

## **Alternative Scenarios**

### **1. Consolidated high schools**

- Close Encinal High School (EHS) and consolidate all students onto the Alameda HS (AHS) site

### **2. Separate high schools with open enrollment**

- Align bell schedules at AHS and EHS
- Offer courses online (e.g., via webinar, livestream, facetime, skype, etc.)
- Expands class availability to all students no matter boundaries
- Allows both students and teachers to travel

### **3. Dual enrollment with the Peralta College school system (e.g., Merritt College and College of Alameda)**

- Including bringing classes to school sites and developing a wheel for [post-secondary CTE and STEM-like college](#) courses
- Create specialized programs at high schools (AHS, Encinal HS, and ASTI) (e.g. CTE, trades, etc.)
