

Consolidation and Prioritization of Alternative Scenarios

Facilities Alternatives

- Combine Lincoln MS and AHS
 - Lincoln MS campus could be freed up to combine elementary schools or a specialized program
- Make elementary schools K-6 and high schools 7-12
- Expand ASTI to include more students
- Create one 10-12 site and two 7-9 junior high school sites
 - Elementary schools would be K-6
- Close Junior Jets and Academy of Alameda to reinstate Chipman MS
- Combine Otis and Edison elementary schools
- Combine Franklin, Haight, and Maya Lin elementary schools
- Create middle and high school charter schools

Program Alternatives

- Increase availability of CTE classes
- Create specialized programs at Alameda HS, such as an ROP program or trades
- Offer courses online (e.g., via webinar, livestream, facetime, skype, etc.)
 - Expands class availability to students at “other” campus
- Dual enrollment with Merritt College and College of Alameda
 - Including bringing classes to school sites and developing a wheel for college courses
- Align bell schedules at AHS and EHS
 - Allows both students and teachers to travel
- One high school on two campuses
 - Remove geographic boundaries so that each school can focus on specific programming (e.g., Liberal Arts and STEM)
- Develop a wheel for AP classes

Miscellaneous comments

- Keep athletic program capacity as is
- Do not lose any offerings at Encinal
- Keep AP course active
- Create premiere identity for EHS on the west end
