<ul style="list-style-type: none"> • 1.1 Student’s daily learning experiences are engaging, utilize multiple ways of learning, and feature lots of student talk • 1.2 Learning is aligned to and supported by grade-level standards and clear policies • 1.3 Relationships are built or improved to support learning and supportive environments 	<ul style="list-style-type: none"> • 2.1 Every school and teacher provides the academic, social/emotional, and culturally responsive support each student needs • 2.2 Educators have time to collaborate and grow in service of student learning • 2.3 School teams consistently support equitable student outcomes • 2.4 School and student schedules create equitable access and learning opportunities 	<ul style="list-style-type: none"> • 3.1 Finance: provide long-term financial stability necessary to maintain core programming and services • 3.2 Talent Management: Build a focused and diverse team where all positions are fully staffed with qualified personnel • 3.3 Communications: Use accurate, transparent, and engaging communications across multiple channels to support AUSD’s students, staff, and families.

2024-25 LCAP Goals

Goal 1	Create and Improve the foundational education program where student’s daily learning experiences are engaging, utilize multiple ways of learning, and feature lots of student talk. Student learning is driven by grade-level standards and tasks that support critical thinking, connections to real world concepts and developing healthy relationships.
Goal 2	We work to build relationships between families, students, and staff to ensure schools are supportive, inclusive, and safe.
Goal 3	Every school provides the academic, social/emotional, and culturally responsive support each student needs to reach their academic goals.

SPSA Goal 1: Students' daily learning experiences are characterized by engagement, multiple ways of learning, and student discourse; ensure student learning is driven by grade-level standards, and our families, staff, and students are clear about what students are expected to learn and the policies that support learning;

Goal 1
If we increase teacher frequency and depth of use of effective instructional strategies (small group/differentiated instruction, Culturally and Linguistically Responsive Practices, Explicit Reading Instruction).
Then the percentage of students showing expected rates of growth will increase by 3% from 72% to 75% when comparing the Fall to Winter Star Student Growth scores in 2023-24 to Fall to Winter Star Student Scores in 2024-25. For Focal Scholars, our target is 80% of students meeting or exceeding expected growth.

Teacher Actions	SLT Actions	Leadership Actions
Continually refine effective Tier I instruction through use of Peer Observations - GL teams observations, share out best practices (Tiny Ted Talks) in staff meetings,	Plan and facilitate staff meetings and PD focused on improving Tier 1 instruction.	Provide Support for teachers use of Small Group Differentiated Instruction (walkthroughs, peer observations, coaching, staff wide PD), and implementation of district adopted curriculum.
K-3 Teachers will facilitate small group reading instruction working with students at their identified instructional levels as indicated by F&P, Star and/or early literacy data, and the CCC placement tests	PLC Leaders, with support of SLT will help implement a Cycle of Inquiry (Problem of Practice) in grade level bands and/or CLRP inquiry groups.	SLT agenda topics related to supporting use of assessment data to guide instruction (making meaning of data through Cycles of Inquiry, use of Focal Student data to monitor success of targeted subgroups)
Implement data informed RTI with flexible groupings across the grade level, with a particular lens on progress of Focal Students (prioritize Black, Latinx, ELL & SED students)	Learning walks, walkthroughs around areas of academic discourse, small group instruction, RTI implementation and CLRTP best practices.	Provide opportunities for professional development and collaboration focused on Explicit Reading Instruction and CLRTP.
Participation in Wednesday collaboration cycles of inquiry to improve Tier 1 instruction.	SLT will create a Schedule for collaboration time that includes time for COI around a CLRT practice.	Leadership will allocate resources to support interventions for Focal Scholars (and others) as identified by the COST team.

SPSA Goal 2: We focus on building relationships between families, students and staff to ensure schools are supportive, inclusive, and safe environments that maximize learning

Goal 2
<p>If we create a positive learning environment that includes:</p> <ul style="list-style-type: none"> ● Culturally Responsive Teaching practices ● Positive Behavior Intervention and Support ● Effective Socio-emotional Learning practices, and ● Reinforce attendance expectations with students and families,
<p>then students will attend school more consistently (specifically students within the subgroups identified as lowest/lower performing: ELL’s, Latinx students, Students with Disabilities, Socioeconomically Disadvantaged, and Students listing Two or More Races). This would then lead to a reduction in the school's Chronic Absence rate, improving the school’s overall attendance rate by 1.2% (8% overall rate) by May 1st, 2025. For latinx students, our goal is to lower the overall rate of absenteeism from 16.2% to 12%.</p>

Write SMARTIE Goal around attendance measurement and specific subgroups we’ll be monitoring, making sure to include Hispanic Students as identified by the CA Dashboard

