Fiscal Solvency

Themes for the 2023-24 Governor's Budget

- **Back to business as usual**
 - First budget since 2020 without any funding related to COVID-19
- **The Governor's Budget is focused on maintaining programs where possible while trimming others**
- **Softening economy**
- **Budget assumes continued growth in economy and a change in the economic conditions could require more difficult decisions at the May Revision**
 - The State is better prepared to handle the downturn due to reserves built up during good years

State Budget and Economy

- **Risks to economy**
 - **Persistent inflation**
 - **Rising interest rates**
 - **Continued supply chain issues**
 - **Struggling stock market**
- **Most economists believe that a mild recession will occur in 2023 or 2024**
- **The Governor's revenue forecast assumes slower economic growth, but not a recession, which leaves little room to make adjustments**
