers to student success and maximize learning time):

- Maintain and expand implementation of Positive Behavior Intervention and Supports (PBIS) systems
- Credit recovery options for students to improve graduation rates
- Additional counseling services to provide academic monitoring and support
- Additional psychological services to provide socioemotional monitoring and support to targeted students
- Restoration and expansion of afterschool programming at targeted sites with high unduplicated enrollment

Supplemental Funds are being used in the following ways to support Goal 2A (Support all students in becoming college and work ready and demonstrating measured annual growth relative to their individual performance level(s)):

- Math and reading intervention software license for all K-5 sites
- Support for magnet and innovative school programs at sites with high unduplicated enrollment
- Academic intervention support to students after and during school hours
- Collaboration time for teachers to engage in curriculum development, classroom-based inquiry, peer coaching and other professional activities that support the district and individual site foci
- Additional Literacy support to targeted students in need of intervention
- Additional administrator support to elementary school with highest unduplicated student percentage and mobility rate in district (Action 206)
- Ongoing support to site following program improvement restructuring
- Time for site data coordinator to work with English Language Development staff and Fusion teacher(s) to analyze student data, determine intervention placements, and monitor progress ongoing

- Professional development to support improved teaching and learning for unduplicated students
- Release time for teachers to lead site work in technology, middle school curriculum, and PBIS services

Supplemental Funds are being used in the following ways to support Goal 2B (Support English Learners in becoming college and work ready and demonstrating measured annual growth relative to their individual performance level(s)):

- Extended learning for targeted students during 4-week summer school
- ELD/Literacy coaching to support implementation of districtwide ELD program
- Coordinator of ELD position to manage implementation of ELD program and coordinate work of ELD/Literacy coaches
- Professional Development to support the implementation of systematic ELD and overall ELD program
- Targeted FTE to support English Learners FTE allocations for ELD and Fusion sections above base allocation, allowing for lowered class sizes and proficiency-based scheduling
- Supplemental resources for English Learner instruction
- Instructional Aids to support implementation of ELD program
- Additional instruction for English Learners at the elementary site level

Supplemental Funds are being used in the following ways to support Goal 3 (Support parent/guardian development as knowledgeable partners and effective advocates for student success):

- Maintain Family Involvement and Community Engagement Coordinator to support School Smarts, PTAs, After School Programs, and facilitate partnerships throughout district and surrounding community
- Parent/guardian engagement program that brings parents/guardians together for 7-week course teaching strategies for helping students to succeed in high school (School Smarts) and programs to support parent/guardian college and career awareness (Parent University)
- Additional translation services at site level to supplemental districtwide resources (Action 303)
- Maintain teen parenting program at Island High School, providing access to pregnant or parenting teens districtwide. Program also functions as Career Technical Education (CTE) course
- Equity and Family Involvement Coordinator at Encinal Junior/Senior High School
- Parent Volunteer Coordinator at Bay Farm School

NOTE: Authority cited: Sections 42238.07 and 52064, Education Code. Reference: Sections 2574, 2575, 42238.01, 42238.02,

42238.03, 42238.07, 47605, 47605.5, 47606.5, 48926, 52052, 52060-52077, and 64001, Education Code; 20 U.S.C. Section 6312.

AUSD Procedure for reallocation of any LCFF supplemental funds (Resource 0002):

During the 2016-17 fiscal year, should any action/service be projected to either (a) not be implemented or (b) result in implementation that will be far under budget, the resulting surplus funds will be reallocated according to the following priorities:

- 1. Any other 2016-17 action/service funded by LCFF supplemental funds that is over budget
- 2. 2016-17 actions/services funded by LCFF supplemental that are specifically targeted to unduplicated students only

Funds that are projected to go unused from a school site's allocation may be reallocated to a districtwide action following the above prioritized steps.

Funds that are projected to go unused at the districtwide level may be reallocated to a school site following the above prioritized steps.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (e) "Suspension rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).

(3) Divide (1) by (2).

- (f) "Expulsion rate" shall be calculated as follows:
 - The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).

(3) Divide (1) by (2).
