D. COMMUNICATIONS

1. Public Comments on Non-Agenda Items:
Vicki Sedlack, outgoing Executive Director of Alameda Education Foundation: Ms. Sedlack announced it was her last time attending a Board meeting as the Executive Director of Alameda Education Foundation (AEF) and she introduced Ms. Julia Owens as the new Executive Director of Alameda Education Foundation (AEF).

Paizley Spencer, AUSD Teacher-Librarian: Ms. Spencer stated she was coming to the Board to advocate for middle school teacher-librarians. Ms.

Spencer said she has spoken to many teachers in the district and teachers often ask her, why doesn't AUSD have middle school Teacher-Librarians? Ms. Spencer says she thinks it could work with a teacher-librarian who could service both Lincoln and Wood campuses.

Ryan Brazil, AUSD teacher: Ms. Brazil stated today is the 100th day of school. Ms. Brazil stated she was recently considering where her priorities are and her top priority as a teacher is to enhance the experience of her students. Ms. Brazil said as she takes this line of thinking one step further, she wondered what the priority is for the District? Ms. Brazil stated it feels like the top priority for the District is to save money. Ms. Brazil said every year she goes a little more into debt, while the District continues to save money. Ms. Brazil asked the Board to consider the impact they have on the issue of AUSD's priorities.

2. Written Correspondence:

The Board did not receive any correspondence related to this agenda.

3. Report from Employee Organizations:

Alameda Education Association (AEA): AEA Co-Presidents Nancy Read and Martha Zenk gave their report to the Board. They agreed that we are here in uncertain times, and it may not be raining, but every day they are hearing of distress in the forecast, and we're listening. The co-presidents stated they are grateful for the attention and the communication that Superintendent Scuderi has been sending out around threats to safety and threats to education funding. AEA believes we can together create a contract that improves safety in our classrooms. That improves our security conditions.

Last week AEA and AUSD met for their first bargaining session of 2025 and it was more fun than expected, and the AEA co-presidents stated they are optimistic. AEA believes that our specific proposals for improving conditions will help both students and educators be safer from the forces that threaten our community.

The AEA co-presidents stated they are bargaining for more caring and skilled staff, more staff working with students, because we all need to think, learn, and connect, to feel safe, and these are the people who are there with students helping them stay regulated.

The AEA co-presidents stated they are also bargaining to improve the physical climate in schools, to create environments that are comfortable and safe for working and learning. They stated they have worked hard with AUSD to make our schools physically and emotionally safe, yet intellectually challenging. Now is the time to increase our support for schools.

4. Report from PTA Council:

Katie Honegger President, PTA Council: PTA Council President Katie Honegger stated there was a good first in-person PTAC meeting last week, and she thanked Jodi McCarthy, Coordinator of Student Support Services, for coming out engaging in a discussion with AUSD's PTA leaders.

5. Board Members' Report:

Board Clerk Heather Little: Board Clerk Little shared her appreciation for all the teachers who came to the meeting tonight. Board Clerk Little stated she knows teachers and staff are working really hard all day long, so to take the time to come back out in the evening to demonstrate your wishes is very much appreciated.

Board Clerk Little stated she continues to count her blessings for the way our city has always responded to challenges, and for the way that it is responding now in this new political situation we are in. Board Clerk Little stated she knows that feelings are raw, and people are scared right now. Board Clerk Little stated she is incredibly thankful for the communication the district has been putting out around this.

Board Clerk Little reminded the community that their concerns do not go unheard, and she continued to pledge that this district, and as far as she's concerned, this entire community will continue to be a safety and sanctuary location, where we will ensure the rights of our community members are upheld, and she pledged to be on the front lines of that.

Board Member Meleah Hall: Board Member Hall stated she recently attended an event hosted by Assemblymember Mia Bonta where teacher Michelle Kuttner was presented with an award for all the environmental work she does at Bay Farm School. Board Member Hall recognized Ms. Kuttner for this award and stated it was well-deserved.

Board Member Hall attended a Martin Luther King, Jr. event hosted by Betty Williams, who's a long-time Alameda resident, who actually attended school in Alameda when it was segregated. Board Member Hall said the event was a really powerful gathering to attend where they had schools that were very much separated on the West End and the East End. Board Member Hall suggested if anyone is interested in learning more about Betty Williams, she carries a lot of history about Alameda.

Board Member Hall stated she attended an event also on governance with California School Boards Association (CSBA), and she also attended a high quality, professional development for mathematics.

Board Vice President Ryan LaLonde: Board Vice President LaLonde thanked District staff for the clarity and speed in which they've been communicating with the community as difficult things have been happening from a federal level to confuse and distort and to create fear since Martin Luther King, Jr. Day. Board Vice President LaLonde stated he knows staff has to respond and look at situations and report out to the community every day, and this communication has been really clear.

Board Vice President LaLonde also expressed a huge thanks to LGBTQ Liaison Melissa Saunders for leading the information session on immigration, and how AUSD will protect our students. Board Vice President LaLonde stated one of the big things he wants our community to know is that we don't have or collect any information on the immigration status of our students.

Board Vice President LaLonde stated he has seen other districts having students be absent during this week, out of fear for what's going to happen, and AUSD does not have these same attendance issues, it speaks volumes to how clear and communicative we have been about how we are protecting our students.

6. Superintendent's Report:

Superintendent Pasquale Scuderi: Superintendent Scuderi shared it has been a bit of a blurring or dizzying week. The speed at which these new federal directives are coming and trying to interpret them, and what they mean, and the potential for local impact is something that we will stay tuned to and probably spend a lot more time than we anticipated, spending out of a great necessity. Superintendent Scuderi stated he echoes the sentiments of the Board, that while there are a lot of concerning things coming down on the federal level regarding public education, we, as a community as a staff.

Superintendent Scuderi continued by saying families are not powerless or voiceless in this change, and it is our intention to make sure that every single protection and protective measure, right and legal right that we have at our disposal is going to be recognized and exercised.

Superintendent Scuderi acknowledged the large crowd of Alameda Education Association (AEA) members who made a show of support tonight ahead of the start of negotiations. Superintendent Scuderi stated a critical part of any of the discussions around compensation need to be creative, and in order to be creative we need to listen to our teachers and staff without interruption. Superintendent Scuderi said the thought that it is the District's philosophy that is our responsibility to save money annually rather than invest in our employees is something he can hear, but it is also something he would frame in a different way.

Superintendent Scuderi shared we'll have lots of opportunities to talk about our goals with negotiations and tonight he will commit that our team will enter into this very critical dialogue with open minds and a commitment to respectful dialogue, and to, as we did last cycle, trying to find creative solutions that are mutually beneficial for all involved.

7. Student Board Member Report:

Student Board Member Lianna Lau (ASTI): Student Board Member Lau wished everyone a Happy Lunar New Year's Eve and she extended a very big welcome to the new batch of ASTI students who will be joining the ASTI community in the Fall. Student Board Member Lau announced that enrollment acceptance and waitlist emails will be sent around the second week of February.

Student Board Member Lau also announced ASTI Junior Jet Sutton, will compete at the county level for the Poetry Out Loud contest on Wednesday, the February 5th.

Student Board Member Lau announced this Thursday ASTI will have their movie night after school from 4:00pm to 6:30pm. The film will be "A Quiet

Place,” and “The Help.” Student Board Member Lau stated movie night will kickstart African-American History Month, where ASTI will have a month full of celebrations and events.

Student Board Member Lau also shared that Women's History Month will begin in March with a keynote from Ms. Tamearra Dyson, owner of the restaurant “Souley Vegan,” who will share her inspiring journey as an African American female entrepreneur. The evening will also include exhibits honoring African American history. This event is free for ASTI students and families, and will be held on February 28th from 5:30 to 7:30pm.

Student Board Member Eugene Kruger (EJSHS): Student Board Member Kruger stated last semester Encinal had 881 students on Honor Roll, which means a GPA of 3.0 or above, which he finds very remarkable. Also, there are 911 students who had a “C” average or better in all their classes, which is a cause for celebration.

Student Board Member Kruger told the Board about the attendance rates at Encinal and he shared news about the DECA Club and their recent competition.

Student Board Member Kruger announced the Spring Musical “Mamma Mia” is going to open on March 14th. Student Board Member Kruger stated he has seen and heard the play rehearsals and it should be a really fun event.

Student Board Member Tabitha Kim (AHS): Student Board Member Kim greeted the teachers in the audience, and wished everyone a Happy Lunar New Year. Student Board Member Kim stated next week Alameda High will have an event that features six or seven Asian cultural clubs, where they come together to have a festival type of event, with games, music, prizes, and other traditions that Asian countries usually do for Lunar New Year.

Student Board Member Kim also stated next Friday AHS will have our their Club Day where students and club leadership shows the new clubs that are coming in what they do, as well as getting new sign-ups for well established but low on membership clubs. Student Board Member Kim also announced that students were able to raise \$1,800 for relief efforts for the Los Angeles communities damaged during the recent fires.

Student Board Member Kim wrapped up her report by announcing this Thursday there will be opening of a space at the Phoenix Art Gallery that will feature art by Alameda High School students. The gallery is open to everyone in the community from 6:00pm – 8:00pm.

1. Presentation from City of Alameda on Central Avenue Project and the Potential Impact on AUSD School Communities
Last Fall, AUSD Board of Education members asked AUSD staff to approach the City of Alameda to invite City staff to come and present on upcoming City

construction and traffic projects that may impact school communities and neighborhoods.

Brendin Christolear, City of Alameda Supervising Civil Engineer, gave the Board a presentation that will show the City's various projects that are in or around AUSD schools.

Projects discussed include the Central Avenue project, which includes two motor vehicle travel lanes, a center turn lane, bicycle lanes between the Sherman Street/Encinal Avenue intersection and Eighth Street at Washington Park, a two-way bikeway between Eighth Street at Washington Park and the Main Street/Pacific Avenue intersection at Alameda Point, shorter and higher visibility pedestrian crossings with new or upgraded RRFBs at 4 intersections, new or extended turn pockets at signalized intersections, accessible on-street parking, bike racks, signage, bus stop improvements and roundabouts at the following three intersections:

- Pacific Avenue and Main Street intersection near Alameda Point
- Third Street and Taylor Avenue intersection by Encinal Jr. & Sr. High School
- Sherman Street and Encinal Avenue intersection in the Gold Coast area

Board members thanked the team from the City of Alameda for their collaborative efforts and work to make sure school communities were informed of any changes to their routes to and from school.

2. 2024-25 Three-Year Local Control and Accountability Plan (LCAP) Goal 3

Assistant Superintendent, Educational Services, Kirsten Zazo, along with student guests gave the Board information about the 2024-2025 Three-Year Local Control and Accountability Plan (LCAP) for Goal 3.

The Local Control and Accountability Plan (LCAP) is a three-year plan that describes the goals, actions, services, and expenditures to support positive student outcomes that address state and local priorities. The LCAP provides an opportunity for local educational agencies (LEAs) to share their stories of how, what, and why programs and services are selected to meet their local needs.

AUSD's 2024-25 Three-Year Local Control and Accountability Plan was approved by the Board on June 25, 2024. On September 24th, staff presented an update focused on Goal 1. An update on Goal 2 was brought to the Board on December 10th.

Tonight's presentation focused on LCAP Goal 3: Every school provides the academic, social/emotional, and culturally responsive support each student needs to reach their academic goals.

Brian Cooper, the Intervention Lead at Ruby Bridges Elementary School, and five student guests discussed the supports provided to students there, including peer mentors.

3. Update on Student Assessment and Report Cards

The presentation titled “Update on Student Assessments and Report Cards” was given by Vernon Walton, Ed.D., Director of Secondary Education, Tanya Harris, Director of Elementary Education, and Teachers on Special Assignment Jan Carroll and Erin Ashworth.

Over the last year, AUSD has implemented changes to high school grading practices and the content and format of TK-3 report cards.

The presentation also covered the following topics:

- Elementary: TK-3 Report Card Updates
 - Goals and Key Actions
 - Next Steps

- Secondary: Grading Practices Updates
 - Goals and Key Actions
 - Successes and Challenges

Board Members discussed appreciation for staff work; details of and philosophy on the new grading rubrics; current work with principals on links between data and creating bias-free classrooms.

4. Governor's Budget Proposal for 2025-2026 Fiscal Year

Shariq Khan, Assistant Superintendent, Business Services gave the Board an update on the Governor’s Budget Proposal for the 2025-2026 Fiscal Year.

Governor Newsom submitted his 2025-2026 State Budget proposal to the legislature on January 10, 2025. Staff attended the School Services of California Governor's Budget Workshop in Sacramento on Tuesday, January 21st.

The budget proposal will start the 2025-2026 budget cycle which begins on July 1, 2025. The state legislature and other stakeholders will review, discuss, and negotiate the budget during the spring. The Governor will release the administration’s revised budget proposal in May 2025.

Tonight’s presentation covered the decrease in projected Cost of Living (COLA) for next year, which amounts to approximately \$500K. Details on categorical allocations are not yet clear. Mr. Khan also notes possible risks to state budget, including stock market volatility, extreme weather events, and fed policy changes.

5. Resolution No. 2024-2025.37 Declaration of Intent to Grant an Easement to Alameda Municipal Power at Franklin Elementary School

Alameda Municipal Power (“AMP”) is seeking a perpetual permanent nonexclusive easement at Franklin Elementary School located at 1433 San

Antonio Ave, Alameda, California 94501 (Assessor’s Parcel Number 72-0335-1-4). Measure I Bond Modernization work was completed at Franklin Elementary School and this Easement was granted by the Board of Education on September 22, 2020. However, following approval of the easement, AMP indicated a need for updates to the language and the easement was thus never recorded with the Alameda County Recorder. The updated easement is therefore being presented in order to service the new electrical service lines which have been constructed at the property, as the District must convey right of way easements at the site to AMP.

Education Code requires a two-step process for granting easements. Step one is the approval of the attached Resolution 2024-2025.37 Declaration of Intent to Grant an Easement to Alameda Municipal Power at Franklin Elementary School.

Should the Board approve Resolution No. 2024-2025.37, a second Board Resolution granting the easement will be presented as a public hearing to the Board of Education at its February 11, 2025 meeting. The community will be advised of the Board's intent to grant the easement through a published notice.

Alameda Municipal Power (“AMP”) is seeking a perpetual permanent nonexclusive easement at Franklin Elementary School located at 210 Central Ave, Alameda, California 94501 (Assessor’s Parcel Number 74-1310-1-2). Measure I Bond Modernization work was completed at Franklin Elementary School and this Easement was granted by the Board of Education on September 22, 2020. However, following approval of the easement, AMP indicated a need for updates to the language and the easement was thus never recorded with the Alameda County Recorder. The updated easement is therefore being presented in order to service the new electrical service lines which have been constructed at the property, as the District must convey right of way easements at the site to AMP.

Education Code requires a two-step process for granting easements. Step one is the approval of the attached Resolution 2024-2025.38 Declaration of Intent to Grant an Easement to Alameda Municipal Power at Encinal Jr. & Sr. High School.

Should the Board approve Resolution No. 2024-2025.38, a second Board Resolution granting the easement will be presented as a public hearing to the Board of Education at its February 11, 2025 meeting. The community will be advised of the Board's intent to grant the easement through a published notice.

Motion to approve Resolution No. 2024-2025.38 Declaration of Intent to Grant an Easement to Alameda Municipal Power at Encinal Junior & Senior High School.

ALAMEDA UNIFIED SCHOOL DISTRICT
BOARD AGENDA ITEM

Item Title: Approval of Easement Quitclaim Deed (Relinquishment of Easement) at Alameda Point

Item Type: Consent

Background: In 2014, with the approval of all relevant governing entities, the Alameda Unified School District (the District), the City of Alameda (the City), and the Housing Authority of Alameda (HAA), a Settlement Agreement was established addressing various matters related to property exchanges at Alameda Point and the Encinal Terminals Area. This agreement also encompassed funding for the renovation of the Encinal High School swimming pool and the development of affordable housing by the HAA.

Under this agreement, the City transferred an approximately 20-acre parcel at Alameda Point to the HAA. This parcel was subsequently reconveyed from HAA to the District, in accordance with an Exchange and Purchase and Sale Agreement between the two parties.

The subsequent Quitclaim Deed, recorded on October 8, 2014, also established a nonexclusive access easement on the property (indicated on the attached Easement Quitclaim Deed, Exhibit B). This access easement was subject to termination if the easement area were to be dedicated as a public right of way or street.

As the City develops Alameda Point, a portion of the District's easement is located within the future West Midway/RESHAP affordable housing development, which will dedicate parts of West Midway Avenue as a public right of way, thereby triggering the termination of the District's access easement.

To formalize and document the relinquishment of this easement, an Easement Quitclaim Deed is now presented to the Board of Education for approval. The Board's authorization is requested for the Superintendent to execute, deliver, and record the Deed with Alameda County.

This Site Lease shall only take effect if the Facilities Lease is executed by the District and Contractor within three (3) days of execution of this Site Lease. The Parties hereby acknowledge and confirm that the District is only leasing the Project Site(s) to the Contractor, and not the whole School Site(s).
 - 3.1. **Work in Phases.** If the Work of the Project is to be performed in phases, then the only areas bound by the terms of this Site Lease are:
 - 3.1.1. As indicated to be within specific phases of the Project and

shall continue unaffected unless the requirement to pay or perform the same shall be terminated or modified pursuant to an express provision of this Facilities Lease.

7.5. Nothing contained herein shall be deemed a waiver by the District of any rights that it may have to bring a separate action with respect to any Event of Default by Contractor hereunder or under any other agreement to recover the costs and expenses associated with that action. The District covenants and agrees that it will remain obligated under this Facilities Lease in accordance with its terms.

Any relocation shall be performed in a manner that does not materially interfere with Contractor's Work. District will provide Contractor with written notice of any proposed relocation and District and Contractor agree to meet with the other, at either's request, to discuss the proposed relocation and any matters that may be appropriate to determine whether the proposed relocation can or should be modified to limit any material adverse effects on the Work that are reasonably likely to occur in connection with the proposed relocation.

No assignment shall be effective against the District unless and until the District has consented in writing. Notwithstanding anything to contrary contained in this Facilities Lease, no consent from the District shall be required in connection with any assignment by Contractor to a lender for purposes of financing the Project as long as there are not additional costs to the District.

24.2. Remedies on District's Default. If there has been an Event of Default on the District's part, the Contractor may exercise any and all remedies available pursuant to law or granted pursuant to this Facilities Lease; provided, however, there shall be no right under any circumstances to accelerate any of the payments required pursuant to the Guaranteed Project Cost Provisions indicated in **Exhibit C** or otherwise declare those payments not then past due to be immediately due and payable.

Unless there has been damage, destruction, a Taking as described above, or the Contractor is in Default as indicated herein, the District shall continue to remain liable for the payments required pursuant to the Guaranteed Project Cost Provisions indicated in **Exhibit C** and those amounts shall be payable to Contractor at the time and in the manner as therein provided.

24.4. No Remedy Exclusive. No remedy herein conferred upon or reserved to Contractor is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Facilities Lease or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any Default shall impair any such right or power or shall be construed to be a

waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle Contractor to exercise any remedy reserved herein, it shall be necessary to give notice, as indicated in this Facilities Lease and by law.

25.2.1. If District terminates the Site Lease and the Facilities Lease pursuant to this section, the Project Site(s) and any improvements built upon the Project Site(s) shall vest in District upon termination of the Site Lease and Facilities Lease, and District shall thereafter be required to pay only the principal amounts then due and owing pursuant to the Guaranteed Project Cost Provisions indicated in **Exhibit C**, less any damages incurred by District due to Contractor’s Default.

3.6.1. **Contingency Amount.** A contingency of \$_____ (“Contingency”) is included in the Guaranteed Project Cost and may be used at the Contractor's request only upon obtaining the District's prior written approval consistent with the requirements herein.

3.6.2. **Mark-Up Contingency Only When Used.** When the Parties establish the Guaranteed Project Cost, Contractor shall **NOT** calculate mark-up for Bonds, Insurance, and Overhead and Profit for the Contingency. When Contractor is pricing any Work paid from the Contingency, Contractor may mark-up its pricing in the same structure it can

for a Change Order (see the "Format for Proposed Change Order" section in **Exhibit D**), but only if the Contractor did not include the Contingency amount when it priced its Fee, bonds and insurance, overhead or profit to establish the GPC.

3.6.3. **Requests for Use of Contingency.** Prior to performing any Work that Contractor intends to be paid for out of any portion of the Contingency, Contractor must submit to the District a written request for the Contractor's use of the Contingency that shall include:

3.6.3.1. The same detail and requirements as a Proposed Change Order as indicated in **Exhibit D**; and

3.6.3.2. Substantiation enabling the District to determine that the proposed use of the Contingency covers one of the items below for an "Allowable Contingency Use" and "Conditions for Contingency Use."

3.6.4. **Allowable Contingency Use.** The Contingency shall only be used for the following items:

3.6.4.1. Scope gaps;

If Contractor performed Preliminary Services including constructability review, the preceding shall only apply if the Missing Design Information **could not** have been reasonably identified by Contractor at that time.

3.6.4.4. Damage that has occurred between trades during construction, excluding: (i) costs of repairing or correcting Work damaged or improperly executed by workers; (ii) work that was improperly or incorrectly performed by Contractor or its subcontractors or suppliers; or (iii) damage that is covered by Contractor's or Subcontractor's insurance, excluding the District's insurance; or

3.6.5. **Conditions for Contingency Use.** The Contingency shall only be used if **all** the following conditions are satisfied:

3.6.5.1. If Contractor demonstrates that the item was not otherwise in its or its Subcontractors' pricing for the Project; and

3.6.6. **Substantiating Contingency Use.** Contractor shall prepare documents for its use of Contingency through the "Changes in the Work" section of **Exhibit D**. Any PCO shall

Contractor shall prepare an updated Schedule of Values that includes a line item for the Work approved by the District in connection with the PCO. Allowance to _____ [LIST SCOPE OF ALLOWANCE, IF APPLICABLE]	\$ _____ [LIST AMOUNT OF ALLOWANCE]

- 3.7.2. **Mark-Up Allowance(s) Only When Used.** When the Parties establish the Guaranteed Project Cost, Contractor shall **NOT** calculate mark-up for Bonds, Insurance, and Overhead and Profit for the Allowance(s). When Contractor is pricing any Work paid from the Allowance(s), Contractor may mark-up its pricing in the same structure it can for a Change Order (see the "Format for Proposed Change Order" section in **Exhibit D**), but only if the Contractor did not include the Allowances amount when it priced its Fee, bonds and insurance, overhead or profit to establish the GPC.
- 3.7.3. **Requesting Use of Allowance(s).** District may authorize the use Allowance(s) in its discretion. Contractor may request to use Allowance(s), but must do so by submitting to the District a written request for the use of an Allowance that shall include:

- 3.7.5. **End of Project Reconciliation.** The unused portion of the Allowance(s) shall be retained by the District at the end of the Project and will be documented by the District through any reasonable means, including, without limitation, a deductive Change Order.

4. Payment of Guaranteed Project Cost. TBD District shall pay the Guaranteed Project Cost to Contractor in the form of Tenant Improvement Payments and Lease Payments plus interest as indicated herein.

4.2. Lease Payments Plus Interest. TBD Thirty (30) days after the Parties execute the Memorandum of Commencement Date attached to the Facilities Lease as **Exhibit E** and the Contractor has completed and satisfied the conditions indicated below, the District shall pay to Contractor \$ _____ ("Lease Payment(s)") plus interest, as indicated below.

- 4.2.1. It is the intent of the Parties that the Lease Payments plus interest will be kept from the Contractor's final payment application(s), including payment application(s) seeking payment of any Retention held pursuant to the Contract Documents.
- 4.2.2. The Lease Payments plus interest shall be consideration for the District's rental, use, and occupancy of the Project and the School Site(s) and shall be made in equal monthly installments for the duration of the Term.
- 4.2.3. The District represents that the total annual Lease Payment plus interest obligation does not surpass the District's annual budget and will not require the District to increase or impose additional taxes or obligations on the public that did not exist prior to the execution of the Facilities Lease.
- 4.2.4. **Fair Rental Value.** District and Contractor have agreed and determined that the total Lease Payments plus interest constitute adequate consideration for the lease term in the Facilities Lease and are reasonably equivalent to the fair rental value of the Project. In making such determination, consideration has been given to the obligations of the Parties under the Facilities Lease and Site Lease, the uses and purposes which may be served by the Project and the benefits therefrom which will accrue to the District and the general public.
- 4.2.5. **Each Payment Constitutes a Current Expense of the District.**
 - 4.2.5.1. The District and Contractor understand and intend that the obligation of the District to pay Lease Payments plus interest and other payments hereunder constitutes a current expense of the District and shall not in any way be construed to be a debt of the District in contravention of any applicable

constitutional or statutory limitation or requirement concerning the creation of indebtedness by the District, nor shall anything contained herein constitute a pledge of the general tax revenues, funds or moneys of the District.

- 4.2.5.2. Lease Payments plus interest due hereunder shall be payable only from current funds which are budgeted and appropriated or otherwise made legally available for this purpose. This Facilities Lease shall not create an immediate indebtedness for any aggregate payments that may become due hereunder.
- 4.2.5.3. The District covenants to take all necessary actions to include the estimated Lease Payments plus interest in each of its final approved annual budgets.
- 4.2.5.4. The District further covenants to in good faith make all necessary appropriations (including any supplemental appropriations) from any source of legally available funds of the District for the actual amount of Lease Payments plus interest that come due and payable during the period covered by each such budget. Contractor acknowledges that the District has not pledged the full faith and credit of the District, State of California or any state agency or state department to the payment of Lease Payments plus interest or any other payments due hereunder. The covenants on the part of District contained in this Facilities Lease constitute duties imposed by law and it shall be the duty of each and every public official of the District to take such action and do such things as are required by law in the performance of the official duty of such officials to enable the District to carry out and perform the covenants and agreements in this Facilities Lease agreed to be carried out and performed by the District.
- 4.2.5.5. The Contractor cannot, under any circumstances, accelerate the District's payments under the Facilities Lease, but the District may elect to buyout the Facilities Lease as provided for herein.

To the extent that the Term runs into a subsequent calendar year, the interest rate shall not adjust, unless agreed upon by the District in writing. The first payment is due 30 Days after execution of the Memorandum of Commencement Date and the above conditions have been completed and satisfied.

