We want you to know that your involvement--as parents and caregivers of our students--is very important to our school. Did you know that family involvement is one of the main things affecting students' academic achievement and overall experience at school?

In this document, we want to share all of the different ways that our school is committed to involving families in our policies and our everyday actions. We take these responsibilities seriously, not just to fulfill our requirements, but because it's what's best for our students and our school.

If you have questions or concerns, or if you would like to get more involved in our school, please contact our principal, assistant principal, or School Site Council chairperson.