Teacher Actions	SLT Actions	Leadership Actions
Equitable Start Meetings with Families using "Hopes and Dreams" protocol and promoting positive school attendance.	Clarify & remind parents of attendance expectations regularly (BTSN, conferences, ParentSquare). Ensure calendar supports Equitable Start meetings (1st 3 Wednesdays in August), built into Wednesday Collaboration calendar.	Promote and encourage families to participate in Equitable Start meetings at the beginning of the year. Promote positive attendance via ParentSquare, positive phone calls home, Back to School Night, Equitable Start meetings, and schoolwide attendance challenges.
Implement Socio-emotional Learning (SEL) Curriculum - Toolbox lessons and activities. Review PBIS and school wide rules and follow up with MDD’s & Dolphin awards.	Support for staff in implementing SEL curriculums (Toolbox in conjunction with Culture & Climate committee: Staff PD, meeting presentations.	Teacher PD/refresher on use of CRT practices, schedule walkthroughs to support implementation. Attendance Support for Families (SART meetings). Support office team in making positive attendance phone calls/outreach and making the office a welcoming point of entry.
Use of Culturally Responsive Teaching Strategies (Focus on Structured Talk Routines, Restorative Practices, Student Voice & Agency)	Model best practices, such as Student Discourse routines, community circles and restorative practices at staff meetings.	Seek out diverse voices from the school community (Listening Sessions, Parent Affinity Groups, Family Surveys, Outreach for ELAC meeting participation)

<p>Each teacher will identify 3-4 students from the above mentioned subgroups to prioritize in their Equitable Start Meetings, Cycles of Inquiry in collaboration and data analysis.</p>	<p>Develop protocols for supporting and looking at data around Focal Scholars.</p>	<p>Promote and encourage families to participate in Equitable Start meetings at the beginning of the year. Schedule monthly community conversations.</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal in the previous year.

LCAP Goal #1: If we provide culturally responsive, engaging tier 1 instruction with targeted, specific tier 2 RTI time developed by reviewing multiple measures; Then 80% of our students will meet or exceed expected growth (SGP) on STAR Reading and Math Assessments. (Up from 71% Fall to Winter 22/23) Then 70% Black A/A students will meet and exceed their expected growth (up from 54.3% Reading and 65.4% Math Fall to Winter 22-23)

Comparison of Student Growth Percentile (as of March of 2023-24):

Assessment, Subject Area	subgroup	Fall 2022 to Winter 2023	Fall 2023 to Fall 2024
Star Reading	All students	71.3 (351/492)	71.8 (287/400)
Star Reading	AA/Multi Ethnic	47.8% (11/23)	64.7% (11/17)
Star Reading	Socioeconomically Disadvantaged	70.5% (79/112)	74.4% (64/86)
Star Reading	English Language Learner Students	83.3 (10/12)	50%(8/16)*
Star Reading	Special Education Student	65.4 (34/52)	68.2% (30/44)

Star Math	AA/Multi Ethnic	60.9% (14/23)	47.6% (10/21)
Star Math	Socioeconomically Disadvantaged	61.1% (69/113)	72.5 (74/102)
Star Math	English Language Learner Students	50% (7/14)	60% (15/25)
Star Math	Special Education Student	65.5% (36/55)	57.1% (28/49)

LCAP Goal #2: If we create a positive learning environment that includes Culturally Responsive Teaching practices, Positive Behavior Intervention and Support, effective Socio-emotional Learning practices, and reinforce attendance expectations with students and families, then students will attend school more consistently, reducing the school's Chronic Absence rate and improving the school's overall attendance rate. This will result in a 25% decrease in the number of students who are Chronically Absent, as measured by our district Chronic Absenteeism data in Schoolzilla.

Chronic Absenteeism Data Comparison (as of March 2024):

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal for the previous year.

We will continue to use our LCAP funds to pay for intervention support in reading. We have been doing RTI at all grades for two years. Next year there will be increased alignment in the schedule with SPED case manager and other support staff to enable us to offer more targeted RTI small group instruction. We started using Do the Math intervention kits mid year and found them very beneficial. Our data shows that math is an area of need for ALL students, black and AA students and students with IEP's. This will be an element that is incorporated into RTI. In addition, we will utilize the district math coach and classroom walkthroughs to improve tier 1 math instruction. The effect of these changes will be monitored by reviewing data of our focal scholars.

Describe any changes that will be made to this goal, the annual outcomes, metrics or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goal #1 - While we see decent growth in our academic data set, we will continue to push for increased academic growth and to close the achievement gap between student groups. To do so, we will continue to refine our selection criteria for including students in RTI and for deciding which RTI group for them to join. Additionally, we will, in collaboration with all staff, discuss the pros and cons of a hyperfocus on one academic area (Math RTI only) vs participating in different RTI (math/reading/writing) groups over the course of a given school year as well as the possibility of introducing an executive functioning group. Additionally, given that our math, attendance, and focal scholar goals align, we will work to be more strategic in selecting focal scholars next year.

Goal #2 - We saw nearly universal progress to achieving our PBIS & attendance goals with the sole exception being our chronically absent students. While the sample size of chronically absent students is small (particularly when broken down by subgroup) resulting in large swings in the data set, it seems readily apparent that our current set of interventions for chronically absent students (attendance notes, positive family contact, SARTs, SARBs, WRAP Team referrals) is insufficient to address the needs of our most chronically absent students. While we will continue to improve the implementation of the strategies mentioned above, we will also look to add to our tool set by considering new strategies including but not limited to selecting chronically absent students as focal scholars, ensuring a equitable start meeting for each of the students in this category, enacting school wide attendance goals & competitions, identifying more trusted adults to serve as role models, and expanding the use of CICO to address chronic absenteeism.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the

TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI

planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA-and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]