4.3. In no event shall the cumulative total of the Tenant Improvement Payments and the Lease Payments plus interest ever exceed the Guaranteed Project Cost as defined herein, unless modified pursuant to **Exhibit D** to the Facilities Lease.

5. Changes to Guaranteed Project Cost.

5.1. As indicated in the Facilities Lease, the Parties may add or remove specific scopes of work from the Project. Based on these change(s), the Parties may agree to a reduction or increase in the Guaranteed Project Cost. If a cost impact or a change is agreed to by the Parties, it shall be reflected as a reduction or increase in the Tenant Improvement Payments and paid upon the payment request from the Contractor when the work is performed or deducted from the next payment request from the Contractor, as applicable. Any change to the Guaranteed Project Cost shall not affect the Lease Payments, nor the interest rate, unless expressly agreed upon by the District in writing.

5.2. The Parties acknowledge that the Guaranteed Project Cost is based on the Construction Documents, including the Plans and Specifications, as identified in **Exhibit J** to the Facilities Lease.

5.3. **Cost Savings.** Contractor shall work cooperatively with Architect, subcontractors and District, in good faith, to identify appropriate opportunities to reduce Project costs and promote cost savings. Any identified cost savings from the Guaranteed Project Cost shall be identified by Contractor, and if approved in writing by the District, that cost savings shall be deducted from the Guaranteed Project Cost. reimbursement from its insurance brokers and/or insurers and its bond brokers and/or sureties, all portions of Contractor's bond premiums, either paid or to be paid, that are not at-risk due to a reduction in the Guaranteed Project Cost. All amounts of premium reimbursement that Contractor receives from the Contractor's insurance brokers and/or insurers and its bond brokers and or sureties, shall be withheld by District from Contractor's Lease Payment(s). The District shall estimate this amount until Contractor indicates what the total amount of this reimbursement.

6. Future Buyout of Facilities Lease. The District may choose to buyout the Lease Payments in a lump sum during the term of the Facilities Lease. The Parties agree that any buyout will be memorialized in writing and serve to terminate the Site Lease and the Facilities Lease and will reduce the interest owed based on the time of the buyout. Under no circumstances can this buyout occur until at least sixty (60) days after Project Completion or the Execution of the Memorandum of Commencement Date, whichever is later. In no event shall any buyout increase the total amount of Lease Payment amounts, plus interest in excess of the amounts included in the Project's Guaranteed Project Cost.

1.1.2. Allowance(s): Amount(s) that are within the GPC that, if used at all consistent with the requirements of the Contract Documents, will be to pay for the cost or construction of a scope of work identified in **Exhibit C** at the time the Allowance(s) is utilized. No action or failure to act by the District, Architect, or Construction Manager shall constitute a waiver of any right or duty afforded the District under the Contract, nor shall any action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

1.8. Substitutions for Specified Items

Contractor shall not substitute any items identified in the Contract Documents without complying with the procedures indicated in the Contract Documents and without prior written approval of the District.

4.1.4. Limitations on Project Inspector Authority. The Project Inspector does not have authority to interpret the Contract Documents or to modify the Work depicted in the Contract Documents. No Work inconsistent with the Contract Documents shall be performed solely on the basis of the direction of the Project Inspector, and the Contractor shall be liable to the District for the consequences of all Work performed on such basis.

4.1.5.6. Notify the project inspector and, when applicable, the in-plant inspector, of the completion of construction of each and every aspect of the work by submitting form DSA 156 (or other agreed-upon written documents) to the project inspector.

4.1.5.7. Consider the relationship of the signed-off blocks and sections of the form DSA 152 and the commencement of subsequent work. Until the project inspector has signed off applicable blocks and sections of the form DSA 152, the contractor may be prohibited from proceeding with subsequent construction activities that cover up the unapproved work. Any subsequent construction activities that cover up the unapproved work will be subject to a "Stop Work Order" from DSA or the school

5.17.2. Contractor at all times shall keep Site free from debris such as waste, rubbish, and excess materials and equipment caused by the Work. Contractor shall not leave debris under, in, or about the School Site, but shall promptly remove same from the School Site on a daily basis. 6.4. Contractor agrees to bind every Subcontractor by terms of Contract as far as those terms are applicable to Subcontractor's work. If Contractor shall subcontract any part of this Contract, Contractor shall be as fully responsible to District for acts and omissions of any Subcontractor and of persons either directly or indirectly employed by any Subcontractor, as it is for acts and omissions of persons directly employed by Contractor. The divisions or sections of the Specifications are not intended to control the Contractor in dividing the Work among Subcontractors or limit the work performed by any trade.

6.5. District's consent to, or approval of, or failure to object to, any Subcontractor under this Contract shall not in any way relieve Contractor of any obligations under this Contract and no such consent shall be deemed to waive any provisions of this Contract.

Contractor shall be held accountable for damages to District for District's or any other contractor's work that Contractor failed to inspect or should have inspected. Contractor's failure to inspect and report shall constitute Contractor's acceptance of all District's or any other contractor's work as fit and proper for reception of Contractor's Work, except as to defects that may develop in District's or any other contractor's work after execution of Contractor's Work.

7.4. To ensure proper execution of its subsequent work, Contractor shall measure and inspect work already in place and shall at once report to the District in writing any discrepancy between that executed work and the Contract Documents.

Contractor shall not cause any unnecessary hindrance or delay to the use and/or school operation(s) of the School Site and/or to District or any other contractor working on the Project. If simultaneous execution of any contract or school operation is likely to cause interference with performance of Contractor's Contract, Contractor shall coordinate with those contractor(s), person(s), and/or entity(s) and shall notify the District of the resolution.

The Contractor shall prepare a detailed Construction Schedule that complies with the construction schedule attached to the Facilities Lease as **Exhibit F** and in compliance with the provisions of the “**Construction Schedule – Network Analysis**” provisions indicated in **Exhibit I** and shall provide all schedules and construction progress documentation as required in the Contract Documents. The initial, detailed Construction Schedule shall either be attached to the Facilities Lease in **Exhibit F**, or be submitted to the District for written approval as indicated in the Contract Documents. If the initial detailed Construction Schedule is submitted to the District for written approval, the District approved detailed Construction Schedule shall be the Construction Schedule for the Project.

9.1.1. All items on the Schedule of Values must have a specific completion date on the Construction Schedule, or District has approved the Construction Schedule and the Construction Schedule is fully cost-loaded and resource-loaded, unless waived by the District in writing, and detailed as required by the Contract Documents.

9.1.2. Contractor must provide all schedules both in hard copy and electronically, in a format (e.g., Microsoft Project or Primavera) approved in advance by the District.

9.1.3. The District will review the schedules submitted and the Contractor shall make changes and corrections in the schedules as requested by the District and resubmit the schedules until approved by the District.

9.2. Schedule of Values

The Contractor has provided and the District has approved a Schedule of Values as **Exhibit G** ("Schedule(s) of Values") for all of the Work, which is comprised of quantities and prices of items aggregating the Guaranteed Project Cost and subdivided into component parts. The Schedule of Values includes, at a minimum, the following information and the following structure:

9.2.5. The preliminary Schedule of Values shall either be attached to the Facilities Lease in **Exhibit G**, or be submitted to the District for written approval as indicated in the Contract Documents. If the preliminary Schedule of Values is submitted to the District for written approval, the District approved Preliminary Schedule of Values shall become the Schedule of Values. The Schedule of Values shall not be modified or amended by the Contractor without the prior consent and approval of the District, which may be granted or withheld in the sole discretion of the District. The Schedule of Values shall only be modified by an executed Change Order.

9.2.6. The District shall have the right at any time to revise the Schedule of Values if, in the District's sole opinion, the Schedule of Values does not accurately reflect the value of the Work performed.

9.3. Safety Plan

Contractor's Safety Plan specifically adapted for the Project. Contractor's Safety Plan shall comply with the following requirements and shall be submitted to the District for information purposes only:

9.3.1. All applicable requirements of CalOSHA and/or of OSHA.

9.3.2. All provisions regarding Project safety, including all applicable provisions in these General Construction Provisions.

9.3.3. Contractor's Safety Plan shall be in English and in the language(s) of the Contractor's and its Subcontractors' employees.

9.4. Complete Subcontractor List

The name, address, telephone number, facsimile number, email address, California State Contractors License number, Department of Industrial Relations registration number, classification, and monetary value of all Subcontracts for parties furnishing labor, material, or equipment for Project Completion, plus all information required in the Contract Documents. This includes the subcontractor bid and fully executed Contract.

9.5. Monthly Progress Schedule(s)

9.5.1. Contractor must provide monthly to District an updated Monthly Progress Schedule. The first Monthly Progress Schedule shall be based on, and update, the approved detailed Construction Schedule. Thereafter, the Monthly Progress Schedule shall update the last Monthly Progress Schedule. A Monthly Progress Schedule must show all Work completed and to be completed by Contractor. The Monthly Progress Schedule must be sent to the District, in a format acceptable to the District, and contain a written narrative of the progress of Work for that month and any changes, delays, or events that may affect the Work. The process for the District's approval of the Monthly Progress Schedule is the same as the process for approval of the Construction Schedule.

9.5.2. Contractor shall also submit Monthly Progress Schedule(s) with all payment applications.

9.6. Safety Data Sheets (SDS) (formerly known as Material Safety Data Sheets, or MSDSs)

Contractor is required to ensure Safety Data Sheets are available in a readily accessible place at the Work Site for any material requiring a Safety Data Sheet per the Federal "Hazard Communication" standard, or employees right to know law. The Contractor is also required to ensure proper labeling on substance brought onto the job site and that any person working with the material or within the general area of the material is informed of the hazards of the substance and follows proper handling and protection procedures. Two

additional copies of the Safety Data Sheets shall also be submitted directly to the District.

9.7. Logistics Plan

Contractor shall provide a staging and logistics plan identifying laydown areas, loading and unloading areas, crane locations, fence locations, temporary utility connections, trailer locations, and emergency evacuation meeting area. This Logistics Plan must be approved by the District prior to the Contractor mobilizing on the Site and shall be updated and revised upon the District's request.

9.8. Contractor Responsibility for Deviations

The Contractor shall not be relieved of responsibility for correcting deviations from the requirements of the Contract Documents by the District's and Architect's review of submittals unless the Contractor has specifically informed the District in writing of such deviation at the time of submission of the submittal and the District has given written approval to the specific deviation. The Contractor shall not be relieved of responsibility for errors or omissions in submittals by the District's and Architect's review or comments thereon.

10. SITE ACCESS, CONDITIONS, AND REQUIREMENTS

10.1. Site Investigation

Contractor has made a careful investigation of the Site and is familiar with the requirements of the Contract and has accepted the known existing conditions of the Site.

10.2. Geotechnical Investigation Report

10.2.1. When a geotechnical report is available, Contractor must review all geotechnical data provided and determine whether additional data or services are necessary to complete the Work. Such services include, without limitation, test borings, test pits, soil bearing values, percolation tests, water pollution and other environmental tests, ground corrosion and resistivity tests, and other necessary operations determining subsoil, air, and water conditions with reports and appropriate professional interpretations and recommendations thereof. Any information obtained from the geotechnical report made available by District is approximate only, is not guaranteed, does not form a part of the Contract, and Contractor may not rely thereon.

10.2.2. If additional services or investigations are deemed necessary by Contractor, Contractor must submit a request in writing to the District fully detailing the need for additional services. If the District approves the request, Contractor must coordinate directly with the District for performance of the requested services.

10.3. Soils Investigation Report & Site Due Diligence

10.3.1. When a soils investigation report obtained from test holes at Site is available, that report shall be available to the Contractor but shall not be a part of this Contract. Any information obtained from that report or any information given on Drawings as to subsurface soil condition or to elevations of existing grades or elevations of underlying rock is approximate only, is not guaranteed, does not form a part of this Contract. Contractor may reasonably rely thereon, however the District makes no warranty regarding the completeness or accuracy of any such report or other information regarding subsurface conditions. Contractor acknowledges that it has made visual examination of Site and has made whatever tests Contractor deems appropriate to determine underground condition of soil.

10.3.2. If Contractor encounters subsurface or latent conditions at Site materially differing from those

shown on Drawings or indicated in Specifications, or Unforeseen Site Conditions, Contractor shall give notice to the District immediately before conditions are disturbed and in no event later than ten (10) days after first observance of the conditions.

10.3.2.1. The District will promptly investigate such conditions and, if they differ materially and cause an increase or decrease in Contractor's cost of, or time required for, performance of any part of the Work, will equitably adjust the Contract Sum or Contract Time, or both.

10.3.2.2. If the District determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the District will notify Contractor in writing, stating the reasons.

10.3.2.3. If after receiving the response, Contractor still intends to pursue a Claim, it shall provide written notice within ten (10) days after it has received the decision.

10.3.2.4. Conditions will not be qualified as concealed or unknown if they were readily visible or reasonably observable.

10.3.3. Contractor's Diligence. Contractor's agreement to the Contract Price confirms that it has made a careful examination of the Contract Documents, that it has a complete understanding of the nature, extent, and location of Work to be performed and that it expressly represents that it has fully completed the following:

10.3.3.1. Contractor has visited the Project Site(s), and has examined thoroughly and understood the nature and extent of the Contract Documents, Work, Site, locality, actual conditions, as-built conditions, and all local conditions and federal, state and local laws, and regulations that in any manner may affect cost, progress, performance, or furnishing of Work or that relate to any aspect of the means, methods, techniques, sequences, or procedures of construction to be employed by Contractor and safety precautions and programs incident thereto;

10.3.3.2. Contractor has conducted or obtained and has understood all examinations, investigations, explorations, tests, reports, and studies that pertain to the subsurface conditions, as-built conditions, underground facilities, and all other physical conditions at or contiguous to the Site or otherwise that may affect the cost, progress, performance, or furnishing of Work, as Contractor considers necessary for the performance or furnishing of Work at the Guaranteed Project Cost, within the Contract Time, and in accordance with the other terms and conditions of Contract Documents, including specifically the provisions of the General Construction Provisions; and no additional examinations, investigations, explorations, tests, reports, studies, or similar information or data are or will be required by Contractor for such purposes;

10.3.3.3. Contractor has correlated its knowledge and the results of all such observations, examinations, investigations, explorations, tests, reports, and studies with the terms and conditions of the Contract Documents;

10.3.3.4. Contractor has given the District prompt written notice of all conflicts, errors, ambiguities, or discrepancies that it has discovered in or among the Contract Documents and the actual conditions, and the written resolution thereof by the District is acceptable to Contractor;

10.3.3.5. Contractor has made a complete disclosure in writing to the District of all facts bearing upon any possible interest, direct or indirect, that Contractor believes any representative of the District or other officer or employee of the District presently has or will have in this Contract or in the performance thereof or in any portion of the profits thereof;

10.3.3.6. Contractor is charged with all information and knowledge that a reasonable contractor would ascertain from having performed this required work, investigation, research, and analysis. The Guaranteed Project Cost includes entire cost of all work "incidental" to completion of the Work.

10.3.3.7. **Conditions Shown on the Contract Documents:** Information as to underground conditions, as-built conditions, or other conditions or obstructions, indicated in the Contract Documents, e.g., on Drawings or in Specifications, has been obtained with reasonable care, and has been recorded in good faith. However, District only warrants, and Contractor may only rely, on the accuracy of limited types of information.

10.3.3.7.1. As to above-ground conditions or as-built conditions shown or indicated in the Contract Documents, there is no warranty, express or implied, or any representation express or implied, that such information is correctly shown or indicated. This information is verifiable by independent investigation and Contractor is required to make such verification. Contractor shall rely on the results of its own independent investigation. Contractor shall not rely on District-supplied information regarding above-ground conditions or as-built conditions. Subject to Public Contract Code section 7104, Contractor shall be responsible for all repairs of any utilities underground damaged by Contractor.

10.3.3.7.2. As to any subsurface condition shown or indicated in the Contract Documents, Contractor may rely only upon the general accuracy of actual reported depths, actual reported character of materials, actual reported soil types, actual reported water conditions, or actual obstructions shown or indicated. District is not responsible for the completeness of such information for preparing a proposal or construction; nor is District responsible in any way for any conclusions or opinions of Contractor drawn from such information; nor is District responsible for subsurface conditions that are not specifically shown (for example, District is not responsible for soil conditions in areas contiguous to areas where a subsurface condition is shown).

10.3.4. Conditions Shown in Reports and Drawings Supplied for Informational Purposes: Reference is made to the document entitled Geotechnical Data (if attached), and the document entitled Existing Conditions (if attached), for identification of:

10.3.4.1. **Subsurface Conditions:** Those reports of explorations and tests of subsurface conditions at or contiguous to the Project Site(s) that have been utilized by Architect in preparing the Contract Documents; and

10.3.4.2. **Physical Conditions:** Those drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Project Site(s) that has been utilized by Architect in preparing the Contract Documents.

10.3.4.3. These reports and drawings are **not** Contract Documents and, except for any "technical" data regarding subsurface conditions specifically identified in Geotechnical Data and Existing Conditions, and underground facilities data, Contractor may not in any manner rely on the information in these reports and drawings. Subject to the foregoing, Contractor must make its own independent investigation of all conditions affecting the Work and must not rely on information provided by District.

10.3.5. Failure to Investigate. Any failure by Contractor and Subcontractors to acquaint themselves with information that is provided, information that could reasonably be obtained, or conditions which could be identified with reasonable investigation, will not relieve Contractor from responsibility to properly

estimate the difficulty or cost to perform the Work.

10.4. No Warranty

10.4.1. There is no guarantee or warranty, either expressed or implied that the Site conditions indicated in the information provided by the District are comprehensively representative of those existing throughout the Site, or that Unforeseen Site Conditions or developments may not occur. Making such information available to Contractor will not be construed to be a waiver of this provision.

10.5. Contract Adjustments

10.5.1. Contractor agrees that no claim against the District will be made by Contractor for damages, and hereby waives any rights to damages, if during the progress of Work, Contractor encounters subsurface conditions at Site materially differing from those shown on Drawings or indicated in Specifications, unless that claim is as indicated in the provisions of these General Conditions regarding trenches and/or existing utility lines.

10.5.2. As it relates to all other differing Site conditions, Contractor agrees that no claim against the District will be made by Contractor for damages and hereby waives any right to damages if, during progress of the Work, Contractor encounters differing Site conditions, unless Contractor establishes by satisfactory evidence that the conditions were reasonably unforeseeable based on all the information available to Contractor or that could have been reasonably ascertained by Contractor prior to the Parties establishing the GPC.

10.6. Access to Work

District and its representatives shall at all times have access to Work wherever it is in preparation or progress, including storage and fabrication. Contractor shall provide safe and proper facilities for such access so that District's representatives may perform their functions.

10.7. Layout and Field Engineering

10.7.1. All field engineering required for layout of this Work and establishing grades for earthwork operations shall be furnished by Contractor at its expense. This Work shall be done by a qualified, California-registered civil engineer and/or licensed surveyor (as appropriate) approved in writing by District and Architect.

10.7.2. The Contractor shall be responsible for having ascertained pertinent local conditions such as location, accessibility, and general character of the Site and for having satisfied itself as to the conditions under which the Work is to be performed. District shall not be liable for any claim for allowances because of Contractor's error or negligence in acquainting itself with the conditions at the Site.

10.7.3. Contractor shall protect and preserve established benchmarks and monuments and shall make no changes in locations without the prior written approval of District. Contractor shall replace any benchmarks or monuments that are lost or destroyed subsequent to proper notification of District and with District's approval.

10.8. Utilities & Sanitary Facilities

Utilities necessary to complete the Work and to completely perform all of the Contractors' obligations shall be obtained by the Contractor without adjustment of the Guaranteed Project Cost. The Contractor shall furnish and install necessary or appropriate temporary distributions of utilities, including utilities furnished by the

District. Any such temporary distributions shall be removed by the Contractor upon completion of the Work. The costs of all such utility services, including the installation and removal of temporary distributions thereof, shall be borne by the Contractor and included in the Guaranteed Project Cost. Also refer to other utility requirements as indicated in the Specifications. At all times during Work at the Site, the Contractor shall obtain and maintain temporary sanitary facilities in conformity with applicable law, rule or regulation. The Contractor shall maintain temporary sanitary facilities in a neat and clean manner with sufficient toilet room supplies. Personnel engaged in the Work are not permitted to use toilet facilities at the Site. Also refer to other Sanitary facility requirements as indicated in the Specifications.

10.9. Surveys

Contractor shall provide surveys done by a qualified, California-registered civil engineer and/or licensed surveyor (as appropriate) to determine locations of construction, grading, and site work as required to perform the Work.

10.10. Regional Notification Center

The Contractor, except in an emergency, shall contact the appropriate regional notification center at least two (2) days prior to commencing any excavation if the excavation will be conducted in an area or in a private easement that is known, or reasonably should be known, to contain subsurface installations other than the underground facilities owned or operated by the District, and obtain an inquiry identification number from that notification center. No excavation shall be commenced and/or carried out by the Contractor unless an inquiry identification number has been assigned to the Contractor or any Subcontractor and the Contractor has given the District the identification number. Any damages arising from Contractor's failure to make appropriate notification shall be at the sole risk and expense of the Contractor. Any delays caused by failure to make appropriate notification shall be at the sole risk of the Contractor and shall not be considered for an extension of the Contract time.

10.11. Existing Utility Lines

10.11.1. Pursuant to Government Code section 4215, District assumes the responsibility for removal, relocation, and protection of main or trunk utility lines and facilities located on the construction Site at the time of commencement of construction under this Contract with respect to any such utility facilities that are not identified in the Plans and Specifications. Contractor shall not be assessed for liquidated damages for delay in Project Completion caused by failure of District or the owner of a utility to provide for removal or relocation of such utility facilities.

10.11.2. Locations of existing utilities provided by District shall not be considered exact, but approximate within reasonable margin and shall not relieve Contractor of responsibilities to exercise reasonable care nor costs of repair due to Contractor's failure to do so. District shall compensate Contractor for the costs of locating, repairing damage not due to the failure of Contractor to exercise reasonable care, and removing or relocating such utility facilities not indicated in the Plans and Specifications with reasonable accuracy, and for equipment necessarily idle during such work.

10.11.3. No provision herein shall be construed to preclude assessment against Contractor for any other delays in Project Completion. Nothing in this Section shall be deemed to require District to indicate the presence of existing service laterals, appurtenances, or other utility lines, with the exception of main or trunk utility lines, whenever the presence of these utilities on the Site of the construction Project can be inferred from the presence of other visible facilities, such as buildings, meter junction boxes, trenches on or adjacent to the Site of the construction.

10.11.4. If Contractor, while performing Work under this Contract, discovers utility facilities not identified

by District in Contract Plans and Specifications, Contractor shall immediately, but in no case longer than two (2) Business Days, notify the District and the utility in writing. The cost of repair for damage to above-mentioned visible facilities without prior written notification to the District shall be borne by the Contractor.

10.11.5. Notwithstanding the foregoing, Contractor must provide at least fourteen (14) Business Days' written notice to the District and receive the District Approval before interrupting any utility service at the Project, and all emergency power, etc., must be in place prior to disruption of service.

10.11.6. Should, during construction, Contractor disturb, damage, or disconnect any existing utilities or services identified by the District consistent with Government Code section 4215, Contractor is responsible, at no additional cost or time, to the District, for all expenses and consequential damages of every type arising from such disturbance or the replacement or repair thereof and must repair such items as required to maintain continuing service, including emergency repairs.

10.12. Notification

Contractor understands, acknowledges and agrees that the purpose for prompt notification to the District pursuant to these provisions is to allow the District to investigate the condition(s) so that the District shall have the opportunity to decide how the District desires to proceed as a result of the condition(s). Accordingly, failure of Contractor to promptly notify the District in writing, pursuant to these provisions, shall constitute Contractor's waiver of any claim for damages or delay incurred as a result of the condition(s).

10.13. Hazardous Materials

Contractor shall comply with all provisions and requirements of the Contract Documents related to hazardous materials including, without limitation, certifications related to hazardous materials in the document entitled Certifications to be Completed by Contractor.

10.14. No Signs

Neither the Contractor nor any other person or entity shall display any signs not required by law or the Contract Documents at the Site, fences trailers, offices, or elsewhere on the Site without specific prior written approval of the District.

11. TRENCHES

11.1. Trenches Greater Than Five Feet

Pursuant to Labor Code section 6705, if the Guaranteed Project Cost exceeds \$25,000 and involves the excavation of any trench or trenches five (5) feet or more in depth, the Contractor shall, in advance of excavation, promptly submit to the District and/or a registered civil or structural engineer employed by the District or Architect, a detailed plan showing the design of shoring for protection from the hazard of caving ground during the excavation of such trench or trenches.

11.2. Excavation Safety

If such plan varies from the Shoring System Standards established by the Construction Safety Orders, the plan shall be prepared by a registered civil or structural engineer, but in no case shall such plan be less effective than that required by the Construction Safety Orders. No excavation of such trench or trenches shall be commenced until said plan has been accepted by the District or by the person to whom authority to accept has been delegated by the District.

11.3. No Tort Liability of District

Pursuant to Labor Code section 6705, nothing in this Article shall impose tort liability upon the District or any of its employees.

11.4. No Excavation Without Permits

The Contractor shall not commence any excavation Work until it has secured all necessary permits including the required CAL OSHA excavation/shoring permit. Any permits shall be prominently displayed on the Site prior to the commencement of any excavation.

11.5. Discovery of Hazardous Waste, Unusual Conditions and /or Unforeseen Site Conditions

11.5.1. Pursuant to Public Contract Code section 7104, if the Work involves digging trenches or other excavations that extend deeper than four feet below the Surface, the Contractor shall immediately, but in no case longer than two (2) Business Days, and before the following conditions are disturbed, notify the District, in writing, of any:

11.5.1.1. Material that the Contractor believes may be material that is hazardous waste, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law.

11.5.1.2. Subsurface or latent physical conditions at the Site differing from those indicated.

11.5.1.3. Unknown physical conditions at the Site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract.

11.5.2. The District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the Work, shall issue a Change Order under the procedures described herein.

11.5.3. In the event that a dispute arises between District and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled Completion date provided for by the Contract, but shall proceed with all work to be performed under the Contract. The Contractor shall retain any and all rights provided by the Contract or by law that pertain to the resolution of disputes and protests, which include the requirement that Contractor complies with the notice and PCO provisions of the Contract Documents. Contractor's failure to submit a proposed change order pursuant to the terms of the Contract Documents shall be deemed a waiver of Contractor's right to an adjustment of the GPC of Contract Time.

