Why do you want to serve on the Measure I Independent Citizens' Bond Oversight Committee?

Providing our community with the assurance that the monies raised from the Measure I bonds are being utilized as defined on the bond measure is crucial in keeping the trust of the existing bond and any possible future bond measures.

Do you have any special area of expertise or experience that you think would be helpful to the committee?

I was actively engaged in community discussions when the bond was developed and served as on the Measure I steering committee and have attended board meetings when bond allocations were presented. In addition, I have a degree in accounting and was an auditor for an international accounting firm for 5 years after graduation. I believe the experience gained will be beneficial to the committee.

If you have served on other school district, city or community committees please list and briefly describe your role:
