Update on AUSD's Remote Learning Program

Sara Stone, Chief Academic Officer

November 10, 2020

Goals

- Share Elementary Remote Program Refinement

- Share Secondary Remote Program Refinement for standing program

- Share Secondary Remote Program Option ideas for Semester 2

ALAMEDA UNIFIED SCHOOL DISTRICT
Excellence & Equity For All Students

Elementary Remote Program Refinement

- We are increasing direct instruction and support from the Learning Coordinators to be more like the Flex model.

- We are not relying on Edmentum as the sole curriculum: addition of ZEARN Math (Eureka aligned), Raz Kids for Reading, and Freckle for other supports, as well as physical materials.

- Began distribution of Math/Literacy packets to support students in pen and paper work.

Excellence & Equity For All Students

Secondary Current Remote Program Refinement (Option #1)

Remain in Edmentum and current model with Refinement:

- Priority Standards aligned modules remain
- Adjustment to pacing to allow for more time to complete modules
- Access to content support via Access Hours increased
- Provide alternative assessment for students struggling to pass Edmentum multiple choice assessment

Secondary Option #2 for Remote Families

Return to Flex Model with Clear Conditions and Limitations

Middle and high school remote students will be scheduled into flex program classes.

Because of significant constraints around current class sizes across the district, remote students re-entering the flex model might be scheduled at multiple campuses into virtual classes.

For example:
- **English 2 (AHS)**
- **Biology (ASTI)**
- **Elective (EHS)**

Concurrent enrollment at Community College or Cyber High could also be a part of the schedule.

Continued Feedback Cycle

- Elementary Learning Coordinator meeting held on 11/2/20 to discuss ideas for refinement of Elementary Remote program

- Secondary Learning Coordinator meeting held on 11/3/20 to discuss ideas for Option 2 and 11/4/20 to receive more feedback to refine existing program

- Options for Secondary Remote Family - small discussion with Pasquale Scuderi and Sara Stone (11/6-11/9)

- Using the information from these meetings to determine how to plan for Semester 2 for Secondary Remote Families

- Elementary Family meetings to be held regularly to continue to listen and receive feedback