12. INSURANCE AND BONDS

12.1. Contractor's Insurance

The Contractor shall comply with the insurance requirements as indicated in the Facilities Lease.

12.2. Contract Security - Bonds

12.2.1. Contractor shall furnish two surety bonds issued by a California admitted surety insurer as follows:

12.2.1.1. Performance Bond: A bond in an amount at least equal to one hundred percent (100%) of Contract Price as security for faithful performance of this Contract.

12.2.1.2. Payment Bond: A bond in an amount at least equal to one hundred percent (100%) of the Contract Price as security for payment of persons performing labor and/or furnishing materials in connection with this Contract.

12.2.2. Cost of bonds shall be included in the Guaranteed Project Cost.

12.2.3. All bonds related to this Project shall be on the forms provided in the Contract Documents and shall comply with all requirements of the Contract Documents.

13. WARRANTY/GUARANTEE/INDEMNITY

13.1. Warranty/Guarantee

13.1.1. The Contractor shall obtain and preserve for the benefit of the District, manufacturer's warranties on materials, fixtures, and equipment incorporated into the Work. All manufacturer, material, and fixture warranties shall commence at Project Completion. Contractor shall ensure that all warranties are maintained for the benefit of the District, regardless of who the manufacturer is, who the installing Subcontractor was, if any, etc. While the District will fully expect the Contractor to manage all warranty work through all applicable warranty periods, the District must have that same ability if the Contractor fails to perform its warranty obligations as required in this **Exhibit D**.

13.1.2. In addition to guarantees required elsewhere, Contractor shall, and hereby does guarantee and warrant all Work furnished on the Project against all defects for a period of **ONE (1)** year after the later of the following dates:

13.1.2.1. Project Completion,

13.1.2.2. The final commissioning date for all systems, equipment and components that are within the Project, if any.

At the District's sole option, Contractor shall repair or replace any and all of that Work, together with any other Work that may be displaced in so doing, that may prove defective in workmanship and/or materials within a **ONE (1)** year period from date of Project Completion as defined above without expense whatsoever to District. Product or system component warranties shall run from the date of Project Completion and may contain extended warranties per the Specifications. In the event of failure of Contractor and/or Surety to commence and pursue with diligence said replacements or repairs within ten (10) days after being notified in writing, Contractor and Surety hereby acknowledge and agree that District is authorized to proceed to have defects repaired and made good at expense of Contractor and/or Surety who hereby agree to pay costs and charges therefore immediately on demand.

13.1.3. If, in the opinion of District, defective work creates a dangerous condition or requires immediate correction or attention to prevent further loss to District or to prevent interruption of operations of District, District will attempt to give the notice required above. If Contractor or Surety cannot be contacted or neither complies with District's request for correction within a reasonable time as determined by District, District may, notwithstanding the above provision, proceed to make any and all corrections and/or provide attentions the District believes are necessary. The costs of correction or

attention shall be charged against Contractor and Surety of the guarantees provided in this Article or elsewhere in this Contract.

13.1.4. The above provisions do not in any way limit the guarantees on any items for which a longer guarantee is specified or on any items for which a manufacturer gives a guarantee for a longer period. Contractor shall furnish to District all appropriate guarantee or warranty certificates as indicated in the Specifications or upon request by District.

13.1.5. Nothing herein shall limit any other rights or remedies available to District.

13.2. Indemnity

Contractor shall indemnify the District as indicated in the Facilities Lease.

14. TIME

14.1. Notice to Proceed

The District may issue a Notice to Proceed to commence construction Work, or will otherwise instruct the Contractor to begin performing the Work of the Project.

14.2. Computation of Time / Adverse Weather

14.2.1. The Contractor will only be allowed a time extension for Adverse Weather conditions if requested by Contractor and only if all of the following conditions are met:

14.2.1.1. The weather conditions constitute Adverse Weather, as defined herein;

14.2.1.2. Contractor can verify that the Adverse Weather caused delays in excess of five hours of the indicated labor required to complete the scheduled tasks of Work on the day affected by the Adverse Weather;

14.2.1.3. The Contractor's crew is dismissed as a result of the Adverse Weather; and

14.2.1.4. The number of days of delay for the month exceeds the following parameters, or twenty nine (29) days annually, which will reset at the beginning of each calendar year of the Project duration. The District and Contractor may negotiate a different minimum number of days or a cumulative number of days for the duration of the Project, which shall be as indicated in **Exhibit K** to the Facilities Lease:

January	<u>7</u>	July	<u>0</u>
February	<u>7</u>	August	<u>0</u>
March	<u>4</u>	September	<u>0</u>
April	<u>3</u>	October	<u>2</u>
May	<u>1</u>	November	<u>2</u>
June	<u>1</u>	December	<u>2</u>

14.2.2. A day-for-day extension will only be allowed for those days in excess of those indicated herein.

14.2.3. The Contract Time has been determined with consideration given to the average climate weather conditions prevailing in the County in which the Project is located.

14.3. Hours of Work

Work shall be performed during regular working hours as permitted by the appropriate governmental agency except that in the event of an emergency, or when required to complete the Work in accordance with job progress, Work may be performed outside of regular working hours with the advance written consent of the District and approval of any required governmental agencies (e.g., the city within which the Project is located). Contractor shall confirm with the governmental agencies what the permitted work hours are for the jurisdiction in which the Project is located. Contractor and Subcontractors shall continuously furnish sufficient forces to ensure the performance of the Work in accordance with the Construction Schedule. In no event will the District be responsible for the costs of Work performed outside of regular working hours, including, without limitation, overtime or weekend Work, unless expressly agreed to by the District in writing and approved in a Change Order.

14.4. Progress and Project Completion

14.4.1. Time of the Essence

Time limits stated in the Contract Documents are of the essence to the Contract. By executing the Facilities Lease, the Contractor confirms that the Contract Time is a reasonable period for Project Completion.

14.4.2. No Commencement Without Insurance

The Contractor shall not commence operations on the Project or elsewhere prior to the effective date of insurance and bonds. The date of commencement of the Work shall not be changed by the effective date of such insurance. If Contractor commences Work without insurance and bonds, all Work is performed at Contractor's peril and shall not be compensable until and unless Contractor secures bonds and insurance pursuant to the terms of the Contract Documents and subject to District claim for damages.

14.4.3. Sufficient Forces

Contractor and Subcontractors shall continuously furnish sufficient forces to ensure the prosecution of the Work in accordance with the Construction Schedule to obtain Project Completion within the Contract Time.

14.5. Schedule

Contractor shall provide to District, Construction Manager, and Architect a schedule in conformance with the Contract Documents and as required in these General Construction Provisions.

14.6. Expeditious Completion

The Contractor shall proceed expeditiously with adequate forces and shall achieve Completion within the Contract Time.

15. EXTENSIONS OF TIME – LIQUIDATED DAMAGES

15.1. Contractor's Notice of Delay

15.1.1. In addition to the requirements indicated in this subsection, Contractor shall submit any request for an adjustment of the Contract Price or the Contract Time through the Change Order provisions in this Exhibit D.

15.1.2. Contractor shall, within **FIVE (5)** Days of any delay impacting the critical path in completing the Work, notify District in writing of the causes of the delay including documentation and facts explaining the delay.

15.1.3. Any request by Contractor for an adjustment of the Contract Price or the Contract Time for a delay shall be submitted in accordance with the provisions in the Contract Documents governing changes in Work. When requesting time, requests must be submitted with full justification and documentation. Such justification must be based on the official Construction Schedule as updated at the time of occurrence of the delay or execution of Work related to any changes to the Scope of Work.

15.2. Types of Delay.

There are three (3) types of delay as indicated and defined below:

15.2.1. Excusable Delay(s). A delay that entitles Contractor to an adjustment of the Contract Time but **NOT** an adjustment of the Contract Price.

15.2.2. Excusable and Compensable Delay(s). A delay that entitles Contractor to an adjustment of the Contract Price and an adjustment to the Contract Time, and excuses Contractor from an assessment of Liquidated Damages for the specific delay period approved by the District for the Excusable and Compensable Delay.

15.2.3. Unexcused Delay(s). A delay that does not entitle Contractor to an adjustment of the Contract Price and/or to an adjustment of the Contract Time, and for which the District may impose Liquidated Damages. An Unexcused Delay will be any delay caused by any delay other than a Excusable Delay and Excusable and Compensable Delay.

15.3. Documentation in Support of Delay.

Any claim for delay must include the following information as support, without limitation:

15.3.1. Duration. The duration of the activity relating to the changes in the Work and the resources (manpower, equipment, material, etc.) required to perform the activities within the stated duration.

15.3.2. Schedule Analysis. A detailed schedule analysis articulating the cause of any delay and explaining the delay's impact to critical path and each activity of the Project. This analysis may be in the form of a time impact analysis. The time impact analysis shall provide all documentation and justification necessary to substantiate the requested extension. All supporting documentation shall be based on the then current Monthly Progress Schedule.

15.3.3. Logical Ties / Fragnets. Specific logical ties to the Contract Schedule for the proposed changes and/or delay showing the activity/activities in the Construction Schedule that are affected by the change and/or delay. (A portion of any delay of seven (7) days or more must be provided.) Include a "fragnet" analysis for the portion of the schedule and the activities the Contractor contends are impacted by the delay and a detailed time impact analysis in compliance with the provisions of the "**Construction Schedule – Network Analysis**" provisions indicated in **Exhibit I**.

15.3.4. Updated Construction Schedule. A recovery or updated Construction Schedule must be submitted.

15.4. District's Review and Determination of Delay

15.4.1. District shall review the facts and extent of any noticed delay and may grant Contract Time extension(s) of time for completing Work when, in the District's judgment, the findings of fact justify an extension.

15.4.2. Following submission of a notice of delay, the District may determine whether Contractor is entitled to an extension of the Contract Time, and, if applicable, an increase in the Contract Price arising from any properly noticed and substantiated delay. In making that determination, District will consider the following, based on the evidence submitted by Contractor and any investigations performed by District:

15.4.2.1. Whether the delay is an Excusable, Excusable and Compensable Delay, or Unexcused Delay;

15.4.2.2. How long the delay continues;

15.4.2.3. To what extent the prosecution and Completion of the Work might be delayed thereby; and

15.4.2.4. Compensation, if any, due to Contractor.

15.4.3. Contract Time extensions shall apply only to that portion of Work affected by delay, and shall not apply to other portions of Work not so affected, in the sole discretion of the District.

15.4.4. An extension of time may only be granted if Contractor has timely submitted the updated Construction Schedule as required herein.

15.4.5. Contractor's failure to request adjustment(s) of the Contract Time in strict conformity with applicable provisions of the Contract Documents shall be deemed Contractor's waiver of its right to assert a claim for a delay.

15.5. Excusable Delay(s)

15.5.1. A delay is an Excusable Delay only if **all** the following conditions are met:

15.5.1.1. Could have not been avoided by the Contractor exercising care, prudence, foresight, and diligence; and

15.5.1.2. Actually extended the most current Project Completion date.

15.5.2. The Contractor may be entitled to an extension of the Project Completion date if there is an Excusable Delay, but the Contractor shall not be entitled to additional compensation for an Excusable Delay.

15.5.3. Excusable Delays are limited to interruptions that satisfy the above requirements and that are Force Majeure Events and/or Adverse Weather.

15.5.4. If an Infectious Disease impacts the progress of the Work and Contractor demonstrates that the event satisfies the conditions of the Contract Documents for an adjustment to the Contract Time, it will be considered a Force Majeure Event.

15.5.5. Computation of Time / Adverse Weather

15.5.5.1. The Contractor will only be allowed a time extension as an Excusable Delay for Adverse

Weather conditions if requested by Contractor within **FIVE (5)** Days of the Adverse Weather event, and only if **all** of the following conditions are met in addition to those for an Excusable Delay above:

15.5.5.1.1. The weather conditions constitute Adverse Weather, as defined herein and further specified in **Exhibit K**;

15.5.5.1.2. Contractor can verify that the Adverse Weather caused delays in excess of five (5) hours of the indicated labor required to complete the scheduled tasks of Work on the day affected by the Adverse Weather;

15.5.5.1.3. The Contractor's crew is dismissed as a result of the Adverse Weather; and

15.5.5.1.4. The number of days of delay for the month exceed those indicated in the **Exhibit K**.

15.5.5.2. A day-for-day extension will only be allowed for those days in excess of those indicated in the **Exhibit K** and only if the tasks of Work on the day affected by the Adverse Weather were tasks required to be performed on that day to maintain the critical path of the Construction Schedule.

15.5.5.3. The Contractor shall work seven (7) days per week, if necessary, irrespective of inclement weather, to maintain access and the Construction Schedule, and to protect the Work under construction from the effects of Adverse Weather, all at no further cost to the District.

15.5.6. Contractor is aware that governmental agencies and utilities, including, without limitation, the Division of the State Architect, the Department of General Services, gas companies, electrical utility companies, water districts, cities, counties and other agencies may have to approve Contractor-prepared drawings or approve a proposed installation. Contractor shall include in its proposal, time for possible review of its drawings and for reasonable delays and damages that may be caused by such agencies. Contractor is not entitled to make a claim for damages or delays or an Excusable Delay arising from the review of Contractor's drawings or other approvals from the Division of the State Architect, the Department of General Services, gas companies, electrical utility companies, water districts, and other agencies.

15.5.7. Neither the financial resources of the Contractor or any person or entity directly or indirectly engaged by the Contractor in performance of any portion of the Work shall be deemed conditions beyond the control of the Contractor. If an event of Excusable Delay occurs, the Contract Time shall be subject to adjustment hereunder only if the Contractor establishes: (i) full compliance with all applicable provisions of the Contract Documents relative to the method, manner and time for Contractor's notice and request for adjustment of the Contract Time; (ii) that the event(s) forming the basis for Contractor's request to adjust the Contract Time are outside the reasonable control and without any fault or neglect of the Contractor or any person or entity directly or indirectly engaged by Contractor in performance of any portion of the Work; and (iii) that the event(s) forming the basis for Contractor's request to adjust the Contract Time directly and adversely impacted the critical path of the Work as indicated in the approved Construction Schedule or the most recent updated approved Construction Schedule relative to the date(s) of the claimed event(s) of Excusable Delay.

15.6. Excusable and Compensable Delay(s)

15.6.1. A delay is an Excusable and Compensable Delay only if **all** of the following conditions are met:

15.6.1.1. The District is responsible for the delay;

15.6.1.2. The delay is unreasonable under the circumstances involved and impacts the critical path of

the Work and extends the most current Contract Completion date;

15.6.1.3. The delay was not within the contemplation of District and Contractor;

15.6.1.4. Contractor complies with the Change Order procedures, and if necessary, the Claims procedures of the Contract Documents;

15.6.1.5. The delay could not have been avoided or mitigated by the Contractor's care, prudence, foresight, and diligence;

15.6.1.6. The delay extends the most current Contract Completion date; and

15.6.1.7. The delay is not concurrent with a Contractor-caused delay or other type of Excusable Delay.

15.6.2. In accordance with California Public Contract Code section 7102, if the Contractor's progress is delayed by the events described in the preceding subsection, Contractor shall not be precluded from the recovery of damages directly and proximately resulting therefrom. In that event, Contractor's damages, if any, shall be limited to direct, actual and unavoidable additional costs of labor, materials or construction equipment directly resulting from that delay, and shall exclude special, indirect or consequential damages. In no event shall Contractor seek costs or damages for delays, interruptions, hindrances or disruptions to the Work for on-Site or off-Site costs or damages based upon formulas, e.g. Eichleay or other formula. Except as expressly provided for herein, Contractor shall not have any other claim, demand or right to adjustment of the Contract Price arising out of delay, interruption, hindrance or disruption to the progress of the Work. Adjustments to the Contract Price and the Contract Time, if any, on account of Changes to the Work or Suspension of the Work shall be governed by the applicable provisions of the Contract Documents, including without limitation, the "Changes in the Work" section and the percentages in the "Format for Proposed Change" section of these General Construction Provisions.

15.6.3. Delays from Force Majeure Events may **NOT** constitute an Excusable and Compensable Delay, but may only constitute an Excusable Delay.

15.7. Unexcused Delay(s) – Liquidated Damages

15.7.1. Unexcused Delays refer to any delay to the progress of the Work caused by events or factors other than those specifically identified in the "Excusable Delay(s)" or the "Excusable and Compensable Delay(s)" sections above. Neither the Contract Price nor the Contract Time shall be adjusted on account of Unexcused Delays.

15.7.2. Contractor and District hereby agree that the exact amount of damages for failure to complete the Work within the time specified is extremely difficult or impossible to determine. If the Work is not completed within the time specified in the Contract Documents, it is understood that the District will suffer damage. It being impractical and unfeasible to determine the amount of actual damage, it is agreed the Contractor shall forfeit and pay to District as fixed and liquidated damages, and not as a penalty, the amount set forth in the Contract Documents for each day of delay in Completion. Contractor and its Surety shall be liable for the amount thereof pursuant to Government Code section 53069.85.

15.7.3. Contractor shall not forfeit or pay liquidated damages for an Excusable Delay or an Excusable and Compensable Delay.

15.8. Float or Slack in the Schedule

Float or slack is the amount of time between the early start date and the late start date, or the early finish date and the late finish date, of any of the activities in the schedule. Float or slack is not for the exclusive use of or benefit of either the District or the Contractor, however it shall be used as necessary to accommodate delays in the progress of the Work which may occur during the course of construction, as determined by the District. Contractor shall not be entitled to an extension of time for any claimed delays to the extent that such delays may be covered by the float.

16. CHANGES IN THE WORK

16.1. No Changes Without Authorization

16.1.1. There shall be no change whatsoever in the Drawings, Specifications, or in the Work without an executed Change Order authorized by the District as herein provided. District shall not be liable for the cost of any extra work or any substitutions, changes, additions, omissions, or deviations from the Drawings and Specifications unless the District's governing board has authorized the same and the cost thereof has been approved in writing by Change Order. No extension of time for performance of the Work shall be allowed hereunder unless claim for such extension is made at the time changes in the Work are ordered, and such time duly adjusted in writing in the Change Order. The provisions of the Contract Documents shall apply to all such changes, additions, and omissions with the same effect as if originally embodied in the Drawings and Specifications.

16.1.2. Verbal Order of Change in the Work. Any verbal order, direction, instruction, interpretation, or determination from the District, the Project Inspector or the Architect which in the opinion of the Contractor causes any change to the scope of the Work, or otherwise requires an adjustment to the Contract Price or the Contract Time, shall be treated as a Change only if:

16.1.2.1. The Contractor gives the District written notice within three (3) Business Days of the order, directions, instructions, interpretation or determination and prior to acting in accordance therewith, **and**

16.1.2.2. The District confirms in writing the verbal order within 24 hours.

Time is of the essence in Contractor's written notice pursuant to the preceding sentence so that the District can promptly investigate and consider alternative measures to address the order, direction, instruction, interpretation or determination giving rise to Contractor's notice. Accordingly, Contractor acknowledges that its failure, for any reason, to give written notice within three (3) Business Days of any right to assert or claim any entitlement to an adjustment of the Contract Time or the Contract Price on account of that verbal order, direction, instruction, interpretation or determination shall constitute a waiver of its right to make that claim. The written notice shall state the date, circumstances, extent of adjustment to the Contract Price or the Contract Time, if any, requested, and the source of the verbal order, directions, instructions, interpretation or determination that the Contractor regards as a Change. Unless the Contractor acts in strict accordance with this procedure, any verbal order, direction, instruction, interpretation or determination shall not be treated as a Change and the Contractor hereby waives any claim for any adjustment to the Contract Price or the Contract Time on account thereof.

16.1.3. Contractor shall perform immediately all work that has been authorized by a fully executed Change Order, Unilateral Change Order, or Force Account Directive. Contractor shall be fully responsible for any and all delays and/or expenses caused by Contractor's failure to expeditiously perform this Work and Contractor's failure or refusal to proceed with that Work may be deemed to be Contractor's default of a material obligation of the Contractor under the Contract Documents.

16.1.4. Should any Change Order result in an increase in the Guaranteed Project Cost, the cost of that Change Order shall be agreed to, in writing, in advance by Contractor and District. In the event that Contractor proceeds with any change in Work without a Change Order executed by the District, Contractor waives any claim of additional compensation or time for that additional work.

16.1.5. Contractor understands, acknowledges, and agrees that the reason for District authorization is so that District may have an opportunity to analyze the Work and decide whether the District shall proceed with the Change Order or alter the Project so that a change in Work becomes unnecessary.

16.1.6. In an emergency affecting safety of life or of work or of adjoining property, Contractor, without special instruction or authorization, shall act, at its discretion, to prevent all threatened loss or injury. Any compensation or time claimed by Contractor on account of emergency work shall be determined as indicated herein as a PCO.

16.2. Architect Authority

The Architect will have authority to order minor changes in the Work not involving any adjustment in the Guaranteed Project Cost, or an extension of the Contract Time, or a change that is inconsistent with the intent of the Contract Documents. These changes shall be effected by written Change Order, Unilateral Change Order, or by Architect's response(s) to RFI(s).

16.3. Change Orders

16.3.1. Definition of Change Order. A Change Order is a written instrument prepared and issued by the District and signed by the District (as authorized by the District's governing board), the Contractor, the Architect, and approved by the Project Inspector (if necessary) and DSA (if necessary), stating their agreement regarding all of the following. If a Change Order is required to be approved by DSA, the District may call it a "*Construction Change Document*":

16.3.1.1. A description of a change in the Work;

16.3.1.2. The amount of the adjustment in the Guaranteed Project Cost, if any; and

16.3.1.3. The extent of the adjustment in the Contract Time, if any.

16.3.2. All Adjustments in Change Order. If the District approves a Change, the District or the Architect shall provide a written Change Order to the Contractor describing the Change and setting forth the adjustment to the Contract Time and the Contract Price, if any, on account of that Change. All Change Orders shall be full payment and final settlement of all rights for direct, indirect and consequential costs, including without limitation, costs of delays or impacts related to, or arising out of, items covered and affected by the Change Order, as well as any adjustments to the Contract Time. Any demand or request for an adjustment to the Contract Time or the Contract Price relating to any Change incorporated into a Change Order not presented by the Contractor for inclusion in the Change Order shall be deemed waived. The Contractor shall execute the Change Order prepared pursuant to the foregoing. After the Change Order has been prepared and forwarded to the Contractor for execution, the Contractor shall not modify or amend the form or content of such Change Order, or any portion thereof.

16.4. Unilateral Change Orders

16.4.1. A Unilateral Change Order is a written order prepared and issued by the District, the Construction Manager, and/or the Architect and signed by the District, directing a change in the Work. The District may as provided by law, by Unilateral Change Order and without invalidating the Contract,

order changes in the Work consisting of additions, deletions, or other revisions. If all or a portion of the Project is being funded by funds requiring approval by the State Allocation Board (SAB), these revisions may be subject to compensation once approval of same is received and funded by the SAB, and funds are released by the Office of Public School Construction (OPSC). Any dispute as to the sum of the Unilateral Change Order or timing of payment shall be resolved pursuant to the Payment and Claims provisions herein. **A Unilateral Change Order is NOT a “Construction Change Document” (which is defined above as a Change Order that DSA must approve).**

16.4.2. The District may issue a Unilateral Change Order in the absence of agreement on the terms of a Change Order.

16.5. Force Account Directives

16.5.1. When work, for which a definite price has not been agreed upon in advance, is to be paid for on a time-and-material basis, all direct costs necessarily incurred and paid by the Contractor for labor, material, and equipment used in the performance of that Work, shall be subject to the approval of the District and compensation will be determined as set forth herein.

16.5.2. District will issue a Force Account Directive (which may also be called a “Construction Directive”) to proceed with the Work on a force account (time-and-material) basis, and a not-to-exceed budget will be established by District.

16.5.3. All requirements regarding direct cost for labor, labor burden, material, equipment, and markups on direct costs for overhead and profit described in this section shall apply to Force Account Directives. However, District will only pay for actual costs verified in the field by the District or its authorized representative(s) on a daily basis.

16.5.4. Contractor shall be responsible for all cost related to the administration of Force Account Directive. The markup for overhead and profit for Contractor modifications shall be full compensation to the Contractor to administer Force Account Directive.

16.5.5. Contractor shall notify District or its authorized representative(s) at least twenty-four (24) hours prior to proceeding with any of the Force Account Directive work. Furthermore, the Contractor shall notify the District when it has consumed eighty percent (80%) of the budget, and shall not exceed the budget unless specifically authorized in writing by the District. Contractor will not be compensated for force account work in the event that Contractor fails to timely notify the District regarding the commencement of Force Account Directive work, or to the extent exceeding the Force Account Directive budget.

16.5.6. Contractor shall diligently proceed with the work, and on a daily basis, submit a daily time-and-material report on a form supplied by the District no later than 5:00 p.m. each day. The report shall contain a detailed itemization of the daily labor, material, and equipment used on the time-and-material work only. The names of the individuals performing the force account work shall be included on the daily time-and-material reports. The type and model of equipment shall be identified and listed. District will review the information contained in the reports, and sign the reports no later than the next work day, and return a copy of the report to Contractor for its records. District will not sign, nor will Contractor receive compensation for work District cannot verify. Contractor will provide a weekly Force Account Directive summary indicating the status of each Force Account Directive in terms of percent complete of the not-to-exceed budget and the estimated percent complete of the work.

16.5.7. In the event Contractor and District reach a written agreement on a set cost for the work while the work is proceeding based on a Force Account Directive, the Contractor’s signed daily time-and-

material reports shall be discontinued and all previously signed reports shall be invalid.

16.6. Price Request/Request for Proposal

16.6.1. Definition of Price Request. A Price Request (or a "Request for Proposal"; a "PR") is a written request prepared by the District requesting the Contractor to submit to the District an estimate of the effect of a proposed change in the Work on the Guaranteed Project Cost and the Contract Time.

16.6.2. Scope of Price Request. A Price Request shall contain adequate information, including any necessary Drawings and Specifications, to enable Contractor to provide the cost breakdowns required herein. The Contractor shall not be entitled to any additional compensation for preparing a response to a Price Request, whether ultimately accepted or not.

16.6.3. Do not consider Price Requests to be instructions either to stop work in progress or to execute the proposed change.

16.6.4. Within the time specified in Price Request after receipt of Price Request, submit a quotation estimating cost adjustments to the Contract Price and the Contract Time necessary to execute the change.

16.6.4.1. Include a list of quantities of products required or eliminated and unit costs, with total amount of purchases and credits to be made. If requested, furnish survey data to substantiate quantities.

16.6.4.2. Indicate applicable taxes, delivery charges, equipment rental, and amounts of trade discounts.

16.6.4.3. Include costs of labor and supervision directly attributable to the change.

16.6.4.4. Include an updated Contractor's Construction Schedule that indicates the effect of the change, including, but not limited to, changes in activity duration, start and finish times, and activity relationship. Use available total float before requesting an extension of the Contract Time.

16.7. Proposed Change Order/Change Order Request

16.7.1. Definition of Proposed Change Order. A Proposed Change Order (or a "Change Order Request"; a "PCO") is a written request prepared by the Contractor requesting that the District and the Architect issue a Change Order based upon a proposed change to the Work.

16.7.2. Changes in Guaranteed Project Cost. A PCO shall include breakdowns pursuant to the revisions herein to validate any change in Guaranteed Project Cost.

16.7.3. Changes in Time. A PCO shall also include any changes in time required to complete the Project. Include an updated Contractor's Construction Schedule that indicates the effect of the change, including, but not limited to, changes in activity duration, start and finish times, and activity relationships. Use available total float before requesting an extension of the Contract Time. Any additional time requested shall not be the number of days to make the proposed change, but must be based upon the impact to the Construction Schedule as defined in the Contract Documents. If Contractor fails to request a time extension in a PCO, then the Contractor is thereafter precluded from requesting time and/or claiming a delay. If the Contractor is requesting additional time and believes that time is both Excusable and Compensable, then the Contractor must provide detailed documentation that supports its position and that addresses all the components of the "Excusable and Compensable Delay(s)" section above.

16.7.4. Unknown and/or Unforeseen Conditions. If Contractor submits a PCO requesting an increase in Guaranteed Project Cost and/or Contract Time that is based at least partially on Contractor's assertion that Contractor has encountered Unforeseen Site Conditions on the Project, then Contractor shall base the PCO on provable information that demonstrates that the Unforeseen Site Conditions were actually or reasonably constitute Unforeseen Site Conditions and were unknown and/or unforeseen to Contractor. If not, the District shall deny the PCO and the Contractor shall complete the Project without any increase in Guaranteed Project Cost and/or Contract Time based on that PCO.

16.7.5. Time to Submit PCO. Contractor shall submit its PCO within five (5) days of the date Contractor discovers, or reasonably should discover, the circumstances giving rise to the proposed change order, unless additional time to submit a proposed change order is granted in writing by the District. Time is of the essence in Contractor's written notice pursuant to the preceding sentence so that the District can promptly investigate and consider alternative measures to address the basis for the PCO. Accordingly, Contractor acknowledges that its failure, for any reason, to give written notice (with Supporting Documentation to permit the District's review and evaluation) within this time frame shall be deemed Contractor's waiver, release, discharge and relinquishment of any right to assert or claim any entitlement to an adjustment of the Contract Time or the Contract Price on account of the circumstances giving rise to the PCO.

16.7.6. COVID-19 and other Infectious Disease(s).

16.7.6.1. Contractor agrees that the Contract Price and the Contract Time are based on the Contractor's full compliance with all applicable and existing federal, state, and/or local statutes, orders, rules, regulations, ordinances, and/or directives relating to construction site safety in connection with Infectious Disease(s) (as defined herein) including COVID-19, and/or any similar virus or derivative strain at the time of Contract award. Therefore, any cost or delay associated with Infectious Disease(s), or any derivative or similar strain thereof, or any federal, state, or local order relating thereto, shall not be considered compensable unless:

16.7.6.1.1. It occurred after the date of the award of the Contract to Contractor;

16.7.6.1.2. It materially increases the Contract Price or the Contract Time; and

16.7.6.1.3. Contractor notifies the District within 10 days of notice of any a new derivative, strain, or new public health order(s), including the anticipated increase to the Contract Price or Contract Time due to the new derivative, strain, or new public health order(s), and Contractor substantiates those costs with detailed supporting documentation as required for a PCO.

16.7.6.2. If, during the construction of the Project, the applicable and existing federal, state, and/or local statutes, orders, rules, regulations, ordinances, and/or directives relating to construction site safety in connection with Infectious Disease(s), and/or any similar virus or derivative strain, are changed or rescinded (e.g., by the reduction of potential exposure or risk due to vaccinations), the Parties agree to reduce the Contract Price and the Contract Time due to the removal of the required efforts. If the Parties cannot mutually agree on the appropriate reduction, the District may issue a Unilateral Change Order for an amount of time and money it determines to be both reasonable and appropriate. The Parties agree that any dispute related to this provision will be resolved pursuant to the Claims Resolution Process herein.

16.8. Format for Proposed Change Order

The following format(s) on the following two (2) pages shall be used as applicable by the District and the Contractor (e.g., Change Orders, PCO's) to communicate proposed additions and deductions to the Contract,

supported by attached documentation

16.8.1. All Proposed Change Order requests by Contractor for a change shall include a complete itemized breakdown with the following detail:

16.8.1.1. **Labor.** Labor breakdown by trade classification, wage rates, and estimated hours. Labor costs shall only include fringe benefits indicated by governing trade organizations. Wages shall not exceed current prevailing wages in the locality for performance of the changes.

16.8.1.1.1. The Contractor’s or Subcontractors’ labor burden and Workers’ Compensation premium shall only be charged as indicated herein. In no event shall Contractor include any other charges than as indicated herein without the prior written approval of the District.

16.8.1.2. **Material.** Material quantities, and types of products, and transportation costs, if applicable.

16.8.1.3. Equipment. Equipment breakdown by make, type, size, rental rates, equipment hours and transportation costs, if applicable.

16.8.1.3.1. The equipment costs shall not exceed one hundred percent (100%) of the Association of Equipment Distributors (AED) rental rates or Caltrans rates, whichever is less. Hourly, daily, weekly, or monthly rates shall be used, whichever is lower. Hourly rates including operator shall not be used.

16.8.1.3.2. The time to be paid for equipment shall be the actual time that the equipment is in (1) productive operation on the Work or (2) idled because of the event or circumstance giving rise to the Proposed Change Order.

16.8.1.3.2.1. To calculate the costs of idle equipment, the Contractor must use the applicable idle equipment rate. For example, and clarification purposes only, if the rate for "X" piece of equipment is \$100 and the applicable delay factor is .20 for that piece of equipment, then the hourly rate for idle equipment shall be \$20 ($\$100 \times .20$), which shall be applied against the number of hours idle. In no event shall Contractor charge an amount greater than 50% of the applicable equipment rate for idle equipment.

16.8.1.3.2.2. In computing the hourly rental of equipment, any time less than thirty (30) minutes shall be considered one-half (1/2) hour.

16.8.1.3.2.3. No payment will be made for time while equipment is inoperative due to breakdown, or for non-workdays.

16.8.1.3.2.4. The rental time shall not include the time required to move the equipment to and from the Site. No mobilization or demobilization will be allowed for equipment already on site. If equipment is not moved by its own power, then loading and transportation costs will be paid in lieu of rental time thereof. However, neither moving time nor loading and transportation costs will be paid if the equipment is used on the Project Site in any other way than upon the work directly related to the event or circumstance giving rise to the Proposed Change Order.

16.8.1.3.3. Individual pieces of equipment having a replacement value of one thousand dollars (\$1,000) or less shall be considered to be small tools or small equipment, and no payment will be made since the costs of these tools and equipment is included as part of the markup for overhead and profit defined herein.

16.8.1.3.4. Payment to the Contractor for the use of equipment as set forth above shall constitute full compensation to the Contractor for the cost of fuel, power, oil, lubricants, supplies, small equipment, necessary attachments, repairs and maintenance of any kind, depreciation, storage, insurance, labor (except for equipment operators), and any and all costs to the Contractor incidental to the use of the equipment.

16.8.1.3.5. Should Contractor, or any of its owners, officers, directors or agents, hold any ownership interest in any company, organization, association or corporation from whom rental equipment is secured. Contractor shall immediately notify District of such and the price set for any such rental shall be agreed upon in advance by the Contractor and the District.

16.8.1.4. Mark-Up, Fee / Overhead and Profit. Markup for overhead and profit, which shall be used to compensate Contractor for all costs for all administration, general conditions, and supervision, including, without limitation:

16.8.1.4.1. All home office overhead, field office overhead, field office personnel including, but not limited to, principals, project managers, superintendents, supervisory foremen, estimators, project engineers, detailers, draftsmen, schedulers, consultants, watchmen, payroll clerks, administrative assistants, labor compliance costs and secretaries.

All field and field office expenses including, but not limited to, field trailers, parking, storage sheds, office equipment and supplies, telephone service and long distance telephone calls, computers, fax machines, temporary utilities, sanitary facilities and services, janitorial services, small tools and equipment with a cost under \$1000 each, portable scaffolding, blocking, shores, appliances, job vehicles, security and fencing, conformance to regulatory requirements including compliance to safety regulations, safety programs and meetings, cartage, warranties, As-Built Drawings, as well as any related maintenance costs.

16.8.1.4.3. Administrative functions such as, but not limited to, reviewing, coordinating, distributing, processing, posting, recording, estimating, negotiating, expediting, engineering, drawing, detailing, revising shop drawings, carting, cleaning, protecting the work, and other incidental Work related to the change.

16.8.1.4.4. All other costs and taxes required to be paid, but not included under direct costs as defined above including, without limitation, payroll taxes, social security, etc.

16.8.1.4.5. All costs for Contractor's bonds and insurance.

16.8.1.4.6. Taxes: Federal excise tax shall not be included. District will issue an exemption on request.

16.8.1.5. **Contract Time.** Justification for any adjustment in Contract Time including a schedule analysis identifying critical schedule activities delayed by the request. Contract Time shall be extended or reduced by Change Orders, Unilateral Change Orders, or Force Account Directives for a period of time commensurate with the time reasonably necessary to perform a Change. This time must be requested in writing by the Contractor with the Price Request, PCO, or expressly in writing as part of its documentation for Unilateral Change Orders, or Force Account Directives. The Contractor shall justify any Contract Time extension by submittal of a schedule analysis as required in this Changes section of these General Construction Provisions accurately portraying the impact of the change on the critical path of the Construction Schedule. Changes performed within available float shall not justify an extension to the Contract Time. The District shall make the final determination of the amount of Contract Time to allocate to any Change.

16.8.1.6. **Supporting Documentation.** Contractor shall include with each PCO, along with the itemized breakdown as required herein, reasonable documentation substantiating the requested change in the Contract Price and Contract Time. If the District deems Contractor's supporting documentation incomplete or inadequate to substantiate the requested change to the Contract Price and Contract Time, the District may request that Contractor supplement the PCO with additional, reasonable supporting documentation.

16.9. Change Order Certification

16.9.1. All Change Orders and PCOs shall include the following certification by the Contractor. The Parties acknowledged that if a Change Order is approved that does not include this language, that Change Order shall be deemed to include this certification language:

The undersigned Contractor approves the foregoing as to the changes, if any, and the Guaranteed Project Cost specified for each item and as to the extension of time allowed, if any, for Project Completion, and agrees to furnish all labor, materials, and service, and perform all work necessary to complete any additional work specified for the consideration stated herein. Submission of sums that have no basis in fact or which Contractor knows are false are at the sole risk of Contractor and may be a violation of the False Claims Act set forth under Government Code section 12650 et seq. It is understood that the changes herein to the Contract shall only be effective when approved by the governing board of the District. It is expressly understood that the value of the extra Work or changes expressly includes any and all of the Contractor's costs and expenses, both direct and indirect, resulting from additional time required on the Project or resulting from delay to the Project. Any costs, expenses, damages, or time extensions not included are deemed waived.

16.10. Determination of Change Order Cost

16.10.1. The amount of the increase or decrease in the Guaranteed Project Cost from a Change Order, if any, shall be determined in one or more of the following ways as applicable to a specific situation and at the District's discretion:

16.10.1.1. District acceptance of a PCO;

16.10.1.2. By agreement between District and Contractor.

16.10.1.3. By amounts contained in Contractor's schedule of values, if applicable;

16.10.1.4. By the District, based upon actual and necessary costs incurred by the Contractor as determined by the District on the basis of the Contractor's records. Promptly upon determining the extent of adjustment to the Contract Price, the District shall notify the Contractor in writing of the same; the Contractor shall be deemed to have accepted the District's determination of the amount of adjustment to the Contract Price on account of a Change to the Work unless Contractor shall notify the District, in writing, not more than fifteen (15) days from the date of the District's written notice, of any objection to the District's determination. Failure of the Contractor to timely notify the District of Contractor's objections to the District's determination of the extent of adjustment to the Contract Price shall be deemed Contractor's acceptance of the District's determination and a waiver of any right or basis of the Contractor to thereafter protest or otherwise object to the District's determination. Notwithstanding any objection of the Contractor to the District's determination of the extent of any adjustment to the Contract Price pursuant to this provision, Contractor shall diligently proceed to perform and complete any such Change.

16.10.2. If the District has put in contingency(s) and/or allowance(s) in **Exhibit C** to the Facilities Lease, then approved Change Order(s) may be paid out of those contingency(s) and/or allowance(s), pursuant to **Exhibit C** and if agreed to by the District.

16.11. Deductive Change Orders

All deductive Change Order(s) must be prepared pursuant to the provisions herein. If Contractor offers a proposed amount for a deductive Change Order(s), Contractor shall include a minimum of five percent (5%) total overhead, profit & general conditions to be deducted with the amount of the work of the Change Order(s). If Subcontractor work is involved, Subcontractors shall also include a minimum of five percent (5%) total overhead, profit & general conditions to be deducted with the amount of its deducted work. Any deviation from this provision shall only be permitted with the District's prior written approval.

16.12. Discounts, Rebates, and Refunds

For purposes of determining the cost, if any, of any change, addition, or omission to the Work hereunder, all trade discounts, rebates, refunds, and all returns from the sale of surplus materials and equipment shall accrue and be credited to the Contractor, and the Contractor shall make provisions so that such discounts, rebates, refunds, and returns may be secured, and the amount thereof shall be allowed as a reduction of the Contractor's cost in determining the actual cost of construction for purposes of any change, addition, or omission in the Work as provided herein. Such discounts and rebates generated as a result of early payments shall only be credited to the District, provided that the District provides Contractor with early payment in order to secure such discounts and rebates.

16.13. Accounting Records

With respect to portions of the Work performed by Change Orders, Unilateral Change Orders, or Force Account Directives, Contractor shall keep and maintain cost-accounting records satisfactory to the District, which shall be available to the District on the same terms as any other books and records the Contractor is required to maintain under the Contract Documents.

16.14. Notice Required

If the Contractor desires to make a claim for an increase in the Guaranteed Project Cost, or any extension in the Contract Time for Project Completion, it shall notify the District pursuant to the provisions herein. No claim shall be considered unless made in accordance with the provisions herein. Contractor shall proceed to execute the Work even though the adjustment may not have been agreed upon. Any change in the Guaranteed Project Cost or extension of the Contract Time resulting from such claim shall be authorized by a Change Order.

16.15. Applicability to Subcontractors

Any requirements under this Article shall be equally applicable to Change Orders, Unilateral Change Orders, or Force Account Directives issued to Subcontractors by the Contractor to the extent as required by the Contract Documents.

16.16. Alteration to Change Order Language

Contractor shall not alter Change Orders or reserve time in Change Orders. Contractor shall execute finalized Change Orders and proceed under the provisions herein with proper notice.

A Request for Information cannot modify the Guaranteed Project Cost, Contract Time, or the Contract Documents.

17.2. The Contractor shall be responsible for any costs incurred for professional services that District may

deduct from any amounts owing to the Contractor, if Contractor makes multiple Requests for Information that request interpretation(s) or decision(s) of a matter where the information sought is equally available to the Contractor. District, at its sole discretion, shall deduct from and/or invoice Contractor for all the professional services arising herein.

17.3. Requests for Information shall comply with all requirements of the Contract Documents.

17.4. Prior to submitting the RFI, Contractor shall diligently review the Contract Documents for information responsive to the RFI, including information incorporated by reference. Contractor should not issue an RFI regarding information contained in or inferable from the Contract Documents, including information incorporated by reference. An RFI is invalid if the RFI response is contained in or inferable from the Contract Documents.

17.5. Contractor shall be responsible for preparing and submitting each RFI so as to not cause delay to the progress of the Work nor to cause any impact to the Contractor's labor productivity. An RFI may be considered untimely if not submitted within **Forty-Eight (48) hours** of receipt from a Contractor's subcontractor. Untimely submission of any RFI will preclude Contractor from asserting any claims for delay or for labor impact against the District.

17.6. If the Contractor fails to timely notify the District and the Architect in writing of any Conditions encountered and the Contractor proceeds to perform any portion of the Work containing or affected by such Conditions the Contractor shall bear all costs associated with or required to correct, remove, or otherwise remedy any portion of the Work affected thereby without adjustment of the Contract Time or the Contract Price. In requesting information of the District to address and resolve any conditions, the Contractor shall act with promptness in submitting any written request so as to allow the District a reasonable period of time to review, evaluate and respond to any request, taking into account the then current status of the progress and completion of the Work and the actual or potential impact of any conditions upon the completion of the Work within the Contract Time. The Contract Time shall not be subject to adjustment in the event that the Contractor shall fail to timely request information from the District.

conformity with the Contract Documents. Instead, such payment shall be construed as a good faith effort by District to resolve differences so Contractor may pay its Subcontractors and suppliers. Contractor agrees that failure to submit such items may constitute a breach of contract by Contractor and may subject Contractor to termination.

18.3. District's Approval of Application for Tenant Improvement Payment

18.3.1. Upon receipt of an Application for Tenant Improvement Payment, The District shall act in accordance with both of the following:

18.3.1.1. Each Application for Tenant Improvement Payment shall be reviewed by the District as soon as practicable after receipt for the purpose of determining that the Application for Tenant Improvement Payment is a proper Application for Tenant Improvement Payment.

An Application for Tenant Improvement Payment shall be considered properly executed if funds are available for each payment request from a Schedule of Value line item in the Application for Tenant Improvement Payment, and payment is not delayed due to an audit inquiry by a financial officer or auditor of the District, the County, or the State.

18.3.1.3.1. 18.3.2. The District's review of the Contractor's Application for Tenant Improvement Payment will be based on the District's and the Architect's observations at the Site and the data comprising the Application for Tenant Improvement Payment that the Work has progressed to the point indicated and that, to the best of the District's and the Architect's knowledge, information, and belief, the quality of the Work is in accordance with the Contract Documents. The foregoing representations are subject to:

18.3.2.1. Observation of the Work for general conformance with the Contract Documents,

18.3.2.2. Results of subsequent tests and inspections,

18.3.2.3. Minor deviations from the Contract Documents correctable prior to Project Completion, and

18.3.2.4. Specific qualifications expressed by the Architect.

18.3.3. District's approval of the certified Application for Tenant Improvement Payment shall be based on Contractor complying with all requirements for a fully complete and valid certified Application for Tenant Improvement Payment.

Contractor shall continue to perform and shall complete the Project.

18.3.5.3. The value of the Work completed shall be Contractor's best estimate. No inaccuracy or error in said estimate shall operate to release the Contractor, or any Surety upon any bond, from damages arising from such Work, or from the District's right to enforce each and every provision of this Contract, and the District shall have the right subsequently to correct any error made in any estimate for payment.

18.3.6. No Waiver

No payment by District hereunder shall be interpreted so as to imply that District has inspected, approved, or accepted any part of the Work. Notwithstanding any payment, the District may enforce each and every provision of this Contract. The District may correct or require correction of any error subsequent to any payment.

18.3.7. Warranty of Title

18.3.7.1. 18.3.7.2. If the Contractor fails to furnish to the District within ten (10) Days after demand by the District, satisfactory evidence that a lien or a claim based on a stop payment notice has been so released, discharged, or secured, the District may discharge such indebtedness and deduct the amount required therefor, together with any and all losses, costs, damages, and attorney's fees and expense incurred or suffered by District from any sum payable to Contractor under the Contract.

18.3.8. Decisions to Withhold Payment

18.3.8.1. Reasons to Withhold Payment

The District may withhold payment to the extent reasonably necessary to protect the District if, in the District's opinion, the representations to the District required herein cannot be made. 18.3.8.2. Reallocation of Withheld Amounts. District may, in its reasonable discretion, apply any withheld amount to pay outstanding claims or obligations as defined herein. In so doing, District shall make such payments on behalf of Contractor only after providing fourteen (14) days prior written notice to Contractor, requesting the Contractor provide information in response to same. District shall consider all information provided by Contractor in exercising its discretion to pay any such claim or obligation. These payments may be made without prior judicial determination of claim or obligation. District will render Contractor an accounting of funds disbursed on behalf of Contractor.

18.3.8.3. If Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents or fails to perform any provision thereof, District may, after **FORTY-EIGHT (48)** hours written notice to the Contractor and, without prejudice to any other remedy, make good such deficiencies. The District shall adjust the total Guaranteed Project Cost by reducing the amount thereof by the cost of making good such deficiencies. If District deems it inexpedient to correct Work that is damaged, defective, or not done in accordance with Contract provisions, an equitable reduction in the Guaranteed Project Cost (of at least one hundred twenty-five percent (125%) of the estimated reasonable value of the nonconforming Work) shall be made therefor.

18.3.9. Payment After Cure

When Contractor removes the grounds for declining approval, payment shall be made for amounts withheld because of them. No interest shall be paid on any amounts withheld due to the failure of the Contractor to perform in accordance with the terms and conditions of the Contract Documents.

18.4. Subcontractor Payments

18.4.1. Payments to Subcontractors

No later than seven (7) days after receipt of each Tenant Improvement Payment, or pursuant to Business and Professions Code section 7108.5 and Public Contract Code section 7107, the Contractor shall pay to each Subcontractor, out of the amount paid to the Contractor on account of such Subcontractor's portion of the Work, the amount to which said Subcontractor is entitled. The Contractor shall, by appropriate agreement with each Subcontractor, require each Subcontractor to make payments to its Sub-subcontractors in a similar manner.

18.4.2. No Obligation of District for Subcontractor Payment

The District shall have no obligation to pay, or to see to the payment of, money to a Subcontractor except as may otherwise be required by law.

18.4.3. Joint Checks

Provided Contractor is in breach of its payment obligations to its subcontractors and after 14 days written notice, District shall have the right in its sole discretion, if necessary for the protection of the District, to issue joint checks made payable to the Contractor and Subcontractors and material or equipment suppliers. The joint check payees shall be responsible for the allocation and disbursement of funds included as part of any such joint payment. In no event shall any joint check payment be construed to create any contract between the District and a Subcontractor of any tier, any obligation from the District to such Subcontractor, or rights in such Subcontractor against the District.

19. COMPLETION OF THE WORK

19.1. Completion

19.1.1. The Project may only be accepted by action of the governing board of the District.

19.1.2. Completion of the Project will be when the Work to construct the Project is 100% complete, including all punch list items. Final DSA approval of the Project is not required for Project Completion.

19.1.3. Acceptance. There is no “*substantial completion*” for this Project. Even so, the District, at its sole option, may accept the Project and record a Notice of Completion when Project Completion has been completed to the satisfaction of the District, except for minor corrective items, as distinguished from incomplete items. If Contractor fails to complete all minor corrective items within thirty (30) Days after the date of the District’s acceptance of the Project, the District shall withhold from the final Tenant Improvement Payment one hundred fifty percent (150%) of an estimate of the amount sufficient to complete the corrective items, as determined by District, until the item(s) are completed.

19.1.3.1. At the end of the thirty (30) Day period, if there are any items remaining to be corrected, District may elect to proceed as provided herein related to adjustments to Guaranteed Project Cost, and/or District’s right to perform the Work of the Contractor.

19.2. Closeout Procedures

19.2.1. In addition to the closeout procedures indicated herein, Contractor shall comply with all the closeout requirements, procedures, and actions as indicated in all Contract Documents.

19.2.2. Punch List

The Contractor shall notify the Architect when Contractor considers the Work complete. Upon notification, Architect will prepare a list of minor items to be completed or corrected (“Punch List”). The Contractor and/or its Subcontractors shall proceed promptly to complete and correct items on the Punch List. Failure to include an item on Punch List does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

19.2.3. Closeout Requirements

19.2.3.1. Utility Connections

Buildings shall be connected to water, gas, sewer, and electric services, complete and ready for use. Service connections shall be made and existing services reconnected.

19.2.3.2. As-Built Drawings

19.2.3.2.1. Contractor shall provide exact "as-built" of the Work upon Project Completion as indicated in the Contract Documents ("As-Built Drawings").

19.2.3.2.2. Contractor is liable and responsible for any and all inaccuracies in As-Built Drawings, even if inaccuracies become evident at a future date.

19.2.3.2.3. Upon Project Completion and as a condition precedent to approval of final payment, Contractor shall obtain the Inspector and the Architect's approval of the corrected prints and provide to the District the As-Built Drawings and information electronically. When completed, Contractor shall deliver corrected PDF files to the District.

19.2.3.3. Maintenance Manuals: Contractor shall prepare all operation and maintenance manuals and date as indicated in the Contract Documents.

19.2.3.4. Closeout Documentation: Contractor shall provide all Closeout Documentation, which shall include the following, without limitation:

- 19.2.3.4.4. Verified report(s) for all scope(s) of work (most recent revision of DSA 6-C,).

19.3. Final Inspection

19.3.1. Contractor shall comply with Punch List procedures as provided herein and in all the Contract Documents and maintain the presence of its District-approved Contractor's superintendent and project manager until the Punch List is complete to ensure proper and timely completion of the Punch List. Under no circumstances shall Contractor demobilize its forces prior to completion of the Punch List. Upon receipt of Contractor's written notice that all of the Punch List items have been fully completed and the Work is ready for final inspection and acceptance, Architect and Project Inspector will inspect the Work and shall submit to Contractor and District a final inspection report noting the Work, if any, required in order to complete in accordance with the Contract Documents. Absent unusual circumstances, this report shall consist of the Punch List items not yet satisfactorily completed.

19.3.2. Upon Contractor's completion of all items on the Punch List and any other uncompleted portions of the Work, the Contractor shall notify the District, the Architect and the Project Inspector, who shall again inspect such Work. If the Architect and the Project Inspector find the Work complete and acceptable under the Contract Documents, the Architect will notify Contractor, who shall then jointly submit to the Architect and the District its final Application for Payment.

