CATEGORY #1: FILES TO RETITLE

The titles of some policies in your manual do not match the titles that CSBA assigned to that policy number in the codification system that underpins GAMUT Policy Plus. As a result, the system did not recognize your policies when they transferred from our old platform. These policies were imported as drafts and show up in the WIP folder with the title that CSBA uses.

In the WIP folder, these files have the number and title used in the CSBA sample manual. To fix this, simply change the title and you can then move these policies out of WIP and into your district's live manual.

A) Policies (BP) and Bylaws (BB) to Retitle

ACTION NEEDED: Board approves renaming these policies
Formally changing the title of a policy is not a substantive change, but it does require formal board approval. **Please bring the following policies to your board for renaming. Enter the date when the board approved renaming in the final column.**

POLICY CODE	CURRENT DISTRICT TITLE	NEW TITLE	DATE OF BOARD APPROVAL
BP 4311	Recruitment And Selection Administrative, Supervisory, Confidential And Licensed Personnel	Title mismatch. CSBA Policy title is "Recruitment and Selection".	
BP 4314	Transfers Of Administrative, Supervisory, Confidential And Licensed Personnel	Title mismatch. CSBA Policy title is "Transfers".
