

*Communication with Those
Charged with Governance*

**Measure I Bond Building Fund of
Alameda Unified School District**

June 30, 2022

MOSSADAMS

Communication with Those Charged with Governance

To the Governing Board and Measure I Citizens' Oversight Committee
Alameda Unified School District

We have audited the financial statements of Alameda Unified School District (the "District") Measure I General Obligation Bonds (the "Bonds") Building Fund activity as of and for the year ended June 30, 2022, and have issued our report thereon dated January 18, 2023. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under *Government Auditing Standards* and Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated May 20, 2022, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities. We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America. As part of an audit conducted in accordance with U.S. GAAS and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we considered the District's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control.

We are also responsible for communicating significant matters related to the financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter dated May 20, 2022.

Significant Audit Findings and Issues

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted during the year and there were no changes in the application of existing policies during 2022.

We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There are no significant accounting estimates in the financial statements as of and for the year ended June 30, 2022.

Financial Statement Disclosures

The disclosures in the financial statements are consistent, clear, and understandable. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

- ***Measure I General Obligation Bonds*** – Information regarding the District's Measure I Bonds, including the amount authorized and outstanding is provided in Note 5 to the financial statements.

Significant Unusual Transactions

We encountered no significant unusual transactions during our audit of the District's financial statements.

Significant Difficulties Encountered in Performing the Audit

Professional standards require us to inform you of any significant difficulties encountered in performing the audit. No significant difficulties were encountered during our audit of the District's financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Circumstances that Affect the Form and Content of the Auditor's Report

There may be circumstances in which we would consider it necessary to include additional information in the auditor's report in accordance with U.S GAAS. There were no circumstances that affected the form and content of the auditor's report.

Uncorrected Misstatements

Professional standards require us to accumulate all factual and judgmental misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

There were no misstatements identified by us as a result of our audit and uncorrected by management that are material, either individually or in the aggregate, to the financial statements as a whole.

Management Representations

We have requested certain representations from management that are included in the attached management representation letter dated January 18, 2023.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's Measure I General Obligation Bonds Building Fund activity or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We are required to communicate to you other findings or issues arising from the audit that are, in our professional judgment, significant and relevant to your oversight of the financial reporting process. There were no such items identified.

This information is intended solely for the use of the Governing Board, Measure I Citizens' Oversight Committee and management of Alameda Unified School District, and is not intended to be, and should not be, used by anyone other than these specified parties.