19.3.3. Final Inspection Requirements

19.3.3.1. Before calling for final inspection, Contractor shall determine that the following have been performed:

- 19.3.3.1.1. The Work has been completed.

- 19.3.3.1.2. All life safety items are completed and in working order.

- 19.3.3.1.13. Final cleanup, as provided herein.

19.4. Costs of Multiple Inspections

More than two (2) requests of the District to make a final inspection shall be considered an additional service of District, Architect, Construction Manager, and/or Project Inspector, and all subsequent costs will be invoiced to Contractor and if funds are available, withheld from remaining payments.

19.5. Beneficial Occupancy or Use Prior to Project Completion

19.5.1. District's Rights to Beneficial Occupancy or Use

The District may, at its sole discretion, have Beneficial Occupancy or use of any completed or partially completed portion of the Project at any stage. Neither the District's Final Acceptance, the making of Final Payment, nor the Beneficial Occupancy or use of the Project, in whole or in part, by District shall constitute acceptance of the Project not in accordance with the Contract Documents nor relieve the Contractor or the Contractor's Performance Bond Surety from liability with respect to any warranties or responsibility for faulty or defective Work or materials, equipment and workmanship incorporated therein. The District and the Contractor shall agree in writing to the responsibilities assigned to each of them for payments, security, maintenance, heat, utilities, damage to the Project, insurance, the period for correction of the Work, and the commencement of warranties required by the Contract Documents. Any dispute as to responsibilities shall be resolved pursuant to the Claims provisions herein, with the added provision that during the dispute process, the District shall have the right to Beneficial Occupancy or use any portion of the Project that it needs or desires to use.

19.5.2. Inspection Prior to Beneficial Occupancy or Use

Immediately prior to partial Beneficial Occupancy or use of the Project, the District, the Contractor, and the Architect shall jointly inspect the area to be occupied or portion of the Project to be used in order to determine and record the condition of the Work.

19.5.3. No Waiver

Unless otherwise agreed upon, partial or entire occupancy or use of a portion or portions of the Project shall not in and of itself constitute an acceptance of the Project not complying with the requirements of the Contract Documents.

20. FINAL PAYMENT AND RETENTION

20.1. Final Payment

Upon receipt and approval of a valid and final Application for Tenant Improvement Payment, the Architect may issue a final Certificate of Tenant Improvement Payment. The District shall thereupon jointly inspect the Work and either accept the Project as complete or notify the Architect and the Contractor in writing of reasons why the Project is not complete. Upon acceptance of the Project, the District may record a Notice of Completion with the County Recorder, and the Contractor shall, upon receipt of final Tenant Improvement Payment from the District, pay the amount due Subcontractors. The amount of the final Tenant Improvement Payment shall be equal to the remaining value of the work performed, less the total amount to be paid as Lease Payments pursuant to Exhibit C.

20.2. Prerequisites for Final Tenant Improvement Payment

The following conditions must be fulfilled prior to Final Tenant Improvement Payment:

20.2.1. A full and final waiver or release of all Stop payment notices in connection with the Work shall be submitted by Contractor, including a release of Stop payment notice in recordable form, together with (to the extent permitted by law) a copy of the full and final release of all Stop payment notice rights.

20.2.2. A duly completed and executed "**Conditional Waiver and Release on Final Payment**" compliant with Civil Code section 8136 from each subcontractor of any tier and supplier to be paid from the **current** Tenant Improvement Payment.

20.2.3. A duly completed and executed "**Unconditional Waiver and Release upon Final Payment**" compliant with Civil Code section 8138 from each subcontractor of any tier and supplier that was paid from the **previous** Tenant Improvement Payment.

20.2.4. The Contractor shall have made all corrections to the Work that are required to remedy any defects therein, to obtain compliance with the Contract Documents or any requirements of applicable codes and ordinances, or to fulfill any of the orders or directions of District required under the Contract Documents.

20.2.5. Each Subcontractor shall have delivered to the Contractor all written guarantees, warranties, applications, and bonds required by the Contract Documents for its portion of the Work.

20.2.6. Contractor must have completed all requirements set forth under "Closeout Procedures," Including, without limitation, an approved set of complete As-Built Drawings.

20.2.7. Architect shall have issued its written approval that final payment can be made.

20.2.8. The Contractor shall have delivered to the District all manuals and materials required by the Contract Documents.

20.2.9. The Contractor shall have completed final clean up as provided herein.

20.3. Retention

20.3.1. The retention (5% of the total Contract Price; “Retention”), less the total Lease Payments and less any amounts disputed by the District or that the District has the right to withhold pursuant to provisions herein, shall be paid as follows:

20.3.1.1. After approval by the District of the Architect’s Certificate of Payment,

20.3.1.2. After the satisfaction of the conditions set forth herein, and

20.3.1.3. Within sixty (60) Days following Project Completion pursuant to Public Contract Code section 7107.

20.3.1.4. No earlier than thirty-five (35) Days of the recording of the Notice of Completion by District, if a Notice of Completion is recorded by the District.

20.3.2. No interest shall be paid on any amounts withheld due to a failure of the Contractor to perform, in accordance with the terms and conditions of the Contract Documents.

20.3.3. District and Contractor acknowledge that the District’s protections, restrictions and requirements outlined in the “retention” provisions of applicable California law (including, without limitation, Public Contract Code sections 7201 and 9203) are satisfied by the amount(s) the District will withhold as Retention under this Contract, including the amounts that the District will pay as Lease Payments under this Contract.

20.4. Claims Asserted After Final Tenant Improvement Payment.

Any lien, stop payment notice or other claim filed or asserted after the Contractor's acceptance of the Final Payment by any Subcontractor, of any tier, laborer, Material Supplier or others in connection with or for Work performed under the Contract Documents shall be the sole and exclusive responsibility of the Contractor pursuant to the indemnification obligations of the Contract Documents. In the event any lien, stop payment notice or other claim of any Subcontractor, Laborer, Material Supplier or others performing Work under the Contract Documents remain unsatisfied after Final Tenant Improvement Payment is made, Contractor shall refund to District all monies that the District may pay or be compelled to pay in discharging any lien, stop payment notice or other claim, including, without limitation all costs and reasonable attorneys’ fees incurred by District in connection therewith.

21. UNCOVERING WORK, CORRECTION OF WORK AND RIGHT TO TAKEOVER WORK

21.1. Uncovering Work

If a portion of the Work is covered without Inspector or Architect approval or not in compliance with the Contract Documents, it must, if required in writing by the District, the Project Inspector, or the Architect, be uncovered for the Project Inspector’s or the Architect’s observation and be replaced at the Contractor’s expense without change in the Guaranteed Project Cost or Contract Time.

21.2. Rejection of Work

Prior to the District's Acceptance of the Work, any Work or materials or equipment forming a part of the Work or incorporated into the Work that is defective or not in conformity with the Contract Documents may be rejected by the District, the Architect or the Project Inspector and the Contractor shall correct all rejected Work without any adjustment to the Contract Price or the Contract Time, even if the Work, materials or equipment have been previously inspected by the Architect or the Project Inspector or even if they failed to observe the defective or non-conforming Work, materials or equipment.

21.3. Nonconforming Work

21.3.1. Contractor shall promptly remove from the School Site all Work identified by District as failing to conform to the Contract Documents whether incorporated or not. Contractor shall promptly replace and re-execute its own Work to comply with the Contract Documents without additional expense to the District and shall bear the expense of making good all work of other contractors destroyed or damaged by any removal or replacement pursuant hereto and/or any delays to the District or other contractors caused thereby.

21.3.2. If Contractor does not remove or reasonably begin and diligently remove Work that District has identified as failing to conform to the Contract Documents within a reasonable time, not to exceed five (5) Days, District may remove it and may store any material at Contractor's expense. If Contractor does not pay expense(s) of that removal within ten (10) days' time thereafter, District may, upon ten (10) days' written notice, sell any material at auction or at private sale and shall deduct all costs and expenses incurred by the District and/or District may withhold those amounts from payment(s) to Contractor.

21.4. Correction of Work

21.4.1. Correction of Rejected Work

Pursuant to the notice provisions herein, the Contractor shall promptly correct the Work rejected by the District, the Architect, or the Project Inspector as failing to conform to the requirements of the Contract Documents, whether observed before or after Project Completion and whether or not fabricated, installed, or completed. The Contractor shall bear costs of correcting the rejected Work, including additional testing, inspections, and compensation for the Inspector's or the Architect's services and expenses made necessary thereby.

21.4.2. One-Year Warranty Corrections

If, within one (1) year after the date of Project Completion or a designated portion thereof, or after the date for commencement of warranties established hereunder, or by the terms of an applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of written notice from the District to do so. This period of one (1) year shall be extended with respect to portions of the Work first performed after Project Completion by the period of time between Project Completion and the actual performance of the Work. This obligation hereunder shall survive acceptance of the Work under the Contract and termination of the Contract. The District shall give such notice promptly after discovery of the condition.

21.5. District's Right to Takeover Work

21.5.1. If the Contractor should neglect to prosecute or reasonably begin and diligently prosecute the

Work properly or fail to perform any provisions of this contract, the District, after **five (5) Days** written notice to the Contractor, may, without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due the Contractor.

21.5.2. If it is found at any time, before or after Project Completion, that Contractor has varied from the Drawings and/or Specifications, including, but not limited to, variation in material, quality, form, or finish, or in the amount or value of the materials and labor used, District may require at its option:

21.5.2.1. That all such improper Work be removed, remade or replaced, and all work disturbed by these changes be made good by Contractor at no additional cost to the District;

21.5.2.2. That the District deduct from any amount due Contractor the sum of money equivalent to the difference in value between the work performed and that called for by the Drawings and Specifications; or

21.5.2.3. That the District exercise any other remedy it may have at law or under the Contract Documents, including but not limited to the District hiring its own forces or another contractor to replace the Contractor's nonconforming Work, in which case the District shall either issue a deductive Change Order, a Unilateral Change Order, or invoice the Contractor for the cost of that work. Contractor shall pay any invoices within thirty (30) Days of receipt of same or District may withhold those amounts from payment(s) to Contractor.

21.5.3. Acceptance of Defective or Non-Conforming Work. The District may, in its sole and exclusive discretion, elect to accept Work that is defective or that is not in accordance with the requirements of the Contract Documents, instead of requiring its removal and correction, in which case the Contract Price shall be reduced as appropriate and equitable.

22. TERMINATION AND SUSPENSION AND SCOPE REDUCTION

The Parties' rights to terminate the Project are as indicated in the Facilities Lease. In the event of a termination of the Facilities Lease and notwithstanding any other provision in the Contract Documents, the Surety shall remain liable to all obligees under the Payment Bond and to the District under the Performance Bond for any claim related to the Project.

22.1. Emergency Termination of Public Contracts Act of 1949

22.1.1. In addition to the Parties' right to termination under the Facilities Lease, this Contract is subject to termination as provided by sections 4410 and 4411 of the Government Code of the State of California, being a portion of the Emergency Termination of Public Contracts Act of 1949.

22.1.1.1. Section 4410 of the Government Code states:

In the event a national emergency occurs, and public work, being performed by contract, is stopped, directly or indirectly, because of the freezing or diversion of materials, equipment or labor, as the result of an order or a proclamation of the President of the United States, or of an order of any federal authority, and the circumstances or conditions are such that it is impracticable within a reasonable time to proceed with a substantial portion of the work, then the public agency and the contractor may, by written agreement, terminate said contract.

22.1.1.2. Section 4411 of the Government Code states:

Such an agreement shall include the terms and conditions of the termination of the contract and provision for

the payment of compensation or money, if any, which either party shall pay to the other or any other person, under the facts and circumstances in the case.

22.1.1.3. Compensation to the Contractor shall be determined on the basis of the reasonable value of the Work done, including preparatory work. As an exception to the foregoing and at the District's discretion, in the case of any fully completed separate item or portion of the Work for which there is a separate previously submitted unit price or item on the accepted schedule of values, that price shall control. The District, at its sole discretion, may adopt the Guaranteed Project Cost as the reasonable value of the work done or any portion thereof.

22.2. Suspension of Work

22.2.1. District may, without cause, order Contractor in writing to suspend, delay or interrupt the Project in whole or in part for such period of time as District may determine. When the District resumes the Project, the Parties will attempt to negotiate an adjustment in the GPC for increases or decreases in the cost of performance of the Project caused by suspense, delay or interruption. If the parties cannot agree on an adjusted GPC, the District may terminate the leases as permitted herein.

22.2.2. In the event the District shall order suspension of the Work, an adjustment shall be made to the Contract Price for increases in the direct cost of performance of the Work of the Contract Documents, actually caused by suspension, delay or interruption ordered by the District; provided however that no adjustment of the Contract Price shall be made to the extent: (i) that performance is, was or would have been so suspended, delayed or interrupted by another cause for which the Contractor is responsible under the Contract Documents; or (ii) that an equitable adjustment is made or denied under another provision of the Contract Documents. The foregoing notwithstanding, any adjustment of the Contract Price shall not include any adjustment to increase the Contractor's overhead, general administrative costs or profit, all of which will remain as reflected in the Schedule of Values submitted by the Contractor pursuant to the Contract Documents. In the event of the District's suspension of the Work, the Contract Time shall be equitably adjusted.

22.3. Scope Reduction

In cases of suspension, partial or complete termination, or at the discretion of the District, the District reserves the right to unilaterally approve a deductive Change Order to reduce scope of work or perform work with other forces or its own forces.

23. CLAIMS RESOLUTION

23.1. Exclusive Remedy

23.1.1. Compliance with the claim resolution process and timelines described in this Claims Resolution section as well as the notice provisions of the Contract are express conditions precedent to Contractor's right to commence litigation or arbitration, file a claim under the California Government Code, or commence any other legal action related to the Project ("Claims Resolution Process").

23.1.2. Contractor acknowledges that its failure, for any reason, to provide written notice and all required supporting documentation to permit the District's review and evaluation within the time frame required by this Claims Resolution Process, shall be deemed Contractor's waiver, release, discharge and relinquishment of any right to assert, request, or demand any entitlement to an adjustment of the Contract Time or the contract Price on account of any instruction, request, drawings, specifications, action, condition, omission, default or other situation.

23.1.3. To the extent any provision(s) of this Claims Resolution Process conflict with or otherwise impair the timeframes and procedures of Public Contract Code section 9204, the provisions of Section 9204 shall control. If provisions of this Claims Resolution Process are supplementary and/or in addition to the requirements of Section 9204, but do not conflict with or otherwise impair the timeframes and procedures of Section 9204, the provisions of this Claims Resolution Process and the Contract shall control.

23.2. Performance during Claim Resolution Process.

The Contractor shall diligently proceed with Work on the Project at the same time that Claims are addressed under the Claims Resolution Process. It is the intent of District to resolve Claims with the Contractor as close to the events giving rise to the Claims as possible, and to avoid stale or late Claims and the late documenting of Claims. Contractor's failure to diligently proceed in accordance with the District's instructions or the Contract terms will be considered a material breach of the Contract and a waiver of Contractor's rights under this Contract.

23.3. Waiver

If Contractor fails to timely submit any written notices required under the terms of the Contract or in this Claims Resolution section, Contractor waives and releases its rights regarding further review of its Claim, unless Contractor and District mutually agree in writing to other time limits.

23.4. Intention

The Claims Resolution Process required herein is intended to provide a concise mechanism for resolving Claims as they arise during the Project, while requiring accurate documentation related to contested issues as to those Claims that are not contemporaneously resolved.

23.5. Other Provisions

If portions of the Contract, other than this Claims Resolution Process, establish a specific process regarding a specific subject, then that process shall govern and control the resolutions of any disagreements thereunder. Otherwise, the provisions in this Claims Resolution Process shall control the resolution of all Claims.

23.6. Claim Presentation

23.6.1. Claim. A claim is a written demand by Contractor (or by Contractor on behalf of a Subcontractor) that the Contractor must submit by **registered mail or certified mail return receipt requested** for:

23.6.1.1. An extension to the Contract Time, including relief from damages or penalties assessed by the District for delay;

23.6.1.2. Payment of money or damages arising from work done by, or on behalf of, the Contractor pursuant to the Contract and payment that is not otherwise expressly provided for in the Contract Documents or the Contractor is not otherwise entitled; or

23.6.1.3. Payment that is disputed by the District.

23.6.2. A PCO may be a Claim, but the Parties agree that a PCO shall only be a Claim if:

23.6.2.1. The District states in writing that it disagrees with the terms of a PCO and directs the Contractor to utilize the Claim Resolution Process, or

23.6.2.2. The District rejects in whole or in part a PCO and the Contractor states in writing that it is utilizing the Claim Resolution Process for the portion of the PCO that the District rejected.

23.6.3. Subcontractor Claims

23.6.3.1. Public Contract Code section 9204(d)(5) states that the Contractor may present to the District a Claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the Contractor present a claim for Work which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the Claim be presented to the District shall furnish reasonable documentation to support the Claim. Within 45 days of receipt of this written request, the Contractor shall notify the Subcontractor in writing as to whether the Contractor presented the claim to the District and, if the Contractor did not present the Claim, provide the Subcontractor with a statement of the reasons for not having done so.

23.6.3.2. Contractor is responsible for providing this Claims Resolution Process to its Subcontractors and for ensuring that all Subcontractors or others who may assert Claims by and through Subcontractors and/or the Contractor are informed of this Claims Resolution Process. No Claim submitted by any party that fails to follow the provisions of this Claims Resolution Process will be considered. Contractor shall indemnify, keep and hold harmless the District and its consultants, against all suits, claims, damages, losses, and expenses, including but not limited to attorney's fees, caused by, arising out of, resulting from, or incidental to, the failure to provide this Claims Resolution Process to its Subcontractors or others who may assert Claims by and through Subcontractors and/or the Contractor.

23.6.4. Contractor Must Timely Identify, Present and Document Any Claim

23.6.4.1. Every Claim shall be stated with specificity in writing and signed by Contractor under penalty of perjury and presented to the District within ten (10) Days from the date Contractor discovers or reasonably should discover, that an act, error or omission of District, its agents or employees, or action, condition or other situation has occurred that may entitle Contractor to make a Claim. This shall include the Contractor's actual or constructive knowledge of any instruction, request, drawings, specifications, action, condition, omission, default or other situation for which the contractor believes there should an adjustment of the Contract Price or Contract Time. Contractor shall provide this writing even if Contractor has not yet been damaged, delayed, or incurred extra cost when Contractor discovers, or reasonably should discover, the act, error, omission, action, condition or situation giving rise to the incidents giving rise to the Claim. The writing shall:

23.6.4.1.1. Identify all of the issues, events, conditions, circumstances and/or causes giving rise to the Claim;

23.6.4.1.2. Identify all pertinent dates and/or durations and all actual and/or anticipated effects on the Contract Price, milestones and/or Contract Time adjustments; and

23.6.4.1.3. Identify in detail line-item costs if the Claim seeks money.

23.6.4.1.4. If the Claim involves extra work, a detailed cost breakdown of the amounts the Contractor is seeking, including actual cost records (including without limitation, payroll records, material and rental invoices and the like) demonstrating that those costs have actually been incurred. To the extent costs have not yet been incurred at the time the Claim is submitted, actual cost records must be submitted on a current basis not less than once a week during any period costs are incurred. A cost record will be considered current if submitted within seven (7) Days of the date the cost reflected in the record is incurred. At the request of District, extra costs

may be subject to further verification procedures (such as having an inspector verify the performance of alleged extra work on a daily basis).

23.6.4.1.5. If the Claim involves an error or omission in the Contract Documents:

23.6.4.1.5.1. An affirmative representation under penalty of perjury by Contractor and any affected Subcontractors and suppliers that the error or omission was not discovered prior to submitting a proposal for the Work, and

23.6.4.1.5.2. A detailed statement demonstrating that the error or omission reasonably should not have been discovered, by Contractor, its Subcontractors and suppliers, prior to submitting a proposal for the Work.

23.6.4.1.6. **Escalation Costs.** If a Claim involves a request for additional compensation for escalation of materials and/or equipment costs, then this provision exclusively governs those request(s) by Contractor and the following are **all** conditions precedent to Contractor's submission of a Claim for escalation of materials and/or equipment costs:

23.6.4.1.6.1. Contractor shall not be entitled to submit a request for compensation for escalation of materials unless the actual increase in the cost of the materials exceeds ten percent (10%) of the total material costs on the Project at the time of Contractor's proposal.

23.6.4.1.6.2. The cost escalation is the result of unusual and unforeseeable market conditions not reasonably foreseeable at the time of award of the Contract and was not an escalated cost resulting from any action or inaction of the Contractor.

23.6.4.1.6.3. Contractor timely ordered and/or purchased the materials at issue, based on (1) Contractor's constructive knowledge of the supply chain for required materials and (2) Contractor's request to utilize the provisions in the Contract Documents, including all "**early purchase items**" provisions and all provisions related to the District's payment for materials and equipment purchased and stored on Site or offsite.

23.6.4.1.6.4. Contractor's material costs were reasonable at the time of Contractor's proposal for the Project.

23.6.4.1.6.5. Contractor demonstrates through verifiable documentation, an actual increase in the cost of materials in its Contract Price at the time of award of the Contract compared to Contractor's actual material payment cost paid either at time of purchase or delivery, whichever is earlier.

23.6.4.1.6.6. An actual year-to-date price increase has occurred and can be substantiated by the E.N.R. 20-City Average Material Cost Index for the material at issue that demonstrates the claim for an increase in price of the material at the time of delivery of the higher priced material to the Project.

23.6.4.2. The writing shall be accompanied by all documents substantiating Contractor's position regarding the Claim.

23.6.4.3. A Claim that asserts an effect on any schedule milestones and/or Contract Time shall include all pertinent scheduling data demonstrating the impact(s) on the critical path(s), milestone(s) and/or Contract Time.

23.6.4.4. Contractor agrees that it shall not base its damages, its calculations or its Claim on a “total cost” approach, a “modified total cost” approach or a “jury verdict method” approach.

23.6.5. Certification. Each copy of the Claim Documentation shall be certified by a responsible officer of the Contractor in accordance with the requirements of the Contract Documents. This certification shall be under penalty of perjury and must include the following language immediately above or before the Contractor’s signature: ***“I declare under penalty of perjury under the laws of the State of California that the information provided and statements made in this Claim are true and correct, substantiated and of merit.”*** The Contractor acknowledges that this requirement is not a mere formality but is intended to ensure that the Contractor only submits Claims that it believes are true and correct, substantiated and have merit. Should Contractor fail to submit the foregoing written statement signed under penalty of perjury, Contractor waives and releases its Claim, including all rights and remedies in connection therewith. This certification must include a certification of any portion of the Claim from Subcontractor(s) or others who are asserting Claims by and through Subcontractors and/or the Contractor.

23.6.6. District’s Written Statement/Decision on Claim. The District shall issue a written statement/decision regarding the Claim to the Contractor within forty-five (45) Days of receipt of the written Claim from the Contractor, or three (3) Days after the District’s first regular governing board meeting after that 45-day period if the District’s governing board does not meet within that first 45-day period. If the District fails to timely provide a written statement/decision regarding the Claim, the Claim shall be deemed rejected in its entirety.

23.6.7. Contractor Must Demand an Informal Meet and Confer Conference if Contractor Pursues Any Claim

23.6.7.1. FAILURE OF A CONTRACTOR TO TIMELY DEMAND A MEET AND CONFER CONFERENCE IS A WAIVER OF ITS RIGHT TO PURSUE ALL OR A PORTION OF ITS CLAIM.

23.6.7.2. Where There Is No Agreement: If there is no agreement between Contractor and the District on a Claim, then within ten (10) Days of the date of the District’s written statement/decision in response to a Claim or PCO, if Contractor pursues that Claim, then Contractor must demand, by **registered mail or certified mail return receipt requested**, a meet and confer conference with District staff. A meet and confer conference with District staff shall be a condition precedent to Contractor seeking any further relief, including a mediation as indicated below.

23.6.7.3. Where There Is Partial Agreement: If Contractor and the District partially agree on a Claim but do not reach complete agreement, then the Parties shall complete a Change Order, if applicable, for the issues and/or amounts agreed to. For those issues not agreed to, if Contractor pursues those issues from that Claim, then Contractor must demand, by **registered mail or certified mail return receipt requested**, a meet and confer conference with District staff regarding those issues. A meet and confer conference with District staff shall be a condition precedent to Contractor seeking any further relief, including a mediation as indicated below, in connection with the District’s rejection.

23.6.7.4. Meet and Confer Conference. District and Contractor shall schedule the meet and confer conference as soon as reasonably possible after Contractor’s written demand for a meet and confer conference, but in no case later than thirty (30) Days after Contractor’s demand.

23.6.7.5. District’s Written Decision. Within ten (10) Business Days of the meet and confer conference, the District shall issue a written decision. If the District fails to timely provide a written statement/decision after the meet and confer conference, all Claim issues that were part of the meet and confer conference shall be deemed rejected in their entirety.

23.6.7.5.1. If the District's decision completely resolves the Claim, then the Parties shall complete a Change Order, if applicable, for the issues and/or amounts agreed to.

23.6.7.5.2. If the District rejects the Contractor's Claim in whole or in part or does not issue a timely written response, then the parties shall mediate the remaining issues of the Claim.

23.6.7.5.3. Contractor's costs incurred in seeking relief for Claims are not recoverable from District.

23.6.8. Mediation.

23.6.8.1. At the District's sole discretion, this mediation may be a multiple-party mediation with the Architect, the Construction Manager, the Inspector, and/or other District consultants.

23.6.8.2. The District and Contractor shall mutually agree to a mediator within ten (10) Business Days after the disputed portion of the Claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the Claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator.

23.6.9. Contractor's Obligation to File a Government Code Claim. Nothing in this Contract, including this Claims Resolution Process, waives, modifies or tolls the Contractor's obligation to present a timely claim under Government Code section 910, et seq. Therefore, in addition to complying with this Claims Resolution Process, the Contractor is required to present claims to the District pursuant to Government Code section 910, et seq. If after the requirements of this Claims Resolution Process are satisfied, and all or a portion of the Claim remains unresolved, and if the Government Code claim is rejected by the District, the Contractor may proceed under the post-mediation provisions of this Claims Resolution Process.

23.6.10. Post Mediation Provisions

23.6.10.1. **Claims of \$375,000 or Less:** The provisions of Public Contract Code § 20104.4 shall apply. Pursuant to Public Contract Code § 20104.4(a), within sixty (60) days, but no earlier than thirty (30) days, following the filing of responsive pleadings, the court shall submit the matter to nonbinding mediation unless waived by mutual stipulation of both parties. Pursuant to Public Contract Code § 9204(d)(2)(D), a mediation conducted pursuant to this Claims Resolution Process shall excuse the obligation under Public Contract Code § 20104.4(a) to mediate after litigation has been commenced unless otherwise agreed to by the parties in writing.

23.6.10.2. **Litigation of Claims in Excess of \$375,000.** If, after a mediation as indicated above, the Parties have not resolved the Claim, either Party may commence an action in a court of competent jurisdiction to contest that decision within ninety (90) Days following the conclusion of that mediation or one (1) year following the accrual of the cause of action, whichever is later. By mutual agreement, the Parties can agree to instead resolve the Claim through arbitration.

23.6.11. The District shall be entitled to remedy any false claims, as defined in California Government Code section 12650 *et seq.*, made to the District by the Contractor or any Subcontractor under the standards set forth in Government Code section 12650 *et seq.* Any Contractor or Subcontractor who submits a false claim shall be liable to the District for three times the amount of damages that the District sustains because of the false claim. A Contractor or Subcontractor who submits a false claim shall also be liable to the District for (a) the costs, including attorney fees, of a civil action brought to recover any of those penalties or damages, and (b) a civil penalty of up to \$11,000 for each false claim. In addition, Contractor may be subject to criminal prosecution under California Penal Code §72 and/or civil liability

under False Claims Act. If so, the District may be entitled to recover its costs incurred to investigate any False Claim, including but not limited to attorneys' fees and expert fees incurred in connection with that investigation.

23.7. Documentation of Resolution.

If a Claim is resolved, the District shall determine if that resolution shall be documented in a settlement agreement or release or other document, as appropriate.

23.8. Claim Resolution Process – Non-Applicability.

The procedures and provisions in this Claims Resolution section shall **not** apply to:

23.8.1. District's determination of what Work is or will be constructed, or whether the Work complies with the Contract Documents for purposes of accepting the Work;

23.8.3. Personal injury, wrongful death or property damage claims;

23.8.4. Latent defect or breach of warranty or guarantee to repair;

23.8.5. Stop notices or stop payment notices; or

23.8.6. Any other District rights as set forth herein.

23.9. The District's failure to respond to a Claim from the Contractor within the time periods described herein or to otherwise meet the time requirements of Public Contract Code section 9204 shall automatically result in the Claim being deemed rejected in its entirety, with no admission by the District as to the merits of the Claim.

23.10. If District fails to timely issue payment for any Claim or portion of a Claim as required pursuant to these Claim Resolution Procedures, the Contractor is permitted to assess interest indicated in Public Contract Code section 9204. Notwithstanding this provision, and in accordance with California Public Contract Code §7107, the District is entitled to withhold up to 150% of disputed amounts and the District shall not be liable for payment of interest on such disputed amounts pending final adjudication of such disputes.

24.2.3. Contractor shall pay and shall cause to be paid each worker engaged in Work on the Project not less than the general prevailing rate of per diem wages determined by the Director of the Department of Industrial Relations (“DIR”) (“Director”), regardless of any contractual relationship which may be alleged to exist between Contractor or any Subcontractor and such workers.

24.2.4. If during the period this bid is required to remain open, the Director determines that there has been a change in any prevailing rate of per diem wages in the locality in which the Work under the Contract is to be performed, such change shall not alter the wage rates in the Notice to Bidders (or RFP) or the Contract subsequently awarded.

24.2.5.1. The amount of the penalty shall not be less than forty dollars (\$40) for each Day, or portion

24.2.5.2. The amount of the penalty shall not be less than eighty dollars (\$80) for each Day or portion thereof, if Contractor has been assessed penalties within the previous three (3) years for failing to meet Contractor's prevailing wage obligations on a separate contract, unless those penalties were subsequently withdrawn or overturned.

In the event that the Contractor submits a plan to the District to achieve substantial compliance with Public Contract Code 2601 et. seq., the District shall forward a copy of that plan to the Labor Commissioner.

24.8.3. End-of-Project Reconciliation

24.8.3.1. At the end of the Project, if the Contractor cannot demonstrate that it has met the applicable participation level for all work that falls within an apprenticeable occupation as defined in Public Contract Code section 2600, et seq., Contractor may remedy its failure by paying to the appropriate trade apprenticeship fund(s), an amount equal to the number of additional hours required to meet the percentage, multiplied by the "Training" amount for that trade, at the Basic Hourly Rate. The Contractor must provide documentation to the District reasonably sufficient to demonstrate this payment and the trade apprenticeship funds' acceptance of payment(s).

24.8.3.2. If payment(s) to the applicable trade apprenticeship fund(s) are not made or accepted, then the District shall have the right to permanently retain ten percent (10%) of the price for the out of compliance apprenticeable occupation's Work, per month, as reflected in the Project's schedule of values, not to exceed the monthly amounts for first-time violations indicated in Public Contract Code 2603(a). The District shall withhold those funds until the Labor Commissioner makes its determination of violations pursuant to Public Contract Code section 2603. At that time, the District will distribute those funds as directed by the Labor Commissioner or, if the Labor Commissioner determines that no violation was made or the penalty(ies) are less than the amount the District is withholding, the District shall pay the applicable withheld amounts to the Contractor, with no interest or penalty.

24.8.3.3. The Parties agree that these end-of-Project remedies are reasonable and sufficient, subject to a determination made by Department of Industrial Relations or a court of competent jurisdiction that one or both of these remedies is insufficient.

24.8.4. Any payments the District withholds from the Contractor for noncompliance will be reflective only of the trade(s) or Subcontractor(s) out of compliance and will be paid once the subcontractor(s) and/or trade(s) are cumulatively compliant, subject to the End-of-Project Reconciliation process indicated herein above.

25. MISCELLANEOUS

25.1. Assignment of Antitrust Actions

Although this project may not have been formally bid, the following provisions may apply:

25.1.1. Section 7103.5(b) of the Public Contract Code states:

In entering into a public works contract or subcontract to supply goods, services, or materials pursuant to a public works contract, the Contractor or subcontractor offers and agrees to assign to the awarding body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, made and become effective at the time the awarding body tenders final payment to the Contractor, without further acknowledgment by the Parties.

25.1.2. Section 4552 of the Government Code states:

In submitting a bid to a public purchasing body, the bidder offers and agrees that if the bid is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the bidder for sale to the purchasing body pursuant to the bid. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the bidder.

25.1.3. Section 4553 of the Government Code states:

If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery.

25.1.4. Section 4554 of the Government Code states:

Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action.

25.1.5. Under this Article, "public purchasing body" is District and "bidder" is Contractor.

25.2. Excise Taxes

If, under Federal Excise Tax Law, any transaction hereunder constitutes a sale on which a Federal Excise Tax is imposed and the sale is exempt from such Federal Excise Tax because it is a sale to a State or Local Government for its exclusive use, District, upon request, will execute documents necessary to show (1) that District is a political subdivision of the State for the purposes of such exemption, and (2) that the sale is for the exclusive use of District. No Federal Excise Tax for such materials shall be included in any Guaranteed Project Cost.

25.3. Taxes

Guaranteed Project Cost is to include any and all applicable sales taxes or other taxes that may be due in accordance with section 7051 of the Revenue and Taxation Code; Regulation 1521 of the State Board of Equalization or any other tax code that may be applicable.

25.4. Shipments

All shipments must be F.O.B. destination to Site or sites, as indicated in the Contract Documents. There must be no charge for containers, packing, unpacking, drayage, or insurance. The total Guaranteed Project Cost shall be all inclusive (including sales tax) and no additional costs of any type will be considered.

SUBCONTRACTOR PROCUREMENT PROCESS

If the District issues an RFP or RFQ/P and requires the Contractors to submit a **final** price for this Project at the time it is competing against other Contractors, the Contractor shall comply with the subcontractor prequalification requirements of Education Code section 17406 (a)(1)(C) and may otherwise select subcontractors based on their own reasonable and non-discriminatory process.

If the District issues an RFQ or RFQ/P and selects one Contractor who will **later** provide a final price for this Project, that Contractor shall, in addition to all legal requirements, including without limitation Education Code section 17406, Take the following steps when the District directs the Contractor to procure Subcontractors so that Contractor can provide a final lump sum Guaranteed Project Cost ("**GPC**") for construction of the Project.

- 1. Subcontractor Bid Packages.** Contractor shall prepare separate and specific Subcontractor bid packages that include all scope(s) of construction Work included in the Plans and Specifications.
- 2. Public Notice.** Contractor shall provide notice of bidding for Subcontractors "in accordance with the publication requirements applicable to the District's competitive selection process" to solicit Subcontractors in compliance with statutory requirements and the District's process. (Education Code §17406.). This requires the Contractor to advertise for Subcontractor bids "*once a week for two weeks in some newspaper of general circulation.*" (Pub. Con. Code § 20112) as required by Ed. Code § 17406 (a)(4)(B)(i).
- 3. District Review of Bid Packages and Notice.** At least fourteen (14) Days prior to the bidding of Subcontractor bid packages, Contractor shall provide the District with a copy of the written notice it will publish (including newspaper advertising) to solicit Subcontractors. The District reserves the right to request that Contractor reasonably revise its published notice.
- 4. Three Bona Fide Bids.** Contractor is required to receive **at least** three (3) bona fide bids from Subcontractors for all scopes of Work on the Project that constitute more than three percent (3%) of the total Project scope of Work. Prior to the Contractor seeking bids, the District may, in its sole discretion, and upon Contractor's written request, authorize Contractor to utilize a different minimum number of bona fide bids from Subcontractors.
- 5. Prequalification.** Contractor's Subcontractors performing work valued in excess of ½ of 1% of the GPC must comply with the following:
 - a. MEP Prequalification.** If the Project has electrical, mechanical, and plumbing components that will be performed by subcontractors performing under the following license classification(s) (C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, and/or C-46; "**MEP Subcontractor(s)**"), and those MEP Subcontractors will be first-tier Subcontractors to the Contractor, those MEP Subcontractors must be prequalified with the District to be eligible to be included in a Contractor's proposal. MEP Subcontractors shall prequalify with the District utilizing the District's Prequalification Questionnaire. **The District highly recommends that the Contractor informs all of its potential MEP Subcontractors that must be prequalified to immediately complete the prequalification process to ensure their eligibility to be included as MEP Subcontractors for the Project.**
 - b. Non-MEP Subcontractor Prequalification Criteria and Standards.** For this Project, Contractor may **NOT** prequalify non-MEP subcontractors solicited for work on this Project, unless the Contractor provides any prequalification or qualification criteria, process or questionnaire to the District for approval at least fourteen (14) Days prior to the bidding of Subcontractor bid packages.

- c. **LIMIT ON "BEST VALUE" SELECTION.** CONTRACTOR ACKNOWLEDGES THAT THIS PROCESS – THE PREQUALIFICATION OR ANY ASSOCIATED QUALIFICATION PROCESS – IS THE ONLY "BEST VALUE" SELECTION PROCESS AS IDENTIFIED IN EDUCATION CODE SECTION 17406 THAT THE DISTRICT HAS APPROVED FOR THIS PROJECT. THE CONTRACTOR MAY REQUEST, AT LEAST FOURTEEN (14) DAYS PRIOR TO THE BIDDING OF SUBCONTRACTOR BID PACKAGES, THAT THE DISTRICT APPROVE OTHER SELECTION PROCESS(ES) OR CRITERIA THAT THE CONTRACTOR DESIRES TO IMPLEMENT ON THIS PROJECT. CONTRACTOR CAN ONLY IMPLEMENT THOSE IF THE DISTRICT PRE-APPROVES THEM.
6. **Open-Book / Bid Opening.** Contractor shall invite the District to attend all bid opening(s) for the Project and shall within 48 hours of the bid opening(s) provide copies or access to all bid documents provided by all Subcontractors.
7. **Missing Scopes of Work in Subcontractor Bids ("Bid Levelling").** When Contractor has received all Subcontractor bids, Contractor shall identify all scope(s) of construction Work for which Contractor did not receive a bid and provide a written justification as to why the scope(s) of construction Work was either not included in a Subcontractor bid or was not bid on ("Unbid Work"). The District expects very little if any Unbid Work, far less than 1% of the GPC. After the District reviews the Contractor's justification, the Parties shall meet and confer and the District shall reasonably determine, in its sole discretion, whether to:
- a. Direct the Contractor to rebid the Unbid Work; or
 - b. If Contractor requests, allow the Contractor to self-perform the Unbid Work. If Contractor self-performs the Unbid Work, Contractor shall provide substantiation for the pricing for the Unbid Work that Contractor intends to self-perform. The Parties shall negotiate in good faith to determine a reasonable price for the Unbid Work that Contractor intends to self-perform. The District reserves the right to seek its own pricing of that Work to verify the value of Contractor's proposed pricing.
8. **Low Bid.** Because the "best value" process was implemented as part of the Subcontractor procurement process, once the Contractor receives Subcontractor bids, the Contractor shall award subcontracts to subcontractors with the **lowest responsive, responsible bid** that have satisfied the above prequalification and/or qualification steps, as applicable.
9. **Self-Performing Construction Work.** If Contractor intends to propose to self-perform portion(s) of the construction Work, it must:
- a. Receive the District's prior written approval.
 - b. Provide its pricing (its bid) to the District 48 hours prior to Contractor's receipt of Subcontractor bids for those portion(s) of the Work.
 - c. Receive a minimum number of two (2) bona fide bids from Subcontractors for scope(s) of Work that the Contractor is bidding to self-perform, not including the Contractor's pricing/bid.
10. **Finalizing GPC.** After Contractor completes this Subcontractor Procurement Process and the District approves the Subcontractor bids and self-performed construction Work, if any, Contractor shall prepare a final proposed GPC as set forth in **Exhibit C** to the Facilities Lease. The GPC shall be calculated consistent with the matrix in the "Guaranteed Project Cost (or Guaranteed Maximum Price)" section of **Exhibit C**.

THE UNDERSIGNED MUST CHECK EACH BOX AND EXECUTE THIS FORM AND HEREBY CERTIFIES TO THE GOVERNING BOARD OF THE DISTRICT THAT UNDERSIGNED IS:

- A representative of the Contractor,
- Familiar with the facts herein certified and acknowledged,
- Authorized and qualified to execute the Contract Documents and these certifications on behalf of Contractor and that by executing the Contract Documents undersigned is certifying the following items.

Labor Code Sections 1860-1861 (Workers' Compensation). In accordance with Labor Code section 3700, every contractor will be required to secure the payment of compensation to his or her employees. I acknowledge and certify under penalty of perjury that I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

Government Code Sections 8355-8357 (Drug-Free Workplace). I acknowledge and certify under penalty of perjury that I will provide a drug-free workplace by doing all of the following:

- (1) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the person's or organization's workplace and specifying the actions that will be taken against employees for violations of the prohibition.
- (2) Establishing a drug-free awareness program to inform employees about all of the following:
 - (A) The dangers of drug abuse in the workplace.
 - (B) The person's or organization's policy of maintaining a drug-free workplace.

 - (D) The penalties that may be imposed upon employees for drug abuse violations.
- (3) Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required by subdivision (a) and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

I also acknowledge that this Contract may be subject to suspension of payments under the contract or grant or termination of the contract or grant, or both, and the contractor or grantee thereunder may be subject to debarment, in accordance with the requirements of the above-referenced statute, if the contracting or granting agency determines that any of the following has occurred:

- (1) The contractor or grantee has made a false certification under Section 8355.
- (2) The contractor or grantee violates the certification by failing to carry out the requirements of subdivisions (a) to (c), inclusive, of Section 8355.

I also acknowledge that the Department of General Services shall establish and maintain a list of individuals and organizations whose contracts or grants have been canceled due to failure to comply with the above-referenced statute. This list shall be updated monthly and published each month. No state agency shall award a contract or grant to a person or organization on the published list until that person or organization has complied with the above-referenced statute.

Tobacco-Free Environment. Pursuant to, without limitation, 20 U.S.C. section 6083, Labor Code section 6400 et seq., Health & Safety Code section 104350 et seq. and District Board Policies, all District sites, including the Project site, are tobacco-free environments. Smoking and the use of tobacco products by all persons is prohibited on or in District property. District property includes school buildings, school grounds, school owned vehicles and vehicles owned by others while on District property.

I acknowledge and certify under penalty of perjury that I am aware of the District's policy regarding tobacco-free environments at District sites, including the Project site and acknowledge and certify that I will adhere to the requirements of that policy and not permit any of my firm's employees, agents, subcontractors, or my firm's subcontractors' employees or agents to use tobacco and/or smoke on the Project site. The District also prohibits electronic cigarettes, "vaping" or similar product uses on District sites.

No Hazardous Materials. I acknowledge and certify under penalty of perjury that no Asbestos, or Asbestos-Containing Materials, polychlorinated biphenyl (PCB), or any material listed by the federal or state Environmental Protection Agency or federal or state health agencies as a hazardous material, or any other material defined as being hazardous under federal or state laws, rules, or regulations ("New Hazardous Material"), shall be furnished, installed, or incorporated in any way into the Project or in any tools, devices, clothing, or equipment used to affect any portion of Contractor's work on the Project for District. I have instructed our employees with respect to the above-mentioned standards, hazards, risks, and liabilities.

- (i) Asbestos and/or asbestos-containing material shall be defined as all items containing but not limited to chrysotile, crocidolite, amosite, anthophyllite, tremolite, and actinolite. Any or all material containing greater than one-tenth of one percent (.1%) asbestos shall be defined as asbestos-containing material. Any disputes involving the question of whether or not material is New Hazardous Material shall be settled by electron microscopy or other appropriate and recognized testing procedure, at the District's determination. The costs of any such tests shall be paid by Contractor if the material is found to be New Hazardous Material.
- (ii) All Work or materials found to be New Hazardous Material or Work or material installed with equipment containing "New Hazardous Material," will be immediately rejected and this Work will be removed at Contractor's expense at no additional cost to the District.

The Contractor must immediately notify the District within two (2) Business Days, if the Contractor finds and before it disturbs, any material that the Contractor believes may be hazardous waste, as defined in section 25117 of the Health and Safety Code, and requires removal to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law

I acknowledge and certify under penalty of perjury that this certification provides notice to the Contractor that:

- (1) The Contractor's work may disturb lead-containing building materials.
- (2) The Contractor must notify the District if any work may result in the disturbance of lead-containing building materials.

Lead as a Health Hazard. Lead poisoning is recognized as a serious environmental health hazard facing children today. Even at low levels of exposure, much lower than previously believed, lead can impair the development of a child's central nervous system, causing learning disabilities, and leading to serious behavioral problems. Lead enters the environment as tiny lead particles and lead dust disburse when paint chips, chalks, peels, wears away over time, or is otherwise disturbed. Ingestion of lead dust is the most common pathway of childhood poisoning; lead dust gets on a child's hands and toys and then into a child's mouth through common hand-to-mouth activity. Exposures may result from construction or remodeling activities that disturb lead paint,

from ordinary wear and tear of windows and doors, or from friction on other surfaces.

Ordinary construction and renovation or repainting activities carried out without lead-safe work practices can disturb lead-based paint and create significant hazards. Improper removal practices, such as dry scraping, sanding, or water blasting painted surfaces, are likely to generate high volumes of lead dust.

Because the Contractor and its employees will be providing services for the District, and because the Contractor's work may disturb lead-containing building materials, **Contractor is hereby notified** of the potential presence of lead-containing materials located within certain buildings utilized by the District. All school buildings built prior to 1993 are presumed to contain some lead-based paint until sampling proves otherwise.

(i) **Overview of California Law**

Education Code section 32240 et seq. is known as the Lead Safe Schools Protection Act. Under this act, the Department of Health Services ("DHS") is to conduct a sample survey of schools in the State of California for the purpose of developing risk factors to predict lead contamination in public schools. (Ed. Code, § 32241.)

Any school that undertakes any action to abate existing risk factors for lead is required to utilize trained and state-certified contractors, inspectors, and workers. (Ed. Code, § 32243, subd. (b).) Moreover, lead-based paint, lead plumbing, and solders, or other potential sources of lead contamination, shall not be utilized in the construction of any new school facility or the modernization or renovation of any existing school facility. (Ed. Code, § 32244.)

Both the Federal Occupational Safety and Health Administration ("Fed/OSHA") and the California Division of Occupational Safety and Health ("Cal/OSHA") have implemented safety orders applicable to all construction work where a contractor's employee may be occupationally exposed to lead.

The OSHA Regulations apply to all construction work where a contractor's employee may be occupationally exposed to lead. The OSHA Regulations contain specific and detailed requirements imposed on contractors subject to that regulation. The OSHA Regulations define construction work as work for construction, alteration, and/or repair, including painting and decorating. It includes, but is not limited to, the following:

- a. Demolition or salvage of structures where lead or materials containing lead are present;
- b. Removal or encapsulation of materials containing lead;
- c. New construction, alteration, repair, or renovation of structures, substrates, or portions thereof, that contain lead, or materials containing lead;
- d. Installation of products containing lead;
- e. Lead contamination/emergency cleanup;
- f. Transportation, disposal, storage, or containment of lead or materials containing lead on the site or location at which construction activities are performed; and
- g. Maintenance operations associated with the construction activities described in the subsection.

Because it is assumed by the District that all painted surfaces (interior as well as exterior) within the District contain some level of lead, it is imperative that the Contractor, its workers and subcontractors fully and

adequately comply with all applicable laws, rules and regulations governing lead-based materials (including title 8, California Code of Regulations, section 1532. 1).

The Contractor must notify the District if any Work may result in the disturbance of lead-containing building materials. Any and all Work that may result in the disturbance of lead-containing building materials must be coordinated through the District. A signed copy of this Certification must be on file prior to beginning Work on the Project, along with all current insurance certificates.

(ii) **Renovation, Repair and Painting Rule, Section 402(c)(3) of the Toxic Substances Control Act**

In 2008, the U.S. Environmental Protection Agency, issued a rule pursuant to the authority of Section 402(c)(3) of the Toxic Substances Control Act, requiring lead safe work practices to reduce exposure to lead hazards created by renovation, repair and painting activities that disturb lead-based paint (Renovation, Repair and Painting Rule). Renovations in homes, childcare facilities, and schools built prior to 1978 must be conducted by certified renovations firms, using renovators with accredited training, and following the work practice requirements to reduce human exposures to lead.

Contractor, its workers and subcontractors must fully and adequately comply with all applicable laws, rules and regulations governing lead-based materials, including those rules and regulations appearing within title 40 of the Code of Federal Regulations as part 745 (40 CFR 745).

The requirements apply to all contractors who disturb lead-based paint in a six-square-foot area or greater indoors or a 20-square-foot area outdoors. If a DPH-certified inspector or risk assessor determines that a home constructed before 1978 is lead-free, the federal certification is not required for anyone working on that particular building.

(iii) **Contractor's Liability**

If the Contractor fails to comply with any applicable laws, rules, or regulations, and that failure results in a site or worker contamination, the Contractor will be held solely responsible for all costs involved in any required corrective actions, and shall defend, indemnify, and hold harmless the District, pursuant to the indemnification provisions of the Contract, for all damages and other claims arising therefrom.

If lead disturbance is anticipated in the Work, only persons with appropriate accreditation, registrations, licenses, and training shall conduct this Work.

It shall be the responsibility of the Contractor to properly dispose of any and all waste products, including, but not limited to, paint chips, any collected residue, or any other visual material that may occur from the prepping of any painted surface. It will be the responsibility of the Contractor to provide the proper disposal of any hazardous waste by a certified hazardous waste hauler. This company shall be registered with the Department of Transportation (DOT) and shall be able to issue a current manifest number upon transporting any hazardous material from any school site within the District.

The Contractor shall provide the District with any sample results prior to beginning Work, during the Work, and after the completion of the Work. The District may request to examine, prior to the commencement of the Work, the lead training records of each employee of the Contractor.

I acknowledge and certify under penalty of perjury, that:

1. I have received notification of potential lead-based materials on the District's property;
2. I am knowledgeable regarding and will comply with all applicable laws, rules, and regulations governing work with, and disposal of, lead.

Imported Materials. All soils, aggregate, or related materials ("Fill") that Contractor, a Subcontractor, agent or supplier, in any way, provides or delivers and/or supplies to the Project Site shall be free of any and all hazardous material as defined in section 25260 of the Health and Safety Code, shall satisfy the requirements of any environmental review of the Project performed pursuant to the statutes and guidelines of the California Environmental Quality Act, sections 21000 et seq. of the Public Resources Code ("CEQA"), and shall comply with the requirements of sections 17210 et seq. of the Education Code, including requirements for a Phase I environmental assessment acceptable to the State of California Department of Education and Department of Toxic Substances Control. STORM WATER POLLUTION PREVENTION PLAN – CONSTRUCTION

PURSUANT TO THE PROVISIONS OF EXHIBIT D AND THE CONTRACT DOCUMENTS, CONTRACTOR SHALL PERFORM THE WORK OF THE PROJECT RELATED TO BEING THE DISTRICT’S QUALIFIED SWPPP (STORM WATER POLLUTION PREVENTION PLAN) PRACTITIONER (“QSP”). THE CONTRACTOR SHALL COMPLY WITH THE FOLLOWING PROVISIONS AND THE SWPPP. IF THE SWPPP CONTAINS OTHER MORE DETAILED OR CONFLICTING PROVISIONS AND/OR REQUIRES THE CONTRACTOR TO TAKE OTHER ACTIONS OR ACTIVITIES, THE CONTRACTOR MUST COMPLY WITH THE SWPPP.

1. INTRODUCTION

- 1.1. In order to enroll in the construction storm water permit and before construction activities begin, the District will file certain submittals referred to as Permit Registration Documents (PRDS) with the Regional Water Quality Control Board.

2. GENERAL

The Clean Water Act and Porter Cologne Water Quality Act prohibit the discharge of any water containing pollutants from certain construction sites unless a National Pollutant Discharge Elimination System permit is first obtained and followed. The National Pollutant Discharge Elimination System General Permit for Storm Water Discharges Associated with Construction and Land Disturbance Activities (Construction Storm Water Permit) Order No. 2009-0009-DWQ as amended by Order No. 2010-0014-DWQ (NPDES No. CAS000002) issued by the California State Water Resources Control Board (State Water Board) authorizes the discharge of storm water and certain non-storm water from construction sites if certain conditions and measures are taken. The District has determined that the construction of this Project requires enrollment in the Construction Storm Water Permit.

