Board Appointment Process: Background

- With former Board President Mia Bonta being elected to the state assembly, there is a vacant seat on the Board of Education.

- Education Code gives the Board two options for filling the vacant seat: calling a special election, or appointing an applicant.

- At its regularly scheduled meeting on September 14th, the Board voted unanimously to select the appointment method to appoint new Board member who will provisionally fill former Board President Bonta's vacancy on the Board until the end of her term, November 2022.