3. SUBMITTALS

3.1. GENERAL

All submittals shall be made in a form conducive for the District to electronically upload the approved submittals to the Storm water Multi-Application Reporting and Tracking System (SMARTS).

3.2. RAIN EVENT ACTION PLAN (REAP)

- 3.2.1. A Rain Event Action Plan (REAP) is a written document, specific for each rain event. A REAP should be designed that when implemented it protects all exposed portions of the site within 48 hours of any likely. The General Permit requires Risk Level 2 and 3 dischargers to develop and implement a REAP designed to protect all exposed portions of their sites within 48 hours prior to any likely precipitation event. The REAP requirement is designed to ensure that the discharger has adequate materials, staff, and time to implement erosion and sediment control measures that are intended to reduce the amount of sediment and other pollutants generated from the active site. A REAP must be developed when there is likely a forecast of 50% or greater probability of precipitation in the project area. (The National Oceanic and Atmospheric Administration (NOAA) defines a chance of precipitation as a probability of precipitation of 30% to 50% chance of producing precipitation in the project area.¹⁴ NOAA defines the probability of precipitation (PoP) as the likelihood of occurrence (expressed as a percent) of a measurable amount (0.01 inch or more) of liquid precipitation (or the water equivalent of frozen precipitation) during a specified period of time at any given point in the forecast area.) Forecasts are normally issued for 12- hour time periods.
- 3.2.2. If the District’s QSD determines that the site is a Risk Level 2 or 3 the Contractor’s QSP shall prepare the REAP for the Work in compliance with the General Permit and the SWPPP.

3.3. RECORDS

AGREEMENT FOR PRELIMINARY SERVICES

This Agreement for Preliminary Services ("**Agreement**") dated March 11, 2025 ("**Effective Date**"), is made and entered into by and between the **Alameda Unified School District** ("**District**") and **Lathrop Construction Associates** ("**Contractor**") (together, the "**Parties**").

WHEREAS, the District's Governing Board, in order to enable the District to utilize the lease-leaseback delivery method for future construction projects, adopted procedures for a fair and impartial solicitation process to evaluate qualifications and proposals to determine which proposer provides the "best value" pursuant to Education Code section 17406(a)(2) ("**Lease-Leaseback Procedures**"); and

WHEREAS, Education Code section 17406(a)(1) permits the District to utilize the lease-leaseback delivery method to enter into a lease whereby the District leases the project site to the contractor to construct the project, and the contractor then leases the project site back to the District; and

WHEREAS, prior to entering into the lease to construct the project, Education Code section 17406(b)(1) permits the District to enter into a contract for the performance of preliminary services before the Division of the State Architect ("**DSA**") approves the plans and specifications for a project so long as the contractor does not perform any services for which a contractor's license is required; and

WHEREAS, consistent with the Lease-Leaseback Procedures, the District issued a request for qualifications and proposals ("**RFQ/P**") to solicit proposals from qualified firms to perform both preliminary services and construction services for the District's **Otis Elementary School Site Work & New Construction Project** ("**Project**"), and through the RFQ/P the District intended to award both the performance of preliminary phase services and construction phases services to the successful contractor; and

WHEREAS, after receiving and scoring the proposals, the District determined that the Contractor presented the District the "best value" to the District and the District's Governing Board awarded the Project to the Contractor; and

WHEREAS, the District seeks to have the Contractor perform preliminary services as more fully described in **Attachment A** attached hereto ("**Preliminary Services**") pursuant to Education Code section 17406(b)(1), and the Contractor represents that it is able and qualified to perform Preliminary Services for the Lease-Leaseback Project prior to the Contractor providing construction phase services; and

WHEREAS, after the Contractor performs Preliminary Services, the Parties acknowledge that Contractor shall procure subcontractors, propose a Guaranteed Maximum Price / Guaranteed Project Cost ("**GMP**" or "**GPC**"), and the Parties shall enter into a Site Lease and Facilities Lease for the construction of the Lease-Leaseback Project based on the Contractor's response to the RFQ/P.

1.2.1.7.2. The DD CR should address all structural, architect, mechanical, electrical, plumbing, civil, landscaping, and off-site work related to the Project as set forth in the Design Documents. The DD CR should be performed such that it provides the Architect guidance and direction in proceeding with the final design of Construction Documents, and identify any alterations or revisions to the Design Documents, or other special considerations.

1.2.1.8. 90% Construction Documents Constructability Review.

1.2.1.8.1. The 90% Construction Documents Constructability Review (“**CD CR**”) shall evaluate all Design Documents, with special attention given to Plans and Specifications, to serve as a final check on those documents prior to soliciting bids and to ensure the overall constructability of the Project, subject to revisions made during back-check.

1.2.1.8.2. The CD CR should identify details, omissions, or design problems not previously addressed or those that materialized or that were identified during this phase of design. Although the District expects that any omissions or deficiencies at this stage should be minor, the District expects that the Contractor shall fully review the Project for constructability as set forth herein.

1.2.1.8.3. The DD CR should address all structural, architect, mechanical, electrical, plumbing, civil, landscaping, and off-site work related to the Project as set forth in the Design Documents. The CD CR should include a final, detailed review of the Design Documents to ensure that the drawings and specifications are not only constructable, but are coordinated and can be read as a cohesive whole.

WHEREAS, the timely and successful completion of the Projects is of the utmost importance to the Alameda Unified School District ("District") to meet the educational needs of the District's students and to avoid increased costs resulting from delays in construction; and

WHEREAS, large numbers of workers of various skills will be required in the performance of the construction work, including those to be represented by the unions affiliated with the Building and Construction Trades Council of Alameda County ("Unions") and any other labor organization which is signatory to this Agreement employed by contractors and subcontractors who are signatory to this Agreement; and

WHEREAS, it is recognized that on projects of this magnitude with multiple contractors and bargaining units on the job site at the same time over an extended period of time, the potential for work disruption is substantial without an overriding commitment to maintain continuity of work; and

WHEREAS, the interests of the general public, the District, the Unions and Contractor/Employer(s) would be best served if the construction work proceeded in an orderly manner without disruption because of strikes, sympathy strikes, work stoppages, picketing, lockouts, slowdowns or other interferences with work; and

WHEREAS, the Contractor/Employers and the Unions desire to mutually establish and stabilize wages, hours and working conditions for the workers employed on the Projects by the Contractor/Employer(s), and further, to encourage close cooperation among the Contractor/Employer(s) and the Union(s) to the end that a satisfactory, continuous and harmonious relationship will exist among the parties to this Agreement; and

WHEREAS, the Agreement is not intended to replace, interfere, abrogate, diminish or modify existing local or national collective bargaining Agreements in effect during the duration of the Projects, insofar as a legally binding Agreement exists between the Contractor/Employer(s) and the affected Union(s) except to the extent that the provisions of this Agreement are inconsistent with said collective bargaining Agreements, in which event, the provisions of this Agreement shall prevail; and

WHEREAS, the contracts for construction work on the Projects will be awarded in accordance with the applicable provisions of the Public Contract Code, Education Code and other applicable California law; and

WHEREAS, the funding for the construction of the Projects will come from Measure I, passed by the Alameda residents, and paid for by the Measure I special tax on the properties owned by Alameda residents, in contrast to typical California school projects, which are funded through a balance of local and State funds; and

WHEREAS, the District has the absolute right to select the lowest responsive and responsible bidder for the award of the construction contracts on the Projects, or to reject all bid proposals, or to use other legal project delivery methodologies; and

WHEREAS, the District places high priority upon the development of comprehensive programs for the recruitment, training and employment of local area residents and has identified the need to prepare its students for lifelong careers and continuing education, recognizing the ability of local apprenticeship programs to provide meaningful and sustainable careers in the building and construction industry; and

ARTICLE 4.

WORK STOPPAGES, STRIKES, SYMPATHY STRIKES AND LOCKOUTS

4.1 The Unions, District and Contractor/Employers covered by the Agreement agree that for the duration of the Projects:

4.1.1 There shall be no strikes, sympathy strikes, work stoppages, picketing, hand billing or otherwise advising the public that a labor dispute exists, or slowdowns of any kind, for any reason, by the Unions or employees employed on the Projects, at the job site of the Projects or at any other facility or construction project of District because of a dispute on the Projects. Disputes arising between the Unions and Contractor/Employers on other District projects are not governed by the terms of the Agreement or this Article.

4.1.2 As to employees employed on the Projects, there shall be no lockout of any kind by a Contractor/Employer covered by the Agreement.

4.1.3 If a Master Agreement expires before the Contractor/Employer completes the performance of the Construction Contract the Union agrees that it will not strike the Contractor/Employer on said contract for work covered under this Agreement and the Union and the Contractor/Employer agree that the expired Master Agreement shall continue in full force and effect for work covered under this Agreement until a new or modified Master Agreement is reached. If the new or modified Master Agreement provides that any terms of the Master Agreement shall be retroactive, the Contractor/Employer agrees to comply with any retroactive terms of the new or modified master collective bargaining Agreement which are applicable to employees who were employed on the projects during the interim with retroactive payment due within seven (7) days of the effective date of the modified Master Agreement.

4.1.4 In the case of nonpayment of wages and trust fund contributions on the Projects, the Union shall give the District and the Contractor/Employer(s) three (3) business day notice of the intent when nonpayment of trust funds has occurred and **three (3) business days'** notice when nonpayment of wages has occurred or when paychecks being tendered to a financial institution normally recognized to honor such paychecks will not honor such paycheck as a result of insufficient funds, of the intent to withhold labor from the Contractor/Employer(s)' or their subcontractor's workforce, during which time the Contractor/Employer shall have the opportunity to correct the default. In this instance, a Union's withholding of labor (but not picketing) from an Contractor/Employer who has failed to pay his/its fringe benefit contributions or failed to meet his/its weekly payroll shall not be considered a violation of this Article. If the District contends that any Union has violated this Article, it will notify in writing (including email)

the Secretary-Treasurer/Business Manager/Senior Executive of the Council and the Senior Executive of the Union, setting forth the facts alleged to violate the Article, prior to instituting the expedited arbitration procedure set forth below. The Council will immediately use his/her best efforts to cause the cessation of any violation of this Article within 24 hours and the leadership of the Union will immediately inform the membership of their obligations under this Article. If, after the expiration of the 24-hour period, the District continues to contend that a Union has violated this article, the District institute the expedited arbitration procedure set forth below. The leadership of the Union will immediately inform the membership of their obligations under this Article.

4.2 Expedited Arbitration: Any party to this Agreement shall institute the following procedure, prior to invoking any other action at law or equity, when a breach of this Article is alleged to have occurred:

4.2.1 A party invoking this procedure shall notify Robert Hirsch, as the permanent arbitrator, or Barry Winograd, as the alternate arbitrator under this procedure. In the event that the permanent arbitrator is unavailable at any time, the alternate will be contacted. If neither is available, then a selection shall be made from the list of arbitrators in Article XIII.. Notice to the arbitrator shall be by the most expeditious means available, with notices by facsimile, email or telephone to the District and the party alleged to be in violation, and to the Council of Alameda County and the involved local Union if a Union is alleged to be in violation.

4.2.2 Upon receipt of said notice, the District shall contact the designated arbitrator, named above or the alternate who will attempt to convene a hearing within twenty-four (24) hours if it is contended the violation still exists. The Arbitrator shall notify the parties by facsimile, email or telephone of the place and time for the hearing. Said hearing shall be completed in one session, which, with appropriate recesses at the arbitrator's discretion, shall not exceed twenty-four (24) hours unless otherwise agreed upon by all parties. A failure of any party to attend said hearings shall not delay the hearing of evidence or the issuance of any award by the arbitrator.

4.2.3 The sole issue at the hearing shall be whether or not a violation of Article 4, Section 4.1 of the Agreement has occurred. The arbitrator shall have no authority to consider any matter of justification, explanation or mitigation of such violation or to award damages, which issue is reserved for court proceedings, if any. The award shall be issued in writing within three (3) hours after the close of the hearing, and may be issued without a written opinion. If any party desires a written opinion, one shall be issued within fifteen (15) days, but its issuance shall not delay compliance with or enforcement of the award. The arbitrator may order cessation of the violation of this Article and other appropriate relief and such award shall be served on all parties by hand or registered mail upon issuance. Should a party found in violation of this Article fail to comply with an Arbitrator's award to cease the violation, the party in violation shall pay to the affected party as liquidated damages the sum of ten thousand dollars (\$10,000.00) per shift for which it failed to comply, or portion thereof, until such violation is ceased. The Arbitrator shall retain jurisdiction to resolve any disputes regarding the liquidated damages claimed under this section.

4.2.4 Such award may be enforced by any Court of competent jurisdiction upon the filing of this Agreement and all other relevant documents referred to above in the following manner. Written notice of the filing of such enforcement proceedings shall be given to the other party. In the proceeding to obtain a temporary order enforcing the arbitrator's award as issued under Section 4.2(4) of this Article, all parties waive the right to a hearing and agree that such proceedings may be ex parte. Such Agreement does not waive any party's right to participate in a hearing for a final order of enforcement. The Court's order or orders enforcing the arbitrator's award shall be served on all parties by hand or delivered by certified mail.

4.2.5 Any rights created by statute or law governing arbitration proceedings inconsistent with the above procedure or which interfere with compliance are waived by the parties.

4.2.6 The fees and expenses of the arbitrator shall be divided equally between the parties.

4.2.7 If, after final order by any Court of competent jurisdiction, the offending party continues to breach the terms of Article 4 of this Agreement, the non-offending party shall have the option to recover monetary damages associated with the breaching party's failure to comply with the Agreement and court order, including but not limited to delay damages and escalation costs.

5.2 The conference shall be attended by a representative of each participating Contractor and each affected Union and the Council and District may attend at their discretion.

5.2 The pre-job conference shall include but not be limited to the following subjects:

5.2.1 A listing of each Contractor's scope of work;

5.2.2 The craft assignments;

5.3 Review Meetings: In order to ensure the terms of the PLA are being fulfilled and all concerns pertaining to the Agency, the Unions, and the Contractors are addressed, the Project Manager, General Contractor and Secretary Treasurer of the Council or designated representatives thereof shall meet on a periodic basis during the term of construction.

**ARTICLE 6.
NO DISCRIMINATION**

The Contractor/Employer(s) and Union(s) agree not to engage in any form of discrimination on the ground or because of race, color, creed, national origin, ancestry, age, sex, sexual orientation, disability or Acquired Immune Deficiency Syndrome or AIDS Related Condition (AIDS/ARC), or any other basis made illegal by law against any employee, or applicant for employment, on the Projects.

**ARTICLE 7.
UNION SECURITY**

7.1 The Contractor/Employer(s) recognize the Union(s) as the sole bargaining representative of all craft employees working within the scope of this Agreement.

7.2 All employees who are employed by the Contractor/Employer(s) on the Projects shall, as a condition of employment, on or before the eighth (8th) day of consecutive or cumulative employment on a Construction Contract subject to this Agreement, be responsible for the payment of the applicable monthly working dues and any associated fees uniformly required for union membership in the local union which is signatory to this Agreement. Further, there is nothing in this Agreement that would prevent non-union employees from joining the local union.

7.3 Authorized representatives of the Union(s) shall have access to the Projects whenever work covered by this Agreement is being, has been or will be performed on the Projects.

**ARTICLE 8.
REFERRAL**

8.1 The Union(s) shall be the primary source of all craft labor employed on the Projects. 8.2 The Union will refer to such Contractor/Employer(s) one journeyman employee from the hiring hall out-of-work list for the affected trade or craft, and will then refer one of such Contractor/Employer(s)' "core" employees as a journeyman and shall repeat the process, one and one, until such Contractor/Employer(s) crew requirements are met or until such Contractor has hired five (5) "core" employees, whichever occurs first. Thereafter, all additional employees in the affected trade or craft shall be hired exclusively from the hiring hall out-of-work list(s). For the duration of the Contractor/Employer(s)' work the ratio shall be maintained and when the Contractor/Employer(s)' workforce is reduced, employees shall be reduced in reverse order beginning with the core worker and in the same ratio of core employees to hiring hall referrals as was applied in the initial hiring. Contractor/Employer(s) signatory to a Local, Regional, and/or National collective bargaining Agreements with Union(s) signatory hereto shall be bound to use the hiring hall provisions contained in the Master Agreement of the affected Union(s), and nothing in the referral provisions of this Agreement shall be construed to supersede the local hiring hall provisions of the Master Agreement(s).

8.3 Contractor/Employer(s) shall be bound by and utilize the registration facilities and referral systems established or authorized by the signatory Unions. In the event that referral facilities maintained by the Union(s) are unable to fill the requisition of a Contractor/Employer(s) for employees within a forty-eight (48) hour period, weekends and holidays excluded, after such requisition is made by the Contractor/Employer(s), the Contractor/Employer(s) shall be free to obtain work persons from any source. The Contractor/Employer(s) shall immediately notify the appropriate Union of the identity, including name, address, telephone number and social security number, of any such person(s) hired from an alternative source and refer the employee to the hall to comply with Article XII.

8.4 Unions will exert their utmost efforts to recruit sufficient numbers of skilled craft persons to fulfill the requirements of the Contractor/Employer(s),

8.5 Subject to the limitation of applicable law, the parties to this Agreement support the development of increased numbers of skilled construction workers from the residents of the City of Alameda, to meet the needs of the Projects and the requirements of the industry generally. Toward that end, the Unions agree to encourage the referral and utilization, to the extent permitted by law and the hiring hall procedures of the Unions, of qualified Alameda Residents, as journeymen and apprentices on the Projects and entrance into such apprenticeship and training programs as may be operated by the signatory Unions consistent with the applicable Apprenticeship Program's State-approved Standards.

**ARTICLE 9.

9.1 All Contractor/Employer(s) agree to pay contributions to the vacation, pension or other form of deferred compensation plan, apprenticeship, worker protection and assistance, and health benefit funds established by the applicable Master Agreement for each hour worked on the Projects in the amounts designated in the Master Agreements of the appropriate local Union.

9.2 By signing this Agreement, the Contractor/Employer(s) adopt and agree to be bound by the written terms of the legally established trust Agreements, as described in 9.1, and which may from time to time be amended, specifying the detailed basis on which payments are to be made into, and benefits paid out of, such trust funds. The Contractors authorize the parties to such local trust agreements to appoint trustees and successor trustees to administer the trust funds and hereby ratify and accept the trustees so appointed as if made by the Contractor(s). The Contractor(s) agrees to execute a Subscription Agreement(s) for Trust Funds when such Trust Fund(s) requires such document(s).

9.3 Wages, Hours, Terms and Conditions of Employment: The wages, hours and other terms and conditions of employment on the Projects shall be governed by the Master Agreement of the respective crafts, copies of which shall be on file with the District upon request, to the extent such Master Agreement is not inconsistent with this Agreement. Where a subject is covered by the Master Agreement and not covered in this Agreement, the Master Collective Bargaining Agreement will prevail. When a subject is covered by both the Master Collective Bargaining Agreement and this Agreement, to the extent there is any inconsistency, this Agreement will prevail.

**ARTICLE 10.
EMPLOYEE GRIEVANCE PROCEDURE**

All disputes involving discipline and/or discharge of employees working on the projects shall be resolved through the grievance and arbitration provision contained in the Master Agreement for the craft of the affected employee. No employee working on the Projects shall be disciplined or dismissed without just cause.

**ARTICLE 11.
COMPLIANCE**

It shall be the responsibility of the Contractor/Employer(s) and Unions to investigate and monitor compliance with the provisions of the Agreement contained in Article 9. Nothing in this Agreement shall be construed to interfere with or supersede the usual and customary legal remedies available to the Unions and/or employee benefit trust funds to collect delinquent trust fund contributions from Employers on the Projects. The District shall monitor and enforce compliance with the prevailing wage requirements of the State and Contractor/Employer(s)' compliance with this Project Labor Agreement.

ARTICLE 12.
JOINT ADMINISTRATIVE COMMITTEE

12.1 The parties to this Agreement shall establish a four (4) person Joint Administrative Committee. This Committee shall be comprised of two (2) representative selected by the District and two (2) representatives selected by the Unions. Each representative shall designate an alternate who shall serve in his or her absence for any purpose contemplated by this Agreement.

12.2 The Joint Administrative Committee shall meet as requested by the Parties to review the implementation of the Agreement and the progress of the Projects. Any question regarding the meaning, interpretation, or application of the provisions of this Agreement shall be referred directly to the Joint Administrative Committee for review and recommendation.

ARTICLE 13.
GRIEVANCE ARBITRATION PROCEDURE

13.1 All Project labor disputes involving the application or interpretation of the Master Agreement to which a signatory Contractor/Employer and a signatory Union are parties shall be resolved pursuant to the resolution procedures of the Master Collective Bargaining Agreement. All disputes arising out of the meaning, interpretation or application of the provisions of this Agreement shall be settled by means of the procedures set out herein. No grievance shall be recognized unless the grieving party (Local Union or District Council on its own behalf, or on behalf of an employee whom it represents, or a Contractor/Employer on its own behalf) provides notice in writing to the signatory party with whom it has a dispute within ten (10) business days after becoming aware of the dispute but in no event more than thirty (30) business days after it reasonably should have become aware of the event giving rise to the dispute. The time limits in Section 13.1 may be extended by mutual Agreement (oral or written) of the parties.

13.2 Grievances shall be settled according to the following procedures:

Step 1: Within five (5) business days after the receipt of the written notice of the grievance, the Business Representative of the involved Local Union or District Council, or his/her designee, and the representative of the involved Contractor/Employer shall confer and attempt to resolve the grievance. The Union(s) shall notify its International Union representative(s), which shall advise if it intends on participating in a Step 2 meeting.

Step 2: In the event that the representatives are unable to resolve the dispute within the five (5) business days after its referral to Step 1, either involved party may submit it within three (3) business days to the Joint Administrative Subcommittee (consisting of one District and one Union representative of the Joint Administrative Committee), which shall meet within five (5) business days after such referral (or such longer time as is mutually agreed upon by all representatives on the Joint Administrative Committee), to confer in an attempt to resolve the grievance. The decision of the Joint Administrative Subcommittee shall be final and binding on all parties. If the dispute

is not resolved within such time five (5) business days after its referral or such longer time as mutually agreed upon, it may be referred within five (5) business days by either party to Step 3.

Step 3: Within five (5) business days after referral of a dispute to Step 3, the parties shall choose a mutually agreed upon arbitrator for final and binding arbitration. If the parties cannot mutually agree on the selection of an arbitrator, the arbitrator shall be selected by the alternate striking method from the following list: (Hirsch, Winograd, Riker, Davis, Engler) The order of striking names from the list of arbitrators shall be determined by a coin toss, the winner of which shall decide whether they wish to strike first or second. Such striking shall take place within three (3) days. If a party does not respond within three (3) days, this means any Arbitrator from the list is acceptable. The decision of the Arbitrator shall be binding on all parties. The Arbitrator shall have no authority to change, amend, add to or detract from any of the provisions of the Agreement. The expense of the Arbitrator shall be borne equally by both parties. The Arbitrator shall arrange for a hearing on the earliest available date from the date of his/her selection. A decision shall be given to the parties within five (5) calendar days after completion of the hearing unless such time is extended by mutual Agreement. A written opinion may be requested by a party from the presiding Arbitrator. The time limits specified in any step of the Grievance Procedure set forth in Section 13.2 may be extended by mutual Agreement of the parties initiated by the written request of one party to the other, at the appropriate step of the Grievance Procedure. However, failure to process a grievance, or failure to respond in writing within the time limits provided above, without a request for an extension of time, shall be deemed a waiver of such grievance without prejudice, or without precedent to the processing of and/or resolution of like or similar grievances or disputes. In order to encourage the resolution of disputes and grievances at Steps 1 and 2 of this Grievance Procedure, the parties agree that such settlements shall not be precedent setting.

13.3 Retention: At the time a grievance is submitted under this Agreement or any Master Agreement, the Union(s) may request that the District withhold and retain an amount from what is due and owing to the Contractor(s) against whom the grievance is filed, sufficient to cover the damages alleged in the grievance, should the Union(s) prevail. The amount shall be retained by the District until such time as the underlying grievance giving rise to the retention is withdrawn, settled, or otherwise resolved, and the retained amount shall be paid to whomever the parties to the grievance shall decide, or to whomever an Arbitrator shall so order.

13.4 Should any of the arbitrators listed in Article 4 or above no longer work as a labor arbitrator, the District and the Council, through the Joint Administrative Committee, shall mutually agree to a replacement.

**ARTICLE 14.
JURISDICTIONAL DISPUTES**

14.1 The assignment of Covered Work will be solely the responsibility of the Employer performing the work involved; and such work assignments will be in accordance with the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry (the "Plan") or any successor Plan.

14.2 All jurisdictional disputes on this Project between or among the Building and Construction Trades Unions and the Employers, parties to this Agreement, shall be settled and adjusted according to the present Plan established by the Building and Construction Trades Department, or any other plan or method of procedure that may be adopted in the future by the Building and Construction Trades Department. Decisions rendered shall be final, binding and conclusive on the Employer and Union parties to this Agreement.

14.3 If a dispute arising under this Article involves the Northern California Carpenters Regional Council or any of its subordinate bodies, an Arbitrator shall be chosen by the procedures specified in Article V, Section 5, of the Plan from a list composed of John Kagel, Thomas Angelo, Robert Hirsch, and Thomas Pagan, and the Arbitrator's hearing on the dispute shall be held at the offices of the California State Building and Construction Trades Council in Sacramento, California, within 14 days of the selection of the Arbitrator. All other procedures shall be as specified in the Plan.

14.4 All jurisdictional disputes shall be resolved without the occurrence of any strike, work stoppage, or slow-down of any nature, and the Employer's assignment shall be adhered to until the dispute is resolved. Individuals violating this Section shall be subject to immediate discharge.

14.5 Each Employer shall conduct a Pre-Job Conference with the Council prior to commencing Covered Work. The Primary Employer and the Owner will be advised in advance of all such conferences and may participate if they wish. Pre-job conferences for different Employers may be held together.

**ARTICLE 15.
MANAGEMENT RIGHTS**

Consistent with the Master Labor Agreements, the Contractor/Employer(s) shall retain full and exclusive authority for the management of their operations, including the right to direct their work force in their sole discretion. No rules, customs or practices shall be permitted or observed which limit or restrict production, or limit or restrict the working efforts of employees except that lawful manning provisions in the Master Agreement shall be recognized.

**ARTICLE 16.
SAVINGS CLAUSE**

16.1 The parties agree that in the event any article, provision, clause, sentence or word of the Agreement is determined to be illegal or void as being in contravention of any applicable law, by a court of competent jurisdiction, the remainder of the Agreement shall remain in full

force and effect. The parties further agree that if any article, provision, clause, sentence or word of the Agreement is determined to be illegal or void, by a court of competent jurisdiction, the parties shall substitute, by mutual Agreement, in its place and stead, an article, provision, clause, sentence or word which will meet the objections to its validity and which will be in accordance with the intent and purpose of the article, provision, clause, sentence or word in question.

16.2 The parties also agree that in the event that a decision of a court of competent jurisdiction materially alters the terms of the Agreement such that the intent of the parties is defeated, then the entire Agreement shall be null and void.

16.3 If a court of competent jurisdiction determines that all or part of the Agreement is invalid and/or enjoins the District from complying with all or part of its provisions and the District accordingly determines that the Agreement will not be required as part of an award to a Contractor/Employer, the unions will no longer be bound by the provisions of Article 4.

ARTICLE 17. TERM

17.1 The Agreement shall be included as a condition of the award of all construction contracts for the Projects.

17.2 This Agreement shall become effective on the day the District ratifies this Agreement and shall continue in full force and effect for a period of five years. The parties may mutually agree in writing to amend, extend or terminate this Agreement at any time.

ARTICLE 18. ALAMEDA HIRE REQUIREMENTS

18.1 The Parties agree to a goal that Alameda Residents, and especially District Graduates, will perform a minimum of 20% of the hours worked, on a craft by craft basis on the Projects. In the event that no Alameda residents or District Graduates are available to fulfill the 20% local hire requirement, the next tier of residents will come from the Green Corridor. This includes, in addition to Alameda, the cities of Albany, Berkeley, El Cerrito, Emeryville, Richmond, Oakland, and San Leandro. The Contractor/Employer(s) shall make good faith efforts to reach this goal through the utilization of the Unions' hiring hall procedures. The Unions shall make good faith efforts in their recruiting and training of District Graduate and Alameda Resident workers and in their hiring hall procedures to facilitate this 20% goal on the Projects.

18.2 Should any of the contractors performing work on the Projects fail to meet this 20% goal and fail to demonstrate "good faith" efforts to do so, through a specific submittal process to be included in their contractual requirements, the contract's 10% retention will be held until such time that this failure is remedied. Acceptable remedies to correct continued failure may include, but not be limited to the following remedies, as determined by the Joint Administrative Committee (as established in Section 12):

18.2.1 Classification as a non-qualified bidder on future District projects;

18.2.2 Commitment, with documentation, to employ District Graduates, or

Green Corridor Residents on non-District projects for a determined number of work hours; and

18.2.3 Bringing in District Graduates and Alameda residents as new apprentices and continuing their employment for up to 12 months.

18.3 A Contractor/Employer(s) who has employed a District Graduate for up to six months preceding the start of the District project for a minimum of at least 100 hours per month and has the ability to perform safely the basic functions of the applicable trade may receive credit for 50% of these hours towards the 20% goal. A Contractor/Employer may also receive credit for 50% of the documented hours performed by District Graduates or Alameda Residents on the Contractor's non-District projects, when such hours are concurrent with the Contractor's work on the Projects.

18.4 The maximum total combined credit that can be applied for in 18.3 is half of the 20%.

18.5 The contractors may use District student intern's hours for credit towards the local hiring goals. Internships for credit may be up to three (3) interns per year at up to 3000 hours per year per intern.

18.6 Should any Contractor/Employer performing work on the Projects exceed the 20% local hire goal as set forth in this Agreement, they shall be acknowledged at the appropriate public, televised school board meeting for their efforts at the completion of their contract scope.

18.7 Apprenticeship Provision:

18.7.1 The Prime Contractor and their sub-contractors will be required to hire 1 District Graduate, Alameda Resident or Alameda Student as a first period apprentice for every 5 million dollars of total construction cost. There can be no more than 2 entry-level apprentices credited for each craft, and the general contractor will be able to include entry-level apprentices hired by their subcontractor to meet this requirement. The District will refer names of former students or recent graduates to the Union and Contractors and the Unions will agree to cooperate with the Contractor in furnishing apprentices as requested and the hiring of the apprentices will be in accordance to the Apprenticeship provisions listed in the Master Agreements, and the apprentices shall be properly supervised and paid in accordance with provisions contained within the Master Agreements. The failure of the District to refer names and/or the Union to provide those apprentices upon request will relieve the Prime contractor of this District Graduate/Alameda Resident/Student first period apprentice hiring responsibility.

18.7.2 The General Contractor, or subcontractor who hires such Alameda Resident/Student First Period Apprentices shall be credited with two work hours towards the 20% local work hours, for each hour worked by the first period Alameda Resident/Student apprentices.

18.7.3 The intent of this provision is to work the new apprentices to the full extent permissible by state law and the Master Agreements. Failure of the General Contractor and their subcontractors to maintain qualified apprentices on the job will be subject to Division of Apprenticeship Standards penalties, and further penalties as determined by the Joint Administrative Committee.

18.8 **Career Technical Education Program.** Both the District and the Building Trades agree that an active school to career program in the trades can be a benefit to many Alameda students. The Building Trades and the District agree to collaborate in the development and implementation of the District's Career Technical Education ("CTE") program.

18.9 The Building Trades agree to support the District's CTE programs by doing the following:

18.9.1 Assisting the District's CTE program by:

18.9.2 Providing speakers at least twice a year,

18.9.3 Escorting field trips to existing apprenticeship centers at least three times a year, per the school's schedule,

18.9.4 Mentoring students. Identify at least five individuals who will serve as mentors,

18.9.5 Internships for students. The Unions will explore providing internships. The Unions will assist the program in identifying willing contractors and suppliers to provide additional internships.

18.10 Career Fairs. Agree to actively participate with multiple trade booths in two career fairs per year.

18.11 Actively participate in helping to create and provide hands-on training for, pre-apprenticeship programs set up by the District for adult school and b-tech students. Such participation may begin slowly, but it is envisioned that the trades will spend no less than 100 hours per year in assisting this program.

18.12 Assist in exploring the feasibility of the District students participating in local pre-apprenticeship programs, such as the Cypress-Mandela program. Support the District efforts with this program if a mutual Agreement with such a program can be worked out.

18.13 The parties agree to meet around the implementation of the program at the discretion of the District.

ARTICLE 19. **HELMETS TO HARDHATS**

19.1 The parties recognize a desire to facilitate the entry into the Building and Construction Trade Union(s) of Veterans who are interested in careers in the building and construction industry. The parties agree to utilize the services of the Center for Military Recruitment, Assessment and Veteran's Employment (hereinafter "Center") and the Center's "Helmets to Hardhats" program to serve as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as identified by the parties

19.2 The Union(s) and Contractor/Employer(s) agree to coordinate with the Center to participate in an integrated database of Veterans interested in working on this Project and of apprenticeship and employment opportunities for this Project. To the extent permitted by law, the Union(s) will give credit to such Veterans for bona fide, provable past experience.

**ARTICLE 20.
MISCELLANEOUS PROVISIONS**

20.1 **Integration.** This Agreement, together with the Schedule A's, is intended by the parties as the final expression of their Agreement with respect to such terms as are included herein and as the complete and exclusive statement of its terms and may not be contradicted by evidence of any prior Agreement or of a contemporaneous oral Agreement, nor explained or supplemented by evidence of consistent additional terms.

20.2 **No Representations or Warranties.** Each of the parties acknowledges no one has made any promise, representation or warranty whatsoever, express or implied, written or oral, not contained herein to induce them to execute this Agreement, and that this Agreement is not executed in reliance upon any such promise, representation or warranty.

20.3 **Modification.** Each of the parties acknowledges and agrees that this Agreement may be amended only by writing and signed by the District and the Council.

20.4 **Interpretation.** Each of the parties acknowledges and agrees that this Agreement is an accord and satisfaction to be construed as whole according to its fair meaning and not in favor of nor against any of the parties as draftsman or otherwise.

20.6 **Choice of Law.** This Agreement shall be governed by and interpreted under the laws of the State of California and the Federal laws of the United States of America as applicable to instruments, persons, transactions and subject matter which have legal contacts and relationships exclusively within the State of California.

BOARD AGENDA ITEM

Item Title: Resolution No. 2023-2024.59 Adoption of Notice of Exemption Pursuant to California Code of Regulations, Title 14, Section 15302 and Section 15314 Relating to Alameda Unified School District’s Otis Elementary School Site Work and New Construction Project

Item Type: Action

Background: At its meeting on September 24, 2024, the Board approved the schematic design for a Measure B-funded project at the Otis Elementary School campus. The project includes, but is not limited to, replacing the current administration/classroom building and one portable building with a one-story administration/media center and a two-story classroom building, upgrading play areas, improving fire alarm systems, undertaking limited modernization of existing buildings, and performing necessary site work.

Before moving forward with the project, the District must comply with the California Environmental Quality Act (CEQA). CEQA mandates the preparation of environmental impact reports unless certain exemptions apply.

District staff and environmental contractor, Breje & Race Consulting Engineers, have determined that the Otis Elementary School Site Work and New Construction project qualifies for a Class 2 Categorical Exemption. As outlined in Section 15302 of the CEQA Guidelines, Class 2 exemptions apply to the “replacement of facilities where the new structure is located on the same site as the one it replaces and serves substantially the same purpose and capacity, including the replacement of existing schools to provide earthquake-resistant structures without increasing capacity by more than 50%.” Staff have concluded that this exemption is applicable, as the replacement of the administration/classroom building and media center will occur on the same site and will serve the same purpose with a similar capacity as the existing structures.

Once the project is confirmed as exempt from CEQA, it will not be subject to CEQA's requirements, and construction can proceed once contracts are finalized. Following approval of this Resolution, staff will file a Notice of Exemption with the Alameda County Clerk.

AUSD LCAP Goals: 4. Ensure that all students have access to basic services.

Research, Data, and Assessment

March 11, 2025

Presentation Goals

1. Review the purpose of Star Reading and Math assessment in AUSD as one of our Strategic Plan Key Indicators
2. Review student growth from Fall to Winter as determined by the Star Reading and Math Assessment

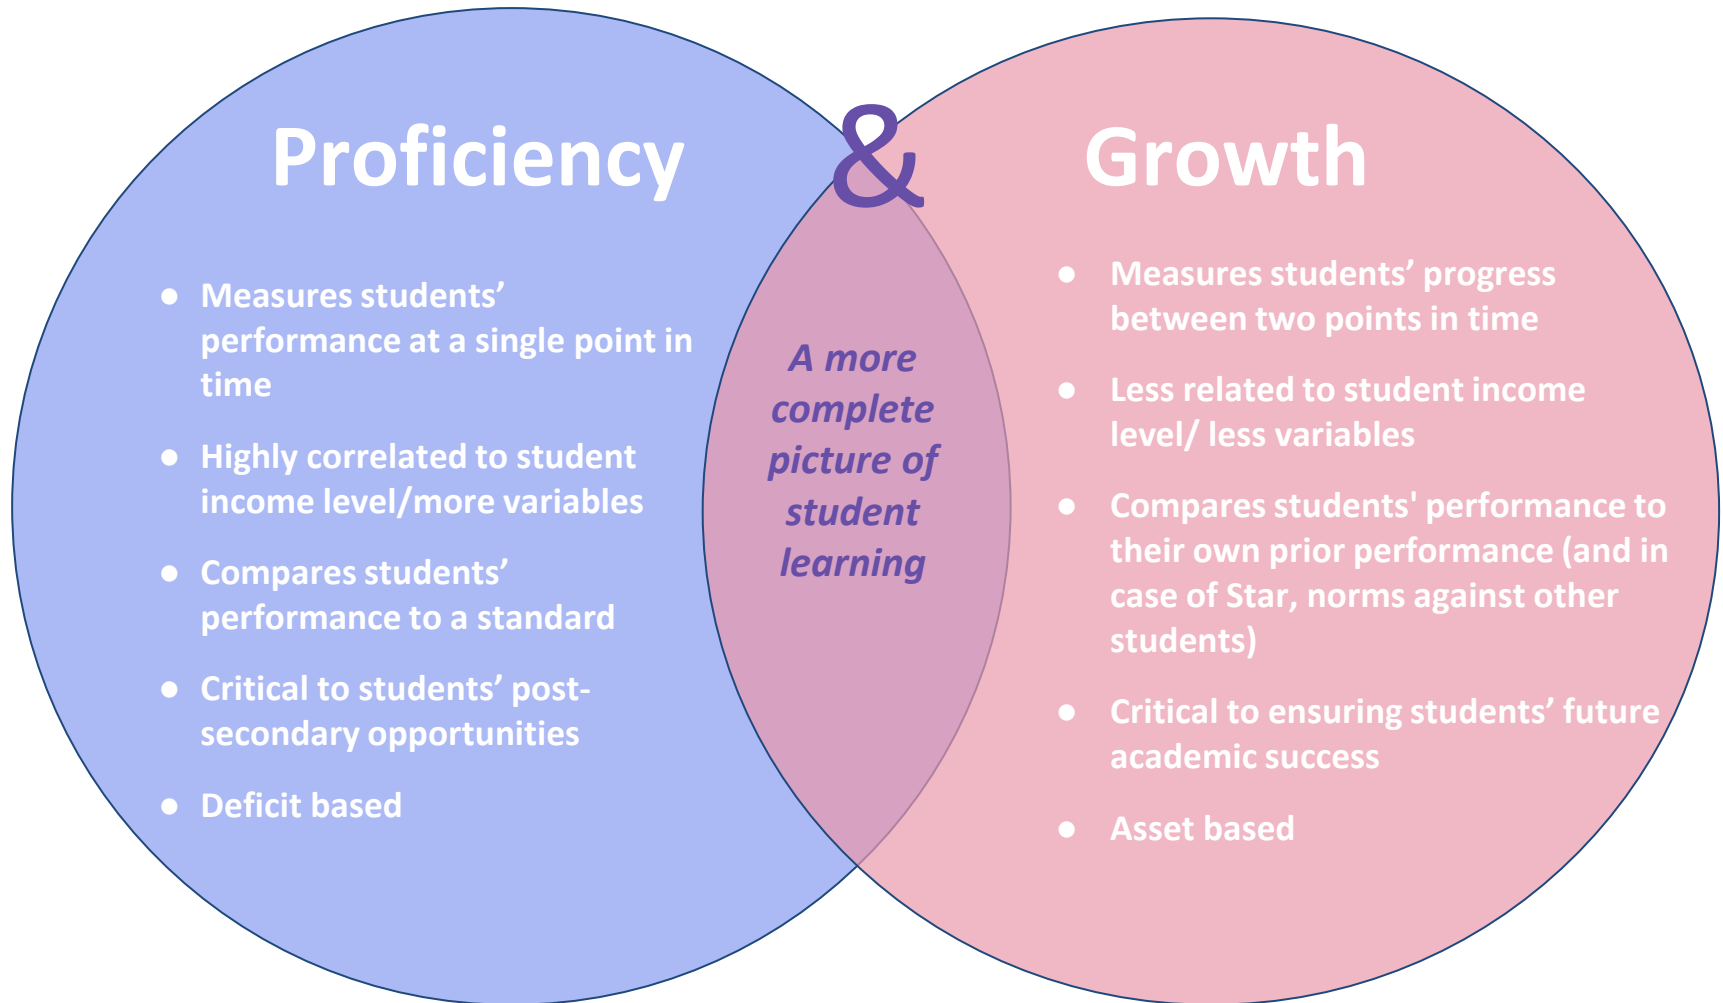

Why Star?

- **Early Identification:** Assessments that identify early any students at risk of missing academic standards are invaluable – leading vs. lagging information.
- **Measures Growth Effectively:** Measuring growth is difficult – most assessments measure whether a student has learned what they were taught which is different every unit/semester/year. For example, the state test measures whether a student has learned the standards, but the standards are different for every grade level.
- **Strong Relationship to State Tests:** Star scores have a strong relationship with end-of-year Smarter Balanced Scores (Reading = .83; Math = .86)

Bright Spots

Reading:

- The percent of students with typical or high growth is high at 73% overall.
- The percent of students with typical or high growth has increased from 2021-22 (+4.5%) . This trend continued across grades 2-5 (+5.8%), 6-8 (+4%). On average, Elementary has a higher percent of students with typical or high growth than Middle school.
- The percent of students with typical or high growth increased for all student groups from 2021-22 with the exception of students who identify as Filipino and AA/Multi. In these cases the percent of students was too varied across years to determine a trend.
- The average growth percentile ranks across student groups are in the upper end of “typical growth: 35-65” (Grades 2-5=57; Grade 6-8=55) with students who scored as needing an intervention or urgent intervention in the Fall representing the highest average (~62 SGP).
- On average, overall, students are predicted to score a 3 or higher on the SBAC.

Math:

- The overall percent of students with typical or high growth has increased form 2022-23 (+2.1%). This trend continued across grades 2-5 (+3.1%).
- The percent of students with typical or high growth increased or remained consistently high from 2022-23 for most student groups.
- The average growth percentile ranks across student groups are in the upper end of “typical growth: 35-65” (Grades 2-5=54; Grade 6-8=48).
- On average, overall, students are predicted to score around a 3 on the SBAC.

Areas to Dig Deeper

Reading:

- AUSD continuously strives to increase the percentage of students who have typical or high growth, with an emphasis on high growth.
- There is a notable gap in the percent of students with typical or high growth overall and students who identify as Black/African American and students who are socio-economically disadvantaged.
- In Grades 2-5 and 6-8, the average growth percentile varies among student groups across 10 percentage points and shows persistent gaps between students who identify as Asian, White, Pacific Islander and Multi-racial and those who identify as Black or African American, Hispanic, English Learning students, socio-economically disadvantaged students, students with IEPs. The average SBAC predictor score was less than 3 for students who identify as Hispanic, Black/African American, Students with IEPs, English Learning students, students who are socio-economically disadvantaged, and students who scored as needing an Intervention or Urgent Intervention in the Fall.
- To reduce opportunity gaps between student groups mentioned above, the average growth percentile rank of those groups must be much greater.

Math:

- AUSD continuously strives to increase the percentage of students who have typical or high growth, with an emphasis on high growth.
- The overall percent of students with typical or high growth has increased from 2022-23 in Grades 6-8 (-4.3%)
- The percent of students with typical or high growth has declined from 2022-23 for students who identify as Black or African American (-6.5%) and for students with IEPs (-3.5%)
- There is a notable gap in the percent of students with typical or high growth overall and students who identify as Black/African American, Pacific Islander, English Learning students, students with IEPs and students who are socio-economically disadvantaged.
- There is greater variation in the average percentile rank across student groups (14-15 vs. 10 in ELA)
- In Grades 2-5 and 6-8, the average growth percentile varies among student groups across 14-15 percentage points and shows persistent gaps between students who identify as Asian, White, Pacific Islander and those who identify as Black or African American, English Learning students, socio-economically disadvantaged students, and students with IEPs. The average SBAC predictor score was significantly less than 3 for students who identify as Hispanic, Black/African American, Students with IEPs, English Learning students, students who are socio-economically disadvantaged, and students who scored as needing an Intervention or Urgent Intervention in the Fall.
- To reduce opportunity gaps between student groups mentioned above, the average growth percentile rank of those groups must be much greater.

Objectives

1. Share teacher feedback and recommendations/areas of opportunity
2. Update on the development of the AUSD Literacy Framework
3. Outline the ELA Curriculum and Early Screener adoption and implementation process
4. Highlight the impact of strategic systems and resource allocation in service of improved outcomes for students

Literacy Theory of Action

If we provide early, systematic access to tier 1 reading instruction, as well as research-based targeted literacy interventions, starting in kindergarten and first grade and ensure they are culturally responsive and tailored to meet the needs of African American students, multilingual learners, and students with disabilities...

Then,...we can address learning gaps before they widen. By focusing on foundational reading skills and removing barriers to access, we will help all students, regardless of background or learning needs, achieve grade-level reading proficiency by the end of second grade, setting them up for long-term academic success.

Strategic Action Steps

- ❖ Gather teacher and site leader feedback through listening sessions and walkthroughs
- ❖ Solidify and revise our AUSD Literacy Framework as our north star vision for literacy instruction in AUSD by June of 2025
- ❖ Conduct a curriculum review and pilot process to recommend a new ELA curriculum for full Adoption in Spring of 2026
- ❖ Identify the best ways to offer curriculum agnostic professional learning beginning next school year 2025-26
- ❖ Leverage expertise of TSAs and identify for curriculum adoption, curriculum specific professional learning, and research-based pedagogical best practices
- ❖ Pilot and recommend an Early Reading Risk Screener for full K-2 adoption in 2025-26

Purpose of Listening Sessions and Walkthroughs

Teacher feedback and pedagogical expertise is helping to inform the finalization of the Literacy Framework, the adoption process (curricular options, rubrics, PD and implementations plans), and resource allocation.

Walkthroughs: K-2 Literacy Highlights

- Protected literacy blocks embedded in master schedules
- Numerous opportunities for students to have multisensory scaffolds
- Overwhelmingly positive interactions between adults and students
- Joyful and warm classroom communities
- Small group instruction
- Discourse and talk protocols
- Commitment to the systematic teaching of Foundational Skills
- Alignment across teachers in a grade-levels demonstrating the impact of collaboration

Listening Sessions: Teacher Identified Opportunities

- **Gaps in Current Curriculum:** Teachers are having to pull from and reference multiple curriculum/resources due to gaps in current curriculum
- **Improved Explicit Instruction and Coherence:** Need more explicit instruction phonics, vocabulary development, spelling, grammar, and writing with these strands being connected to the content
- **Cultural Responsiveness:** Need more rich, culturally diverse, and engaging complex texts
- **Intervention and Small Group Support:** Need clearer guidance and materials for intervention and tiered supports for all K-5 grades
- **Alignment of Reading and Writing:** Reading and writing instruction are aligned, or at least use the same genre and thematic content to create a cohesive learning experience
- **ELD:** Need to consider ELA programs that have a Designated-ELD component and strong integrated ELD guidance

Refining and Completing AUSD's Literacy Framework

Our mission is to develop a literacy framework that reflects AUSD's vision, priorities, and best practices for literacy and language instruction. Rooted in the science of reading and research on how students learn, **this framework will serve as a roadmap to ensure equitable outcomes for all students.** The framework will emphasize both word recognition (phonemic awareness, phonics, fluency) and language comprehension (vocabulary, background knowledge, text structure), outlining a structured, evidence-based approach to literacy instruction. It will also integrate reading, writing, and oral language to support comprehensive and cohesive literacy instruction.

To ensure all students have the support they need, **the framework will prioritize a multi-tiered system of support (MTSS)—providing high-quality Tier 1 instruction for every learner, along with targeted Tier 2 and Tier 3 interventions** for students who require additional support. Instructional decisions will be guided by formative and summative assessments, including an early literacy screener, to identify potential reading difficulties early and ensure timely, responsive interventions.

In addition to evidence-based instruction, **the framework will center culturally and linguistically responsive teaching, ensuring that instructional practices validate, affirm, and build upon students' backgrounds, languages, and experiences.** This includes best practices for supporting both designated and integrated English Language Development (ELD).

Our vision is for all students to read at grade level by the end of third grade while also fostering a lifelong love of reading and developing the critical thinking skills needed to engage meaningfully with texts.

Discovery Review Process

The AUSD K-5 ELA Discovery Committee is responsible for analyzing curriculum against a shared set of criteria for high-quality materials aligned to the CA common core standards as well as supporting the pilot of those materials to determine a recommendation for an ELA curriculum in the Spring of 2026.

Early Reading Difficulties (ERD) Screener Background

- ❖ Legislation that requires Kindergarten, 1st, and 2nd grade students be screened for reading difficulties, including risk of characteristics of dyslexia, from an approved list of screeners. School districts are required to adopt one of the approved screeners by June 30, 2025 (Ed Code Section 53008) for implementation in the 2025-26 school year.
- ❖ In AUSD, we have been piloting a practical, valid, and reliable reading difficulties screener, STAR CBM, for the last 2 years with high participation and usage of the data to inform supports for students.
- ❖ Last month, the state released the list of approved screeners which includes: [mCLASS Dibels](#), [Amira](#), [ROAR](#), & [Multitudes](#).
- ❖ It remains unclear why Star CBM was not approved (it assesses the same skills, and in some cases more skills than some of the approved screeners), and the state has not provided any insight into the rationale for their selection, though I have made a formal request. As a result, we will likely need to pivot to one of the approved screeners. The incredible amount of work we have done to implement STAR CBM over the last 2 years is useful regardless of the assessment instrument (most assessments are very similar), and will be invaluable given the short timeline we have to adopt and implement a new screener.

Approved ERD Screeners

The state has released 4 approved Early Reading Difficulties. For capacity and progress monitoring reasons, AUSD will be considering 2 of the 4 screeners.

Capacity & Continuity: ROAR only assesses Grades 1-2. If we adopted ROAR, we would have to adopt an additional screener from the list for K. Due to the size and capacity of AUSD, and the lack of continuity through the grade levels, ROAR will not be considered.

Progress Monitoring: Multitudes can only be used 1x year and therefore cannot be used to progress monitor which is essential for all students in the learning to read process, and particularly crucial for underserved students including but not limited to English Learners and Students with IEPs.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 5,213,482.00
- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 123,076,356.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.24%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	10,945,919.23
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	610,197.92
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (8.02%) times Part III, Line B19); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (8.02%) times Part III, Line B19) or (the highest rate used to recover costs from any program (8.02%) times Part III, Line B19); zero if positive	(1,130,092.71)
D. Preliminary carry-forward adjustment (Line C1 or C2)	(1,130,092.71)
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	6.21%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-565046.35) is applied to the current year calculation and the remainder (\$-565046.36) is deferred to one or more future years:	6.56%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-376697.57) is applied to the current year calculation and the remainder (\$-753395.14) is deferred to one or more future years:	6.68%
LEA request for Option 1, Option 2, or Option 3	1

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
